IRELAND IN THE NATIONS LEAGUE

Prospects of Admission Declared Good at Geneva

Delegate Leaves for Home to Look into the Conditions—Fine Vote for the Government—Some Shooting in Dublin Reported.

(Canadian Press Cable)

Geneva, Sept. 13.—The Irish Free State's chances for admission to the League of Nations now appear to be good. Her application is not on the agenda of the assembly but the steering committee can put it there if it sees fit.

All that is necessary for the admission of the Free State now, it is said, is that she give some sure indication that she is able to maintain order, and disposed to ratify the Irish agreement.

It is understood that the British delegations, including the Canadian, will be satisfied with such assurances and will offer no opposition.

If the Free State is admitted it will give the empire group seven votes in the league assembly, but thus far little significance has been attached to that point as delegates expected that the Irish vote might in many instances be expected to counterbalance that of the other sections of the empire.

London, Sept. 13.—The Irish Free State army guard at Mount Joy prison, in Dublin, was attacked last night by rebels and a half hour's conflict ensued, according to reports reaching Belfast from Dublin printed by the Evening Star this afternoon. Several irregulars were wounded.

Dublin, Sept. 13.—The policies of Arthur Griffith and Michael Collins, since their deaths carried out by their successors, Wm. T. Cosgrave and Richard Mulcahy, were expressed by representatives of the people of Southern Ireland yesterday when the newly organized provisional government gave them an overwhelming vote of confidence.

Two attempts to amend the resolution of confidence were voted down. The first, by Prof. Whelan of Galway, who claimed the army must be supreme; the second, by Dr. Donohoe, who proposed a ministerial announcement that reconstruction and relief of the unemployment situation should be the main object of the military campaign against the irregulars.

Civilians in the street, the advice add, were caught between the two forces and wild stampede for safety ensued. None of the civilians, however, were injured.

Dublin, Sept. 13.—A daring ambush of national troops in Curson street, yesterday, resulted in the capture of two men of the ambushing party after a spirited chase. One of them, Sean McEvoy, tried to escape, but was fatally shot in the attempt. Another rebel and a civilian were wounded.

In an ambush on the national troops at the canal bridge at Drumcree two privates were wounded, and two women and a girl were injured in the confusion.

MINK ESCAPE AT EXHIBITION; KILL PHEASANTS

Toronto, Sept. 13.—At the government building at the Canadian National Exhibition, yesterday, seven mink from the game and fisheries exhibit escaped and ran riot in bloodlust in the pheasant cages. Before they were recaptured half a dozen pheasants were slaughtered, and the remainder of the terror-stricken birds were herded upon the upper boughs of the limb planted in their enclosure, while the mink were dashing around trying to discover some way of killing more victims.

MENACE AMONG UKRAINIANS IN THE DOMINION

Toronto, Sept. 13.—The government of Canada is going to investigate the menace which overshadows the Ukrainian colonies in Canada, according to Rev. Paul Crath, minister of the first Ukrainian Presbyterian church in Toronto.

In an interview some weeks ago he told of "the sinister work of the Bolsheviks in getting control of the Ukrainian language schools in Canada, including Toronto and other cities in Ontario."

At that time, Mr. Crath said the situation was so alarming that he thought only the most drastic remedy might succeed in averting the rising of a red menace in the Dominion.

The matter was discussed by officials of the department of the interior at Ottawa and the opinion of missionaries and clergymen working among the Ukrainians has been sought, with the result that the government, according to Mr. Crath's statement, intends to wrest the control of the Ukrainian language schools, which are especially numerous in the Canadian west, from the hands of the Bolshevik committees and teachers.

The reds in Toronto have called a mass meeting for next Sunday, when they will discuss the question, said Mr. Crath. "I am not opposed to Ukrainian language schools, but I am opposed to the present method of teaching, which are atheistic so far as religion is concerned and Bolshevik in political propaganda."

Amundsen had then been setting up portable dwellings.

Unless some vessel now in Arctic waters should bring word it is not expected that communication can be had with Captain Amundsen until next summer.

Travelers who arrived here recently on the coast guard cutter Bear talked with Captain Amundsen at Wainwright. A teacher in the United Bureau of Education, named Ward, was told by Amundsen that plans were final to spend the winter there.

