**IRVING ORTON'S REMARKABLE WORK.**  
Jameson-Avenue Only Three Points Behind and May Win Out on a Protest.

Toronto Collegiate Institute's annual games were held yesterday afternoon at the Rosedale athletic grounds. These games are an annual event and are regarded with great interest by the students of the colleges and their friends. The attendance at the sports was large. The grand stand was three-quarters filled. Jarvis-street had its contingent of supporters. Jameson-avenue was well represented, but Harbord had more "rooters" in the stand than either of the other colleges. The games were due to commence at 1:30 p.m. but as usual were late in starting, and it was nearly 3 o'clock when the first event was called.

Jarvis-street Collegiate won the championship, thus making it two straight, they having carried off the pennant last year. The margin of the victory was small. Jameson-avenue Collegiate being only three points behind. Harbord Collegiate was not in the race being 15 points behind Jameson-avenue.

A. Orton did some remarkable work for his school. He took six firsts and was first also in the relay race. In all the conclusion of the games it looked very much as if Parkdale Collegiate would win. One race is likely to be protested, the 11th event, the one-mile bicycle race, 15 and under. Roy Shaw, Jarvis-street, is credited with first place. At the conclusion of the race Shaw was leading by a good margin, and thinking he had an easy thing raised one hand off his handle bars and looked around at the stand. This is contrary to C.W.A. rules, and G. Balfour, who obtained second place for Jameson-avenue, has entered a protest. This protest will be discussed next Tuesday at Rosedale.

At present Jarvis-street has 53 points, Jameson-avenue 50 and Harbord 35. If the protest is allowed it will mean that Jameson-avenue has still a chance to win the championship for this year.

The games were successful in point of attendance, weather and enthusiasm. The weather was cold but fine. The enthusiasm of the yellow and black was unchecked. The rivalry of the "red, white and blue" with the "gold, orange and black" was intense. Each was calling on their men and under the flag. The rivalry, the bubble and noise of fox horns and young voices was loud, so loud that the music

**MATTERS IN VENEZUELA.**  
Affairs Are Said to Be More Settled, But the Report is From a Foreign Source.

Washington, Sept. 29.—The Navy Department has received the following telegram from Captain Hemphill, commander of the United States steamer Detroit: "Puerto Cabello, Venezuela, Sept. 28.—Rumors are current that Castro (the insurgent leader) has established a provisional government at Yaguajay, and that the Venezuelan Government is treating with him. The Venezuela troops at Puerto Cabello have been withdrawn about 500 men and affairs look more settled. Business is being resumed."

**NO TROOPS AT PORAC.**  
Nine Americans Were Wounded in the Fight Which Took Place on Tuesday.

Manila, Sept. 29.—General McArthur's command has returned to Angeles, where General McArthur, Wheaton and Wheeler have established headquarters with 3000 troops. It is expected they will remain there until a general advance is ordered. There are no troops at Porac.

Nine Americans were wounded yesterday in the Spanish commissioners who recently spent a month at Manila. They will probably be killed. It is estimated that 50 insurgents were killed. **How Small Seems It.**  
Police began yesterday to issue permits for the attendance of the Toronto Volunteers at the Lewy celebration in New York. It is surprising that the police were not more strict in their requirements. Canada has no quarrel with Spain, and it was a pity that a barbed celebration over the smothering of the antiquated war would be an unwarranted discourtesy.

A cheque for \$2,500,000, presented and paid in hard cash! There's a record breaker for you and for Canada! The National Trust Company of Ontario (Limited) engineered the flotation of the Canada Cycle and Motor Company (Limited), and in return for the 25,000 shares at \$100 each paid two and one-half millions of dollars to the latter Company.

The flotation caused over 600 persons to invest their money. These persons reside all over Canada from the Atlantic to the Pacific. The subscriptions were in amounts of from \$100 to \$100,000 each. This has been the biggest success of any flotation ever undertaken in the Dominion.
