

Throws Open Millions OF ACRES OF RICH LAND for the Settler.

STRIKING FACTS IN GOVT. REPORT

Building of Grand Trunk Pacific Line
Reveals Many Fertile
Valleys in B.C.

"The 'Back to the Land' movement is taking place rapidly but surely throughout the province of British Columbia and if this movement is directed along right lines we shall soon be supplying our own markets and eventually exporting."

Such is the declaration made by Mr. W. E. Scott, Deputy Minister of Agriculture in the British Columbia Government. This official, with Mr. W. T. McDonald, Live Stock Commissioner, has just returned from an extended tour through the central portion of the province for the purpose of examining and reporting upon the new country along the Grand Trunk Pacific's Transcontinental Line, now open for through passenger service.

In his report, the Deputy Minister says:

"There have been many opinions expressed about the lands in Central British Columbia contiguous to the line of the Grand Trunk Pacific. Our observations led us conclusively to the opinion that this part of the province is a country, the future of which is assured as a stock raising and mixed farming country."

"After leaving Prince Rupert, on the line of the Grand Trunk Pacific Railway, there is practically no land suitable for agricultural purposes until Terrace is reached, 150 miles from Prince Rupert. Here the Kiamika and Lakelse Rivers extend on each side of the Skeena River. There is probably an area of 260,000 acres of land in these two valleys suitable for agriculture. Considerable development has been effected lately in the Kiamika Valley. The clearing here, in comparison with our coast districts, is comparatively light. The soil is very productive and is well suited for general mixed farming purposes. Dairying, poultry raising and small fruit and vegetable growing may be prosecuted successfully. The district is particularly well suited for growing strawberries and other small fruits, the quality of the berries being very high and realizing good prices on the Prince Rupert market."

The Bulkley Valley. "Our next stop was at Smithers, in the centre of the famous Bulkley Valley. A very large amount of development work has been undertaken during the past year in this magnificent valley. The quality of a large portion of the land is all that could be desired, and very good crops are raised thereon. Crops of oats proceeding to 100 bushels to the acre were seen, and a prospect was most encouraging. Farmers are realizing that the time has arrived when they should develop their lands, and land-clearing operations are in evidence on all sides."

"It is difficult to estimate the amount of land suitable for agriculture in this wonderful valley, but it runs into many hundreds of thousands of acres."

Nechako Valley. "Proceeding along the line of the Grand Trunk Pacific, Fraser Lake is reached. A considerable number of settlers have gone into this district lately and are proceeding to clear land and develop their holdings. The next stop was at Vanderhoof, in the centre of the famous Nechako Valley. We were immensely impressed with the enormous extent of good land in the Nechako Valley, most of which can be cleared at a very low cost indeed. A large number of settlers have gone in there, and on all sides one sees signs of activity. Settlers' log houses are springing up in every direction, and considerable energy is being shown by most of them in clearing their lands and getting them into crops. Fields

of 100 acres in extent in grain were noted. There are many tracts of good agricultural land adjacent to Fraser Lake, and at the same time there is a considerable area of lake plain land, where the soil is light and therefore is not the best land for agricultural purposes."

"The wonderful country visited between Hazelton and Prince George is a great future ahead of it, now that transportation has been effected. It is a big country with a big future, and as soon as times improve and conditions right themselves, a big forward movement must take place. The country traversed grows magnificent crops of timothy, oats and barley. What may also be seen successfully if it care is exercised in getting the seed sown as early as possible so as to avoid damage from frosts. Potatoes and other vegetables and small fruits do very well, but my observations led me to the conclusion that this part of the province is not adapted for growing tree fruits commercially."

"The harder varieties may be grown all right for home use, but every effort should be made to prevent this country being advertised for any particular product as suitable for commercial tree fruit growing. It is, nevertheless, a stock and mixed farming country."

agreed on next Saturday and spend Sunday at the camp. Sir Sam Hughes will be there on Wednesday and Thursday.

**A Never Failing Way
to Banish Ugly Hair**

(Aids to Beauty.)

No woman is immune to superfluous growths, and because these are likely to appear at any time, it is advisable to always have some delicate powder handy to use when the occasion arises. A paste is made with some of the powder and water and spread upon the hairy surface; in about 2 minutes this is carefully removed and the skin washed. You will then find that your skin is entirely free from hair or fuzz. Be sure, however, to get real dlatone.

Don't Use Curling Iron!
Here's a Better Method

(Woman Beautiful.)

By no means use a heated iron. It makes the hair dry and dead looking, giving a most unkempt appearance. After brushing the hair thoroughly, just dip a clean tooth brush in a saucer of plain liquid salicylic and run it through the parts of the hair to be curled. Do this at bedtime and you will be quite surprised when you behold yourself in the mirror next morning. The hair will be beautifully wavy and curling and the effect will appear altogether natural. You will have no trouble doing up your tress in the style you desire and they will look and feel fluffy and comfortable. You need not hesitate to use pure liquid salicylic, as it is perfectly harmless and will leave no greasy, gummy or streaky trace. A few ounces will last for months, particularly as one application keeps the hair in curl for so long a time.

