

WILL SHIP 1,000 PIGS FROM HERE
First Time Live Ones Have Been Sent From This Port

West Sends Them Here For Export to United Kingdom Next Tuesday

The first shipment of live pigs ever to go through the Port of Saint John for export is expected to leave here on the steamship Hecate next Tuesday for the United Kingdom. The pigs, about 1,000, will arrive from the west and be taken to the stockyards at berth No. 15, Sand Point, where they will be fed prior to loading on the vessel.

The Birtle Jensen has been engaged in the cattle trade out of Montreal for some time and she is one of the best breeders in the province. The pigs for live stock exclusively similar to the Ontario which sailed from this port last month. Some 1,000 were made up on the vessel for handling the pigs. H. E. Kane and Co. Ltd. are local agents for the vessel.

The Ontario, the cattle ship which sailed from this port last month, and the United Kingdom and sailed from Glasgow yesterday on the return voyage to this port.

VOCATIONAL COMM. DEFIES THE COUNCIL

available for the running expenses, as at present they were being used to reduce the overdraft. He said that it would be necessary some months to have an overdraft as the teachers salaries were paid in ten installments instead of twelve and the coal was put in at one time.

FIGURES SHOW DEBT. The city comptroller gave the following figures showing the debit of the general maintenance account at the end of June in the years 1916 to 1925, both inclusive: 1916, \$24,410; 1917, \$30,154; 1918, \$81,830; 1919, \$111,032; 1920, \$103,192; 1921, \$84,622; 1922, \$85,929; 1923, \$61,732; 1924, \$29,242; 1925, \$19,330.

Commissioner Bullock asked if the overdraft had increased or decreased during January and February of this year, and was informed that it diminished somewhat. Mr. Stevenson said that as the school board only had one account for construction and that the money was hard for the bank to let whether it was living within its income or not. Commissioner Bullock suggested that separate accounts be opened for the overdraft and construction and he believed the board would eventually ask enough from the taxpayers to wipe out the present overdraft.

Acting Mayor Frink suggested that the school board handle the educational end and let the city council do the financing.

CITY LOSES \$60,000. Commissioner Wigmore said he understood the school board was asking for the monthly payments from the city to be used for current expenses and the overdraft allowed to stand until the end of the year and the agreement not to increase it without the consent of the council.

The chamberlain said the city had lost about \$60,000 on the school account in the last two years by short collections and this time he was asked for again. Commissioner Harding asked if it was the intention of the Board to seek any increase in the limit they might assess. To this no direct answer was returned, but it was pointed out by Dr. Curran that they were still assessing below the limit.

Commissioner Wigmore said the increase in the school assessment was much in excess of the increase in the general assessment during the last 20 years. Mr. Neale said there was found at times to be monthly overdrafts and Mr. Cross said he thought dividing the accounts of the school board would result in a loss of interest to the board.

The acting mayor said it might be that the order of the council would be modified somewhat and asked the manager of the bank if he would sit in at a committee meeting to arrange this matter. Mr. Stevenson said he would be glad to do so.

DOUGET ASKS FOR DOCUMENTS

Continued from Page 1

When witnesses were called, the name of G. Scherer, Ford, Ont., was not recalled. The clerk of the committee was instructed to discover if Mr. Scherer had received his summons and why he had not attended. A. J. Bissonette, a member of the Quebec legislative assembly, wrote to say that his attendance in the legislature prevented his coming to Ottawa at present. Mr. Stevens suggested that some other member of the Peerless Company be instructed to write to the records of the company. Mr. Bissonette could be examined at a later date.

C. R. Jenkins, of Rock Island, Que., was examined briefly concerning the details of this firm, the Jenkins Over-all Company.

J. H. Turner, of the Snagproof Over-all Company, Beche, Que., was next in witness. He was instructed as to what books he must produce, and was questioned concerning the constitution of his company.

Mr. Elliott asked both Mr. Turner and Mr. Jenkins to produce their records back to the inception of their companies, 1913 and 1920 respectively. John W. Gaunt of the importing firm of John Gaunt Company, Limited, Montreal, was examined next. He said he could produce all the books of his firm since its beginning as the John Gaunt Company in 1921. He could not, however, produce invoices and customer entries during 1922 and 1923, because they were in the hands of the customs department. They had been seized by the department for the purpose of the investigation.

SAINT JOHN MAKES ANOTHER RECORD. Street Railway Service Here Uninterrupted by Storms While Other Cities Suffer

Saint John scores again in that this city appears to have been about the only one on the Atlantic seaboard that went through the recent severe storms without interruption in its local transportation service. It was stated after the last storm what the conditions were. Reports from all over the territory, including New England, that had been so roughly handled in the gales and blizzards that everywhere the street car people had to abandon for a time or greatly reduce the schedule because of drifting snow. In Saint John there was no interruption.

When this matter was presented at the office of the N. B. Power Co. for a statement, it was stated that the company was able to give Saint John uninterrupted service through having plenty of equipment to do the work, having it all in good condition and having the men able to carry on under the difficult conditions.

The following letter is appropos: A WORD OF PRAISE. To the Editor of The Times-Star: Sir,—During my wanderings in other parts of the Dominion, especially within the last few weeks, I have on many occasions found traffic very much disrupted, especially the street car service.

The press of the country, it will be noticed, has announced in no uncertain terms the inconvenience that everywhere in the larger centres due to the heavy snowfalls and blizzards of the last few weeks, and while the weather has had its full quota during the same period not once has there been the slightest delay in that of our street car service. In my judgment the Power Company are to be commended on their efficiency and ability to carry on in the face of most trying weather conditions.

As a citizen and patron of the above mentioned utility I might well pass along the "bouquet." The very fact of our employees having reported for duty on time at morning and lunch hours each and every day during the present winter would confirm my statement.

Yours respectfully, DOMINION RUBBER SYSTEM (MARITIME) LIMITED, A. E. Massie, manager, Saint John, Feb. 15.

HAND INJURED. Leslie Thomas, 21 Sydney street, C. P. R. trucker at No. 1 shed, had his right hand injured on the edge of a tin box about 11 o'clock this morning. It was quite badly lacerated. After receiving treatment at the Emergency Hospital he returned to his work.

VESSELS REPORTED. The signal service at the Customs House had the following reports this morning: 9 a. m., Canadian Aviator, 175 miles east of Camperton; 11 a. m., Carnia, 290 miles south of Camperton, both bound to Saint John.

STORY IS ACCEPTED. Friends of Mrs. Fleming, wife of Dr. F. P. Fleming, are congratulating her on a notice received this morning from McFadden Publications Inc. containing word of the acceptance of a story written by her for publication in one of their magazines. The notice was accompanied by a substantial check. It is expected that the story will appear in an early issue of one of their magazines.

REPEAT SUCCESS. The comedy, "The Road to the City," which was presented in the hall of the Church of the Good Shepherd, Fredericton, was repeated last evening to a capacity audience. In addition, C. Johnston entertained with instrumental numbers. William Cameron, president of the society, had the entertainment in hand, provided.

CUSTOMS MEN BOWL. "McKinney's Tigers" beat "Tilly's Wonders" to a frazzle in a four man customs and exercise bowling match at the Imperial Athletic Club last night. The "Wonders" famous high bowlers failed to make more than a normal average although they moved up to some extent by their chief. Now the victors feel that the Wonders will not challenge the Tigers again for some time.

Miss S. Kelly, Fredericton, is in the city on Business today.
