

## THE HILL IMPROVED STEAM DRAG SAW

WM. E. HILL & CO., 415 North Rose St., Kalamazoo, Mich.

*Wm. E. Hill & Co.*  
*Buffalo, N. Y.*  
*Dec 11th 1900*  
*Dear Sirs:*  
*I have the honor to acknowledge the receipt of your letter of the 10th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration. I am, Sir, very respectfully,  
 Yours truly,  
 Wm. E. Hill & Co.*

The Walker Yonker and Pines Works,  
 Alpena, Mich.

Gentlemen:

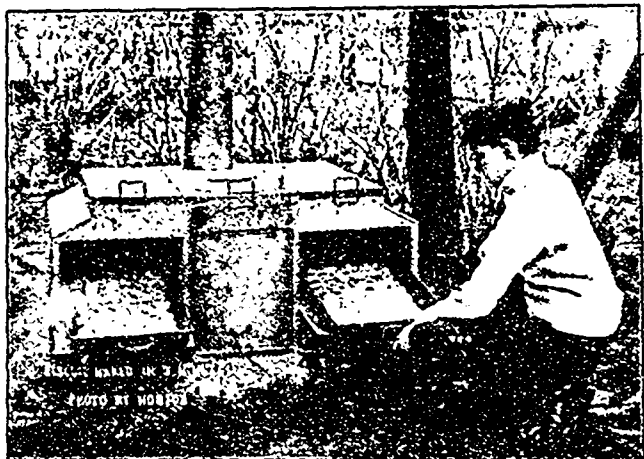

In reply to your favor of the 10th inst. I beg to say that we have the W. E. Hill & Co. Steam Drag Saw in use at all our plants and have no hesitation in saying that they are the best Drag Saw in the market. They will do more and better work than any Drag Saw made. They are well and strongly made and in an experience of over three years with some six or seven of these Drag Saws we have, I think, never lost a day with one of them.

Yours truly,

*Wm. E. Hill*  
 President

ISN'T THIS TESTIMONY CONVINCING?

## Watson's Portable Air Tight Baker

The most convenient stove ever constructed for use in the Woods, on the Drive, in the Camps. Bakes as perfectly as the finest range.

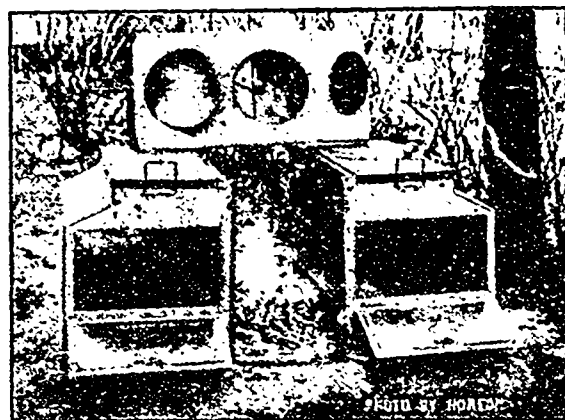

Read What Experienced Woodsmen Say of It:  
 "We used your Portable Woods Baker all last season with a crew of men in the woods, travelling from place to place. We found it convenient to handle and the best steel range cannot beat it in baking. It is a perfect baking oven and a success in every way."

The cooking is not affected by rain or weather and can be used outdoors or in a tent.

Yours truly,  
 MENOMINIE RIVER BOOM CO.,  
 Per Wm. H. Stephenson, Gen'l Supt.

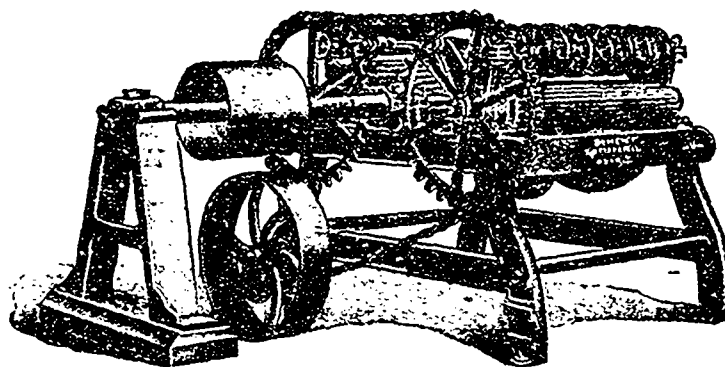

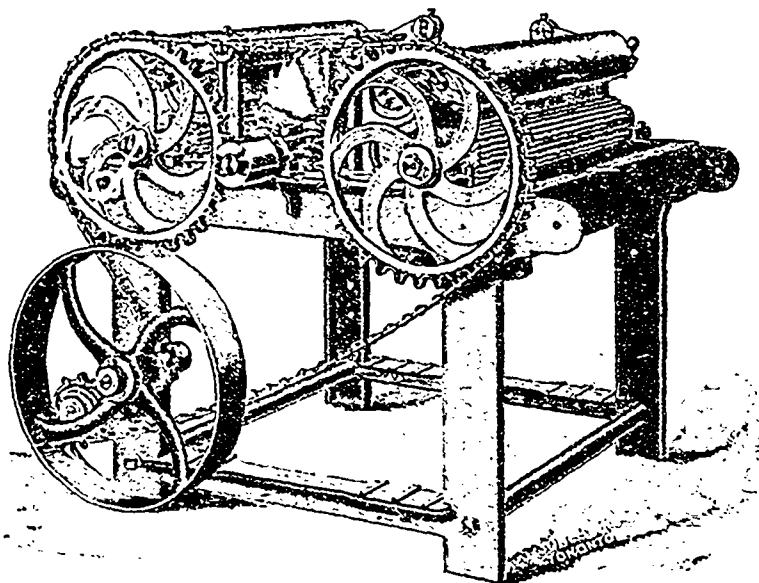

We make these stoves in three sizes. Our No. 10 will cook for ten men; our No. 20 for twenty men, and No. 30 for from fifty to one hundred persons. We want those interested in a stove of this kind to write us for full description and prices.
