## Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp, and rub it in gently with the finger tips.

Do this tonight, and by morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work—ADVT.

### Flashed From Obscurity by Winning 250-Mile Sweepstakes at Los Angeles Speedway.

Indianapolis, Ind., April 8.—Jimmy Murphy, who flashed from obscurity into fame by winning the inaugural 250-mile sweepstakes on the Los Angeles speedway, has entered the eighth international 500-mile race on the Indianapolis speedway May 21.

Practically an unknown before the Los Angeles event, Murphy demonstrated that he is entitled to rank among the world's greatest drivers by his showing during this contest, which he won at an average of 103.3 miles an hour, after a non-stop run.

A brilliant future is predicted for the youthful phenom by racing experts, his handwork during the Los Angeles race being on a par with his driving skill. Content to roll along with striking distance of first place through several circuits of the distance, while his adversaries were setting what was afterwards proven to be too fast a pace, he came to the fore during the closing moments of the contest and thereafter never headed.

To win his first championship race is an experience that has never before been vouchsafed to a driver, and the fact that Murphy succeeded in turning the trick is held to prove that he is a lucky star somewhere in the firmament that is shedding divine effulgence for Murphy's special benefit.

As a matter of fact, his luck lasted exactly long enough in the Los Angeles race, his supply of gasoline running out on the back stretch while he was making an extra lap of the track after crossing the finish line. Had this happened the lap before, forcing him to walk to the pits for fuel, he would still be a novice instead of the championship contender that he is today.

Murphy acquired his driving skill under the tutelage of the veteran Tommy Milton, an expert in every trick of the trade, with whom he rode a mechanical mule for several seasons. Milton, with greatest good sportsmanship, coached Murphy in everything that he knew, and derives as much satisfaction out of his protegee's triumph at Los Angeles as though he had captured the event himself.

### SARNIA SOCCER SEASON STARTS ON APRIL 13

SARNIA, April 8.—The games of the Sarnia Football League for the first half of the season will start on Tuesday, April 13. The first game will be played at the Athletic field, and the referees chosen for the games are Tommy Noonan, H. Ineson and Mr. Cambrey. Considerable interest has been aroused. The Point Edward team held a practice tonight at the fair grounds.

Friday night Eddie Gallagher of Hamilton will meet Terry Brooks of Detroit at a boxing show in Port Huron. Many Sarnians intend to take in the fight.

### MATCHES EARLY IN JULY.

Antwerp, April 8.—By the Associated Press.—The committee charged with the arrangements for the world's golf championship, which is to be played in connection with the Olympic games, probably will hold the matches early in July, instead of at a later date, as originally had been planned.

The stadium at Antwerp for the principal events of the Olympic games is so near completion that the inauguration of the building, which will be characterized by gymnastic exhibitions by Belgian athletes, has been set for May 8 and 9.

Twenty-six countries have accepted invitations to participate in the Olympic games.

GALT CRICKETERS MEET. Galt, April 8.—The Galt Cricket Club will hold its organization meeting on Saturday afternoon at the Y. M. C. A.

## DOWLERS NOW LEAD INDOOR LEAGUE; PLAY-OFF LIKELY

### Beat Veterans Last Night—Utilities Win Out Against the Pats.

Public Utilities won their game from Princesses 11 to 7 in the first game, and Dowlers made no room for doubt in their postponed pastime with the Veterans by handing the latter a 14 to 2 wallop.

Dowlers by virtue of their win last night, if the games played stand, now lead the league. They play a postponed game with the Veterans tonight, the C. A. M. C. crew on Monday night, and unless they win, will find themselves tied for first place, necessitating a play-off. The batteries were: First game—Princesses, Pats, Willets and Edgar; Public Utilities, Burt and Land. Second game—A. N. Y., Walker and M. Wray; Dowlers, R. Wray and Dutton.

JOCKEY REMAINS SUSPENDED. New York, April 8.—The stewards of the Jockey Club last night refused to reopen the case of Jockey Johnny Loftus under suspension. The stewards also declined to reopen the case of G. Byrnes in applying for a jockey's license, and of James M. Collins for a trainer's license. A new selling race rule was adopted as follows: "Rule 172.—A: Every horse running in a selling race may be claimed by anyone except his owner or any person acting in his interest, after the race, for his entered price, plus the value of the race to the winner, and as much more in addition as the claimer wishes to bid. Any horse so claimed shall not be eligible to start in any selling race in the name, or interest of original owner, for thirty racing days after date of claim."

