

PUBLIC SCHOOL LIBRARIES.

To Municipal and School Corporations in Upper Canada.

Until further notice, the Chief Superintendent of Schools will apportion *one hundred per cent.* upon all sums which shall be raised from local sources by Municipal Councils and School Corporations, for the establishment or increase of Public Libraries in Upper Canada, under the regulations provided according to law.

In selecting from the General and Supplementary Catalogues, parties will be particular to give merely the catalogue number of the book required, and the department from which it is selected. To give the names of books without their number and department, (as is frequently done,) causes great delay in the selection and despatch of a library. The list should be written on a distinct sheet of paper from the letter, and attested by the corporate seal of the Trustees or Municipalities applying for libraries.

SCHOOL MAPS AND APPARATUS.

The Legislature having granted annually, from the commencement of the current year, a sufficient sum of money to enable this Department to supply Maps and Apparatus (not text-books) to Grammar and Common Schools, upon the same terms as Library Books are now supplied to Trustees and Municipalities, the Chief Superintendent of Schools will be happy to add one hundred per cent. to any sum or sums, not less than five dollars, transmitted to the Department, and to forward Maps, Apparatus, Charts and Diagrams to the value of the amount thus augmented, upon receiving a list of the articles required by the Trustees. In all cases it will be necessary for any person, acting on behalf of the Trustees, to present a written authority to do so, verified by the corporate seal of the Trustees.