Four sour acid stomachs, gas and fermentation of food. A teaspoonful of a fourth of a glass of hot water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 75 cents per bottle.

CANADA IN THE WAR

William H. Bryant of Norton, N. B., a member of the Princess Patricia's, is unofficially reported killed in action in France.

Mayor Frink has received \$304.10 from the employees of the Canadian Government Railways here in aid of the Machine Gun Fund.

Rev. Dr. Harrison of St. George, chaplain of the 64th Battalion, left this morning for Sussex to join his unit.

Mrs. Harry Langley, 87 High street, has received a letter from her husband who is with the 36th battalion, saying he had been run over by a motor cycle and expected to be in hospital about three weeks. His back has been injured.

Mrs. John Andrews, 46 Erin street, has received a letter from a military hospital in England, saying that her son, Harry, had been badly wounded as the result of wounds received in action in France. He left here with the unit under Major Magee last fall.

Many offers of aid in one form and another have been received at 54 Prince William street in the office of the Defence and Resources Committee which has recently sent out about 14,000 letters through the city asking what service can be given by the parties addressed. In the answers given, some offer to collect, others tell of their intention to do so soon, while others offer aid for the various funds, or assistance in the form of work. The replies thus far are most satisfactory.

RECENT WEDDINGS
Taylor-Taylor.
At North River, Sept. 15, at the home of County Secretary G. A. Taylor, his daughter, Bessie, was married to Luther Taylor.

O'Brien-Campbell.
At Salisbury, on Sept. 15, Miss Ethel, daughter of Thomas R. Campbell, was married to Temple O'Brien, of the same place.

Wallace-Moore.
At the home of Mr. and Mrs. Robert Moore, Mechanic Settlement, on September 15, their daughter, Anna Rita, was united in marriage with John Elmer Wallace.

Steele-Lloyd.
At the home of Mr. and Mrs. Arthur Steele, on Thursday evening, September 16, their daughter, Edith Marie, was married to Miss Sarah Stradling Lloyd.

Chalmers-Sinclair.
The marriage of Miss Lucinda C. Sinclair, daughter of the late John and Mrs. Sinclair, to J. Gordon Chalmers, was celebrated on last Wednesday evening at the home of the bride in Cham-

Rosborough-Kirk.
Rev. W. B. Rosborough of Loggieville, was married last Tuesday to Miss Edith Marie, daughter of D. G. Kirk,

HAD DIARRHOEA.

Was So Bad Passed Blood.

Little Boy Was Cured By Using

DR. FOWLER'S

Extract of Wild Strawberry.

Diarrhoea arises from many causes such as, change of water, change of climate, change of diet, catching cold, the eating of unripe fruit, etc.

Never neglect what, at first sight, appears to be a slight attack of diarrhoea, for if you do some serious bowel trouble may ensue.

Mrs. Wm. Bartlett, Stanley, N.B., writes: "Last summer our little boy, age 14 years, took diarrhoea. He got so bad as to pass blood. We procured a bottle of Dr. Fowler's Extract of Wild Strawberry, and after I had given him the third dose he was all right. I would not be without it, as I consider it a household remedy. It is a Godsend to any family."

There is nothing that can take the place of "Dr. Fowler's."

There is nothing "Just as Good."

"Dr. Fowler's" has been on the market for the past 70 years.

"Dr. Fowler's" is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price, 35c.

one of the well known merchants of Antigonish, N. S. The ceremony was performed by Rev. Dr. Jack of North Sydney, uncle of the bridegroom, assisted by Rev. Anderson Rogers of the Presbyterian Church, Antigonish.

McNally-McConnell.
At the Reformed Baptist parsonage, Woodstock, on Wednesday, George McNally and Pearl McConnell, both of Hamilton, were united in marriage by Rev. H. Smith Dow.

The wedding of Miss L. Wren of Mac's Bay, to Miss Lilla Lord of Lora's Cove, took place last Wednesday at the home of Mr. and Mrs. Frank Lane, of whom the bride is a niece, at Wilson's Beach. The ceremony was performed by Rev. F. A. Currier.

STREAM WHISTLE NUISANCE
Editor of the Times:
Sir,—I read a complaint in this evening's Times from "Citizens' Rights" commenting on the whistle nuisance, but he does not quite far enough for if he lived near the line of the C. P. R. between the station and Cantilever bridge his experience would surpass anything he ever dreamt of in the way of unnecessary and continuous misuse of engine whistles at all hours of the day and night.