### WILL ASK LEGISLATURE TO CUT GORDIAN KNOT

BRANTFORD WANTS NEW CITY HALL AND MARKET PLACE. BRANTFORD, April 8.—At a special meeting of the city council tonight it decided to make an application to the Legislature to empower the city of Brantford to sell or otherwise dispose of the market square subject to the vote of the people. The aldermen were assured that the title to the property was vested without a doubt in the city of Brantford, but with the provision that it must be used for market purposes. The new power sought would enable this string to be cut. Any move to improve market conditions here in years past have always met with the obstacle that under the deed the present property must be used for market purposes, and every effort to get a new city hall or market square has failed.

### HOUSING PROBLEM IS ACUTE IN BRANTFORD

BRANTFORD, April 8.—While it is found fairly easy to place returned men in positions in this district, the housing problem is creating such trouble. Local employment offices report that a number of men placed here cannot afford to keep their jobs, as they cannot find homes in which to house their families. Several so placed have had to go back where they came from, one as far as Collingwood.

With a view to the protection of all children, the local Children's Aid Society at the annual convention of the Ontario Associated Children's Aid Societies will move that in all cases where children are given out for adoption they shall be made wards of the Children's Aid.

## SLUMP IN MOUSE MARKET IS REPORTED FROM COLUMBIA UNIV.

### Large Stocks Kept Bring Price Down.

### USED FOR EXPERIMENTS

### Hosts Were Required During War For Medical Investigation and Research Work.

New York, April 8.—A big slump in the mouse market is reported from Columbia University, where large stocks of the little rodents are used for experimental purposes. Quotations for mice have fallen far below pre-war levels and many breeders have been forced out of business, according to Dr. Francis Carter Wood.

Hosts of mice were required during the war for medical experiments and high prices offered for them by the government stimulated the breeding of these animals. When the armistice was signed the breeders were caught "long" on mice, and they found themselves carrying a heavy overload of a useless commodity.

This situation in the mouse market is disclosed in Dr. Wood's annual report as director of the George Crocker special research fund, made public today. This fund was created to conduct scientific cancer investigation and many mice not used for experiments at Columbia University are shipped to other laboratories. As one means to reduce the surplus, the directors of the research fund have attempted to ship some of the mice to the Pathological Institute of the Imperial University of Tokyo.

## COURT ORDERS 166 CASES OF LIQUOR TO BE CONFISCATED

### Stories of Men Claiming the Liquor Are Not Believed.

WINDSOR, April 8.—Magistrate Miers in police court today ordered the confiscation of 166 cases of liquor, half of which was seized on a truck recently along the river front, and to which some of the men claimed to be the owner, and that it had been stolen from his residence only a few hours previous to the seizure of the run runners by the police.

The balance was taken from the home of H. Moore, Windsor, who claimed he had not obtained the whiskey for illegal disposal. Letters from the shipper at Montreal gave no conflicting stories, one communication stating that the liquor had been sent to Moore in having been ordered by P. Maretsky, while another letter declared that the consignee was Robert Solter of Chicago, a former Windsor man.

The already large stocks of liquor now awaiting removal at the Windsor police station was today increased by the seizure of 100 bottles at the home of William W. Williams, Windsor, to whom it had been consigned by James Bonito of Detroit, who was removing the amber fluid from the residence when caught by the police. Bonito paid a \$1,000 fine and Stein is now out on \$2,000 bail.

### NAVAL TRAINING SCHOOL AT WINDSOR IS PROPOSAL

Lake Erie, St. Clair and Detroit River Will Be Training Field.

WINDSOR, April 8.—The establishment of a boy's naval training school in the border cities with the Detroit River and Lakes Erie and St. Clair as a training field was under discussion at a special meeting of the Windsor branch of the Navy League, held in the chamber of commerce tonight, at which H. B. Smith, who has just returned from Toronto gave his report on the local there, with recommendations as to procedure to be adopted in the near future.

### EASY TO DARKEN YOUR GREY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can get any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all grey hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Grey, faded hair, though no disgrace, is a sign of old age, and as it draws away a youthful and attractive appearance, get busy at once with Wyeth's years younger.

# Exclusive Haberdashery

THE REAL FINESSE in a man's good grooming is in his choice of haberdashery. The shirt, the scarf, the hoisery, the handkerchief, the collar and the gloves are the high lights in his attire. The manner in which he wears his suit or his topcoat is due to his figure or his bearing. But his haberdashery is a definite indication of his good taste and refinement. The haberdashery that the Dowler Stores for Men feature will aid in expressing that.
