

Society's Week

THE Military Tournament will make a heavy call on society's attention this week. New clothes, new hats will be demanded. In the latter particular we claim that our store must be of unusual interest to everyone.

Silk Hats for men by the greatest of English makers—Henry Heath, who is better by appointment to His Majesty the King. We are sole Canadian agents of the Heath \$5.00 Silk Hat and for the Dunlop Silk at \$6.00.

Ladies' Millinery

Our department devoted to Ladies' Millinery is as exclusive as that for men's hats. Only the very latest designs offered for sale at moderate prices. No two designs alike and every one made from specially imported models by our own milliners.

Call upon us before you decide upon a new hat for the Tournament or Races.

LENGTHY INTERVAL NOW IN MARINE ENQUIRY

Judge Cassels Hasn't the Assistance Promised—Col. Anderson Still Bitter.

OTTAWA, May 12.—When the enquiry before Judge Cassels into marine department affairs adjourned this afternoon, it was probably the last that will be heard of this investigation for some months.

Judge Cassels said that tho he had been promised assistance in his duties as exchequer court judge in order to facilitate the investigation, such assistance had not appeared to be forthcoming. He had to leave for Maritime Provinces to-morrow and expected to be away six weeks. Following this there would be probably other cases pending and on September 1st he would have to leave for Manitoba and British Columbia.

Questions bearing on the patronage list were directed at Col. W. P. Anderson this morning. W. W. Stumbles was in charge of the patronage list. A complete set of these lists will be submitted later from 1890 onwards. Mr. Watson then took up again the relations between Col. Anderson and Mr. Fraser. He apparently had no confidence in Fraser. He would prefer to say that he had no confidence in his experience. Asked if he had any suspicion as to others, he replied that what he had were only suspicions which he could not prove. Pressed for particulars, he said that the feeling all ran back to Mr. Fraser. He apparently had the final say in the department. He apparently would get his equal sum in the new plan as to lights and buoys carried out. Naturally that gave him the impression that Mr. Fraser had undue influence. To place that personality was difficult or impossible.

"Does that apply to the deputy minister?" Mr. Fraser inquired.

"Merely in this way," Col. Anderson replied, "that the deputy and Mr. Fraser seemed to work cordially together."

Some "Lack of Conscience."

"Does that apply to the deputy minister?" Mr. Fraser inquired.

"Merely in this way," Col. Anderson replied, "that the deputy and Mr. Fraser seemed to work cordially together."

MAJOR HAS WITNESSES'

Will Call 13 Men, Chiefly of Transcontinental Staff.

OTTAWA, May 12.—The special committee, composed of Messrs. Geoffrion, Macdonald, Carvell, Barker and Lennox, appointed to investigate the charges made by Major Hodgins with reference to the classification of material on the Transcontinental, met again to-day and was adjourned to to-morrow.

In discussing the conduct of the enquiry Mr. Carvell thought the proper course was to have the witnesses sworn. Frank Hodgins stated that the charges lodged were identical with those contained in Major Hodgins' letter and interview. "Nothing," he declared, "had been added, and nothing subtracted." It is understood that Major Hodgins will call 13 witnesses, chiefly connected with the Transcontinental staff.

KILLED UNDER ROLLER.

GORRIE, May 12.—At the farm of George Johnson, near Belmont, a young Englishman by the name of Hynes, only out from the old country a couple of months, was driving a hand roller and the team became unmanageable and Hynes was thrown under the roller and fatally crushed.

Could Have Explained.

Col. Anderson thought that had the commissioners consulted the responsible officers a great many things which they condemn could have been explained. Reflections on his own branch, he said, were based on misconceptions.

Wants Superannuation.

BEILVILLE, May 12.—Rev. Richard Duke, pastor of the Methodist Church on the Newburgh circuit, and president of the Bay of Quinte Conference, asked to be superannuated for a year owing to ill-health.

TAKEN AT PISTOL POINT FOR A CRUEL OFFENCE

Cornell Graduate Arrested at Seattle for Alleged Breach of Promise.

SEATTLE, Wn., May 12.—R. W. Fullerton, Cornell graduate and son of S. H. Fullerton of St. Louis, president of the Chicago Lumber and Coal Co., was taken at the point of a pistol by two New York detectives from his office Saturday, placed in an automobile and taken aboard the steamship Watson just before sailing for San Francisco.

The arrest was made on a requisition by Governor Hughes of New York.

John W. Collins, coast manager of the Chicago Lumber and Coal Co., received a short, hurried scribbled note from Fullerton Saturday night as follows:

"Am arrested and on my way to New York. Prerogative of habeas corpus denied me. Wire father full particulars. Too much ammunition in my face."

The young man is charged with a crime against Gladys Hobart of New York City and with breach of promise.

Requisition papers were obtained by Rowland Fitzsimmons as an agent of District Attorney Jerome on Friday at Olympia.

The Charge.

NEW YORK, N.Y., May 12.—When questioned as to the arrest of Robert Fullerton in Seattle, Wn., Assistant District Attorney Perkins, who procured the indictment against the young man, refused to discuss the matter. It is charged that Fullerton on Sept. 23, 1906, took Gladys Hobart on the steamer Trent, bound for South American ports, and that he deserted her in South America. She finally got back to New York, and Fullerton on Feb. 23, 1907, was indicted on a charge resulting from the trip.

Fullerton and the young woman, it is said, were co-eds at Cornell, where they first met, and it is reported that they were engaged to be married. She is now said to be a school teacher. Her address could not be learned at the district attorney's office.

SIMPSON COMPANY LIMITED

Abounding Faith in the Future

At a time when many people are fearful about trade conditions, and the scarcity of money, we plead guilty to an attitude of abounding cheerfulness which overarches and underlies the entire policy of the business. We insist, and in no uncertain way, that the country has barely touched the outer-edge of its development and that the mere circumstances of "tight money" in no sense interferes with the growing needs of a rapidly increasing population. Eliminating the risk and uncertainty that always attends unwise speculation, the country is sound to the core and on a vastly better footing than at any time in the past. The country is growing at a rate that ought to encourage the most conservative, and in measuring up to it ourselves we're careful to build on broad-gauge lines and be ready for all the business there is.

Findlay Verdict To-Day.

The jurors in the Findlay-McDonald case will report this morning at 9.30. It was after six when Prosecutor Blackstock finished his address and the jurors desired to have Justice Anglin's charge in the morning. The prisoner had registered there as "D. B. Van Norman" and wife" on Nov. 13, 1907. He represented himself as a diamond merchant.

Double Trouble.

Fate had the big mitt out for George and John Kelly of 42 Tate-street last night. They were arrested in a house on East Front-street, charged with trespass and arrived at the Wilton avenue station to find themselves confronted with warrants charging them with theft of \$11 and a watch from Robert Anderson of 19 Carlaw-avenue on the night previous. They are held on both charges.
