G.W.V.A. ENTERING ON PERIOD OF ACTIVITY

The next ten days will be notable in the annals of the G. W. V. A., as one of the busiest and most important periods in the history of the association. Friday night will witness a great mass meeting of veterans at Massey Hall, who will discuss the problem of the Imperial reservists from every angle, their pensions (or rather the lack of them) coming up for special consideration. Other important matters may be taken up at this meeting, which will be attended by C. G. MacNeil, Dominion secretary of the G. W. V. A., Mayor Church, and other very prominent Canadians. Saturday afternoon will witness the big club drive parade of the veterans, starting from Queen's Park, every branch being fully represented, and a float accompanying the G. W. V. A., giving a succinct, but vivid resume of the activities of the association and its accomplishments during the past three years. On Tuesday night next, commencing at seven o'clock, veterans from every part of the city and environs will congregate at Riverdale Park, and participate in a grand tattoo and trench raid, the G. W. V. A. having charge of the raid.

MOTHER WITH INCOME IS REFUSED PENSION

The mother of a sergeant-major of the 75th Battalion, who died on February 3, 1919, has been refused a pension by the board of pensions' commissioners, because it has been shown that she is in receipt of an income larger than the pension desired. It has also been definitely proven that the income, although larger than the pension, is not at all adequate for the maintenance of the family, and officials of the West Toronto G. W. V. A. have pointed out that if the government was to enact legislation in accordance with a resolution recently passed by that branch, urging the grant of a pension to a mother in respect to a son killed in battle, this pension would equal one-third that granted to widows under existing regulations.

In this case, the father is an invalid, who has been unable to earn more than \$73 since January 1, a crippled daughter, another daughter, aged nineteen, who has to look after the household, and a much younger daughter who earns \$11 a week, \$5 of which goes to the support of the family. Added to this there is an insurance of \$30 a month from the city. This totals approximately \$68 a month as against a necessary \$85 a month at the least cost. If the government had enacted the legislation suggested, the family would be able to receive one-third of the ordinary widow's pension of \$40, or \$13 a month. Adding \$19 to the \$58 now received by the family it would make a total of \$81.

SISTERS GET PENSIONS.

The famous Melville insurance case has been settled, West Toronto G.W.V.A. reporting that the city has at last decided to pay the thousand dollars due to Miss Melville, the sister of Corp. Melville, of the 15th Battalion, who died some months ago. The city had hesitated because it was believed that the sister as such

was not entitled to the insurance, the parents or widows alone being considered under the scheme outlined in the bylaw granting insurance to dependents of soldiers killed overseas. It is now definitely shown that sisters of men killed overseas are also among the privileged ones.

MANY CLAIMS ADJUSTED.

Since April 17 West Toronto G.W.V.A. officials have adjusted cases for veterans totalling not less than two thousand dollars. Among these is an adjustment of \$99.67, deferred pay for a naval rating, a fact which shows that the G.W.V.A. can and does adjust claims for returned naval heroes. The Melville insurance case was another notable achievement of the branch on behalf of its members.

DEATH OF CHIMELUSKI STILL A MYSTERY

No definite information was brought out at the morgue last night by the jury under Coroner G. H. Graham, which is investigating the circumstances surrounding the death of Thomas Chimeluski, a Russian Pole, who was found in a dying condition in New Toronto, and who died in Grace Hospital on April 13 from injuries he had received from some person or persons unknown.

Two arrests have been made in connection with the case—Richard Valchko, who when arrested was found to be carrying a loaded revolver, was represented by Tom O'Connor, and Edward Gustafson, charged with vagrancy as a nominal charge, was represented by Fletcher Kerr.

The crown was represented by R. H. Greer. Dr. John Benson of Mimico gave medical evidence of the injuries sustained by the victim. He stated that the man had told him he had received the injuries in a fight when some men had taken \$20 from him.

Other evidence told of Chimeluski being in the city on the Friday night previous to the attack. Some of the witnesses swore that he was not drunk, although he had taken a drink or two.

The hearing will be resumed on Friday, May 2.

A. W. WRIGHT ILL.

The condition of A. W. Wright, vice-chairman of the workmen's compensation board, and former editor and Conservative organizer, who is critically ill, was reported last night as being unchanged.

LIGHTEN YOUR WASHDAY LABOR

Comfort and convenience count on washday, perhaps more than on any other day of the week. Anything that will lighten the work is doubly welcome then.

EDDY'S INDURATED FIBREWARE

Wash Tubs and Washboards

are labor lighteners. They save time and strength. Incidentally they cost no more.