CALL ON BRITAIN TO BE NEUTRAL

Message from Mussolini Members of India Government

Some Demands for Territory for the Victorious Turks—Field Marshal Plumer Expected at Mudania Tomorrow—Turkish Troops Behaving Well.

(Canadian Press)

Simla, British India, Sept. 13.—A meeting of the Mussolini members of the Council of State and the legislative assembly has sent a message to Premier Lloyd George declaring that it is vitally necessary that Great Britain observe strict neutrality as between the Turks and Greeks in the present conflict and earnestly appealing to the government "to avail of this opportunity to restore Anglo-Turkish friendship, thereby affecting a reunion between the British and the Moslem world."

A message was also sent to the viceroy, asserting on behalf of seventy millions of His Majesty's Indian Moslem subjects that it is essential to peace in the Near East and the Middle East, and an honorable peace be concluded whereby the Turkish empire retains Asia Minor and Thrace, and the Straits should be removed with guarantees of freedom for the latter and whereby the religious position of the Sultan as Caliph of Islam should be recognized.

Constantinople, Sept. 13.—The U. S. destroyer Edsall has left for Smyrna with a deck load of supplies, including flour and condensed milk, furnished by the Near East relief, for the starving refugees stranded there.

The destroyer was despatched following receipt of urgent appeals from relief workers in Smyrna, who declared that the necessities of the situation today require that there be the greatest suffering among the children, many of whom had died from starvation.

Anti-Christian Movement? Athens, Sept. 13.—Disquieting rumors are afloat on all sides causing uneasiness among the Greek people. It is reported that the Turks in Thrace, encouraged by the successes of Mustafa Kemal Pasha's army in Anatolia, are engineering an anti-Christian movement.

Encounters have taken place between Bulgarian and Greek detachments along the border near Nevrokop, and it is said the combatants were driven back into Bulgarian territory.

The citizens of Athens apparently do not yet fully realize the extent of the disaster to the Greek army in Asia Minor.

London, Sept. 13.—The Central News, in a despatch from Athens, says it is reliably informed that the Jugo-Slav and Roumanian governments have evidently without equivocation their intention of aiding Greece in the event of a Balkan conflict. Serbian troops, it adds, are being mobilized and moved in the direction of Uskub (Skopje).

May Escape. Constantinople, Sept. 13.—Several thousand disarmed Greek soldiers still remain on the peninsula west of Smyrna between the Gulf of Smyrna and the Gulf of Scala Nova, according to the Greek military mission here, but with what is described as an adequate armed force proceeding to separate the peninsula from the mainland.

The Turkish Nationalists have really taken 700 prisoners, the Greeks here say, but they admit that many units are not accounted for and that these are probably wandering in the region between Smyrna and Aivalik, some sixty miles to the north of Smyrna, and Smyrna and Scala Nova to the south. It is hoped that most of these fugitives will succeed in escaping to the island of Mytilene and Samos, respectively.

Military observers here consider this expectation reasonable, as the sea is quite calm at present and many small craft are available in these waters.

Plumer on the Way. Mudania, Asia Minor, Sept. 13.—Field Marshal Lord Plumer, hero of Messines and commander of the British forces in Gallipoli during the war, is expected here tomorrow on board the British warship Bryony to pay a short visit to Brig-Gen. Sir Chas. Harrington, commander of the British force in and around Constantinople. While on the way the field marshal visited the Gallipoli Peninsula.

The taking over by the Turkish Nationalists, of Bursa, the ancient Ottoman capital, was affected without untoward incident, according to accounts here, the Kemalists troops conducting themselves well. Halid Bey, the Turkish commander, gave a courteous reception to the three allied officers who went to Bursa from Constantinople in the Turkish entry and promised the allied representatives that no harm would come to the minority population.

Here in Mudania the last Greek soldier was just being embarked as the Turkish cavalry came down the hills into the town. Some 40,000 refugees were left here, among whom the lack of food is being severely felt.

Position of France. London, Sept. 13.—France yesterday notified the British government that she was in accord with the Dardanelles and the Bosphorus and was ready to discuss anything tending to a settlement, provided the legitimate aspirations of the Turks were safeguarded.

