Experienced riders of all makes of machines admit freely that the "HYSLOP," with its two-point bearings, fitted with the celebrated "AUTOMATIC BRAKE," is the easiest running, safest and most complete bicycle on the market this season. Our sales, in spite of the wretched weather which we have had this spring, have more than doubled our last year's output.

Some of our competitors talk against the "AUTOMATIC BRAKE," the patent right of which was sold three months ago to an American syndicate for a fortune. They have already taken some very large orders for 1898 from a number of the largest and best known firms in the United States.

Over ten thousand of these celebrated brakes were sold at the "Stanley Show" in one week.

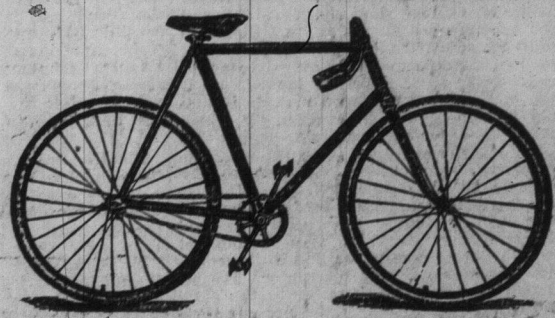

Be sure and examine the "HYSLOP" wheel and try the brake before purchasing.

THE WORLD-CLEVELAND BULLETIN

Mr. Doolittle of Ingersoll has been appointed chairman of district No. 11, which runs from Ingersoll to Niles, and is divided into two parts, the first from Ingersoll to Niles, and the second from Niles to Niles.

The chairman of this district is requested to send in at once the exact place that he will change the relay at Niles and Niles.

Mr. Howarth, who is in charge of the district, reports that the roads and sidepaths have all been plowed up, making the going very heavy and it will be all the more to the riders' credit if they make it within the time-limit. He also reports that all the riders in this district have not got down to hard work, training faithfully, and all look as fine as silk, and that he expects better time will be made than in the last relay three years ago.

The names of the riders who have been selected to carry the message are: From Port Credit to Clarkson, Arthur B. Wase (cooler); Ben Bradbury (pacer or trailer); from Clarkson to Oakville, John Busby (cooler); H. O. McGowan (pacer or trailer).

Mr. Howarth has also arranged to have the message taken from Oakville to Bronte Postoffice, a distance of four miles, leaving from Bronte to Burlington, which will be attended to by the end of the week.

Mr. Howarth, the chairman of the district, reports that the men are training hard and that everything is in shape for the great race on Saturday, June 26.

The time when the relay will be published Saturday morning.

Mr. C. L. Welsh, chairman of district No. 12, has everything in shape and the relay will be changed at the following points: In the house, in front of the City Church; at Shakespeare, in front of Zuy's Hotel; and at Stratford, in front of the Beacon office, which is the official paper for that district.

The chairman is requested to send in every particular regarding their division, as the exact changing places of each relay, names of men, etc.

GOOD RESULTS FROM ADVERTISING.
The well-known firm of John Macdonald & Co., wholesale merchants, whose special sale of Dayton and Temper, wheels in the bicycle talk of Toronto this week, have obtained from their advertisement in our columns, of course the fact that they are offering the highest of high grade wheels at the lowest of low prices.

BICYCLE BRIEFS.
There are about forty wheelmen training at Dufferin Park track.

J. Barrie is training the Queen City Club at Dufferin Park track.

Archie MacEachern is getting in good shape for the race Tuesday night.

The Wanderers' band are practicing hard for the garden party at the T.A.C. June 28.

Boy Gordon had a fall yesterday on the Island track, but was not seriously hurt.

The Athenaeum's team against Parkdale today will be: Jones, Fletcher, Ryan, Henry, Davis, Burn, Bayle, George, Hunt, Mannion.

The Athenaeum will have a club run today at 2 o'clock to the Parkdale Club House and then to the Exhibition grounds, where they will play a game of baseball.

An enthusiastic party of young people, numbering about 100 couples, held a jubilee bicycle parade last evening, leaving Moss Park rink at 8 o'clock. After a run through

Rosedale and the northern part of the city the party returned to the rink and indulged in dancing. The Misses Street conducted the affair successfully.

The Wanderers, bound to be at least as loyal as their neighbors, are decorating the exterior of their club rooms in King-street west with flags, streamers and bunting. As the work is being carried on under the personal direction of Hec Clomes the ensemble should be most artistic and worthy of Toronto's most progressive bicycle organization.

TRADE IN CANADA.
Business Improving at Toronto-Only Fairly Active in Montreal.

New York, June 18.—Bradstreet's report on trade in Canada, to-morrow, will say: Leading Toronto merchants report business improving in seasonable lines, owing to warmer weather and better crop prospects. The inclination of the Dominion Government to enact export duties on saw logs and pulp wood in response to the request of Canadian lumbermen and bankers promises to be the most important Dominion legislation of the year. Trade is only fairly active at Montreal and collections are unsatisfactory. Merchandise stocks at the interior are light, but merchants are buying cautiously.

Bank clearings at Winnipeg, Hamilton, Toronto, Montreal and Halifax aggregate \$22,000,000 this week, against \$24,887,000 last week, and as compared with \$19,000,000 in the week a year ago.

There are 24 business failures reported from the Dominion of Canada this week, against 38 last week, 35 a year ago and 30 two years ago.

The Roof Garden.
Everything is running nicely at this lovely summer garden. The last two weeks excellent programs have been presented, and the coming week's bill is to be a Jubilee one, and is headed by the Four Troubadours, a quartet of gentlemen, comedians and singers, who will sing but also dress in the

Intest. Another new face will be Winsman, who is one of the cleverest of mimics, whistles and monologuists in the business. That lively comedienne, Maggie Bennett, appears for the first time since the opening season of the garden. She has new songs and dances and lovely costumes, and our old friends, Rich and Ramsay, will do their best to please with a little of everything. This array of talent is enough to make a Jubilee bill, not to say anything of the Roof Garden orchestra. The performances are continuous, so you can go in when you like, stay as long as you like, and go out when you like.

The "Hotel Nautan."
This most popular of Canadian summer resorts has commenced the season, and given fine weather, will undoubtedly be a very successful one. Already an unusual number of enquiries have been made for accommodation, and a number of American visitors are booked for the Jubilee week. The hotel, which is again under the management of Mr. M. A. Thomas, will be second to none in Canada as regards its excellent facilities for enjoyment, and the care and attention given to inside details for the comfort of its guests.

His Honor to be Excused.
The Jubilee Garden Party is to be held in the late Sir David Macpherson's grounds on Yonge-street this afternoon at 4 o'clock. His Honor and Mrs. Kirkpatrick are expected to be present about 5 o'clock.

Pain in the Back.
Dear Sirs—I was troubled with pain in the back for months, and after trying several remedies without effect, thought I would use Haysard's Yellow Oil.