Eddy's Fibre wash-tubs are easy to lift and easy to carry. They keep the water hot a long time because they do not radiate heat as galvanized iron or tin will do. They cannot leak, because they are made in one piece, without joint or seam. And the cost is actually less because they will outlast several of the old-fashioned kinds of wash-tubs.

Eddy's Twin Beaver Washboards save time by the special crimp which loosens the dirt easily. A washing surface on each side gives them double the efficiency of the ordinary washboard.

When you buy matches look for the name "Eddy" on the box. A kind for every purpose.

Women's Patriotic League Explains Why Boxes Never Reached Soldiers in France.

At the meeting of the Women's Patriotic League held yesterday Mrs. Arthur Van Koughnet, in her report on the work of the league, explained that one of the boxes alone cost \$8 you will readily understand that the 45 specially arranged gifts were not only valuable in money but were filled with affection and interest that surrounded the packing of them by so many friends. These went out among 20 cases, some of which were individual gifts from the Omagh Women's Institute, near Milton, Ontario. These shipments cleared on the steamer Flavia, (Canadian line) which sailed from Montreal, August 5, 1918, and was subsequently torpedoed. Not until March of this year some time after the signing of the armistice were our inquiries, which were made by cable after with numerous letters and telegrams both to Montreal and various points in England, definitely answered. It was impossible for the authorities to give us this information in wartime and so we patiently waited for some news of their gifts. It was our first real loss after four and a half years of forwarding what was to us a sacred trust.

SOLDIERS ON FURLOUGH SEE TRIUMPHAL MARCH

London, April 27.—Every overseas soldier on furlough in London on May 8 will be afforded a unique opportunity of witnessing his comrades' triumphal march as arrangements have been made whereby they will line the route, namely, Canadians along the Strand from the west to the Hotel Cecil; Australians from that point around Australia House to Aldwych; New Zealanders at Aldwych; South Africans and soldiers of the crown colonies from Aldwych to Kingsway.

DEATH OF MRS. JAS. ARMSTRONG

The death of Mrs. K. Armstrong, widow of James Armstrong, at her home, 546 Merton street, removes one of the city's oldest residents, she having resided in the east end of the city for more than sixty years. As a member of Berkeley Street Methodist Church, she had a wide circle of friends, and is survived by five daughters: Mrs. W. Coulter, Mrs. A. E. Canham, Mrs. W. Maynard, Mrs. Wm. Joseland, Warkworth, Ont., and Miss Margaret Armstrong; and four sons, William, Robert and George of Toronto, and James, chief of the Kingston fire department.

COMMISSIONER REPORTS ON JUVENILE COURT

Property Commissioner Chisholm, reporting on the juvenile court quarters and the detention home, among other things suggests that the detention home should be under the control of a matron instead of a man. He is of the opinion that too many children are sent to the detention home, and that some of the boys, if such children were allowed to remain in their homes until summoned to the court, the changes would not only save the city considerable expense, but would greatly improve the work.

PATRIOTIC LEAGUE

In a resume of the work done by the Women's Patriotic League during the war, and reported yesterday at a meeting at which Mrs. H. D. Warren presided, it was reported that

As Old as his Arteries

The doctor can't help it. He knows that the man has hard arteries, high blood pressure, and beginning kidney and heart disease, due to long neglected chronic constipation.

It isn't the other man's fault—directly. He's only 45—but he never realized that his constipation was a serious thing. He never knew how to treat it. He has taken bushels of pills, gallons of castor oil, mineral waters and salts, which have battered and tortured his alimentary canal from one end to the other; and he wonders why his health keeps getting worse. He doesn't know that his food waste has poisoned him, and has bred disease that is going to "get him" before his time.

Nujol is for just such a man—for every person whose bowels do not move easily and thoroughly at regular intervals—especially for those in advancing years whose body machinery will not stand rough treatment.

Nujol softens the accumulated food waste in the large intestine, and moves it gently out of the system, carrying those poisons with it, which, if allowed to remain, cause over 90% of human illness. Nujol supplies the lubrication that Nature can't supply as age begins to make itself felt.

This man might have known in time—but Nujol is new—the accepted modern treatment for constipation.

You can avoid such a misfortune as his. Get a bottle of Nujol from your druggist today and send for free booklet "Thirty Feet of Danger" expressing clearly the soundest medical authority on constipation and self-poisoning.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. At all druggists. Insist on Nujol. You may suffer from substitutes.