GETS FLEET OF 226 SHIPS AT THE COST OF ONE

Washington, Sept. 13.—The government's fleet of 226 war-built wooden ships was sold yesterday at private competitive sales by the U. S. shipping emergency fleet corporation to George D. Perry, member of the law firm of Dent & Humphrey, Mills Building, San Francisco, for \$750,000.

As it cost close to \$700,000 to build each of these vessels, the fleet was sold for virtually the cost of one ship.

STRIKE FRIDAY ON MONTREAL NEWSPAPERS

Higher Pay, Shorter Hours for Printers Demanded—About 1,000 Men Affected.

(Canadian Press)

Montreal, Sept. 13.—Notification has been given by the International Typographical Union that a strike will go into effect on all the Montreal dailies on next Friday, September 15.

The five-year contract which the union had with the Montreal papers will expire on that date, and it is understood that the union has made a demand for an increase of wages amounting to \$6 a week, and a reduction in the number of working hours from forty-eight to forty-four hours.

These requests the papers have been unwilling to grant owing to sharp reduction in earning power.

A year ago last July 1 a strike was instituted in the city with the job printers, and as a result a majority of the larger job printing establishments are operating open shops. In several instances in the newspaper field it is the intention of the local owners also to extend open shops to their newspaper establishments.

The strike on Friday will affect the French as well as English papers. About 1,000 men are affected.

FIRE LOSS NEARLY THREE MILLIONS

Great Hominy Plant in Indiana Practically Destroyed Today.

Terre Haut, Ind., Sept. 13.—Damage estimated at nearly \$3,000,000 is believed to have been caused by fire which erupted practically destroyed the plant of the American Hominy Co. here, said to be one of the largest of its kind in the world.

Eleven men, employees of the concern, were injured by falling walls, some seriously, however.

Every fire-fighting apparatus in the city was sent to the scene, but firemen were kept at a distance by a series of boiler explosions, which reduced the walls of the structure to a mass of ruins.

INTIMATION THAT C. R. GRAY IS NOT THE MAN

Rumor That He is Chosen as Head of Directors of C. N. Lines.

Kitchener, Ont., Sept. 13.—(Canadian Press)—Right Hon. W. L. Mackenzie King would not discuss today the rumored appointment of Carl R. Gray, president of the Union Pacific Railway, to the chairmanship of the board of directors of the Canadian National Lines.

The prime minister would neither deny nor affirm the rumor, but intimated that the statement was not correct.

This impression was confirmed by those in close touch with Mr. King. The fact that the federal cabinet will not meet again until Monday, when the prime minister will return to the capital after a visit to his old home in Kitchener, is taken as an indication that any announcement of the appointment of the new board will not be made before that date at the earliest.

THE MOORE CASE IS CONTINUED IN MONCTON.

Moncton, N. B., Sept. 13.—E. R. Moore, appeared in the police court this morning charged with having obtained goods under false pretences. Inspector H. V. Harris of the Moncton police department, told of visiting the rooms of accused and of obtaining a stamping machine and letters.

from Switzerland. He has been visiting at St. Moritz with his family, and it was recently announced there that he was planning his present visit here, which his friends declared was for conference with political and personal friends regarding the situation in Athens, with a view, it was felt, to the possibility of his being called back to power in Greece.

Question of Tax on Goods in Warehouse Here

Appeal Court at Fredericton Hears Argument on Matter of Provincial Impost of 49,000 Gallons Said to be for Export to St. Pierre.

(Canadian Press)

Fredericton, N. B., Sept. 13.—Argument was continued in the court of appeal this morning in the case of The King vs. Hon. J. E. Hetherington, provincial secretary; treasurer, ex-parte Security Export Co. Ltd., doing business at St. John.

This case was commenced yesterday afternoon. Dr. F. R. Taylor, K. C., of St. John, with whom is associated A. Geoffrey, K. C., of Montreal, stated the case for the appellant company, while Hon. J. P. Byrne, attorney-general in arguing for the government in support of the Liquor Export Tax Act, the validity of which is disputed.

Dr. Taylor said that the case concerned 49,000 gallons of liquor held by the appellant company in bond at St. John for which some negotiations had been entered into for export to St. Pierre.
