Come and bring your friends and enjoy a glorious Gospel feast.

MILK COMPLAINTS.
Asked yesterday as to the cause for
several complaints made about the
quality of the pasteurized milk being
delivered in the city, Dr. William War-
wick, district medical health officer,
said that milk should keep better when
pasteurized. It was all being examined
for butter fat and the cream all re-
mained in it. The matter of two
shortages in the delivery had caused
some trouble and it was possible, on
account of these, that some of the milk
had been kept in the pasteurizing plant
too long. There had also been some

for Prayer and Praise.
A hearty welcome to all to come and
enjoy our services.

Girl Guide Notes

The Montreal Guides are lucky, for
they knew some time ago that they
were to have a visit from the chiefs
and have had time to make their pre-
parations. They are having a district
rally, which sounds very pleasant and
before it, the Chief Guide is going to
have tea with the patrol leaders.

Owing to the extreme popularity of
Saturdays in June it has been found
impossible to hold the Sports Day then.
The committee is planning for a day in
September or early in October. This
should be all the better for you will
have the whole summer in which to
practice. Get a kind friend who knows
how to help you so that you not waste
your energy doing unnecessary tricks.
Miss McArthur has passed her First
Class tests and is now qualified to ex-
amine.

One page III of the May "Gazette"
there are details of a challenge shield
for Guide companies presented by the
Royal Society for the Protection of
Birds. Do you officers suppose we
can compete? It really sounds most
attractive and interesting. Shall we
try it? There is also an article on
"Wet Camping." I am sorely tempted
to write the author and tell her that
camping on a good sandy beach would
have lessened her troubles considerably.
Sir Robert and Lady Baden-Powell
will arrive in Montreal from the coast
late on the evening of May 29, and
will stay at the Ritz-Carlton. They
will remain in this city for two days
and sail on June 1 for England. Lady
Baden-Powell will address several
meetings during her short stay.

PRESBYTERIAN CHURCHES

KNOX ... City Road
Minister—REV. H. MOORHEAD
LEGATE, B. D. D.

Governors Of The Health Centre Meet

A meeting of the Board of Govern-
ors of the St. John Health Centre was
held last evening, with Hon. H. A.
McKeown presiding. The matter of a
fresh air clinic for the summer, as sug-
gested in a letter from the Gyro Club,
who are raising funds for this purpose,
was taken up. It was explained that
a fresh air summer camp was more de-
sirable, as more of the children could
be cared for at the same expense. J. S.
Gregory offered the use of a site of
green fields in Lancaster.

FEDERAL HIGHWAY GRANTS

S. L. Squire, chairman of the ex-
ecutive of the Canadian Good Roads As-
sociation, in an interview yesterday,
said that the association would press
for further federal grants to aid the
highway construction in the province.
Mr. Squire said that a delegation had
urged upon the federal government the

Building World's Greatest Aircraft

Friedrichshafen, May 16.—(By A.
P.)—The greatest aircraft the world
has even seen is slowly taking form
under the gigantic shed of the Zeppelin
plant overlooking Lake Constance, in
which the mammoth ships that wrought
such havoc during the world war were
built.

This craft, known as the ZR-3, is
being constructed for the American
navy, and will attempt a flight to
America when completed, which, how-
ever, will not be earlier than October
or November, and possibly not until
next spring.

At present the great machine is only
a mass of structural steel enclosing a
number of huge gasoline tanks. The
outside metal covering is not yet in
place and the mechanical equipment is
lacking, for the most part.

It is only a skeleton of the great
flying ship which will exceed in size
the dirigible now being built at Lake-
hurst, N. J. The latter craft is being
made from plans perfected by Ameri-
cans, but the Zeppelin building here
is entirely from German plans and al-
though American officers are here, they
are merely inspecting the work as it
progresses.

Larger than the R-38 which crashed
during a test trip in England and than
all the similar machines turned over

WALL PAPER

Solves every decorating problem

THE patterns we are showing this
Spring reveal a wealth of new
ideas in Wall Decoration. Particu-
larly is this true of the famous
BOXER Papers, of which we have a
fine assortment—all 2 1/4 inches wider
than the old type of Wall Paper.
This means easier hanging; but, more
important still, it means that you
have a more beautiful room, owing to
the fewer seams and the more attrac-

tive designs made possible by the
increased width.

Our collection never before reflected
so much of taste and richness.

For your Spring decorating take
advantage of the splendid assortment
we are showing.
