LOCAL NEWS

IS IN ENGLAND.
 Mr. and Mrs. E. N. Harrington, Main street, received a cablegram this morning from their son, Sapper Cecil Harrington, announcing his safe arrival in England.

TO VISIT IN SCOTLAND.
 Mrs. Andrew Bryce of 87 Somerset street, has received a cablegram from her brother, Corporal Frederick J. Murray, announcing his safe arrival in England. He also received leave to visit relatives in Scotland.

ANOTHER "WAR" BOAT
 The standard wooden vessel "War Fundy," launched on last Saturday at Courtenay Bay, has a sister ship soon ready for the king's service, at Montreal, and which was christened "War Fundy." It was built by the Atlas Construction Company of Montreal and is designed for ocean service, same as the craft built here by Grant & Horne. Evidently the prefixed word "war" to these war-programme vessels will characterize them as a fleet.

BURIED TODAY.
 The funeral of John B. Nelson took place this morning from his late residence, 227 Thorne avenue, to the Cathedral, where high mass of requiem was celebrated by Rev. Robert Fraser, assisted by Rev. Fr. Walker. The Rev. W. L. Moore was master of ceremonies. Interment was made in the new Catholic cemetery. The employees of Foley's pottery, Loch Lomond road, attended. There were many floral offerings.

VISITING HUSBANDS
 HOME HERE
 Mrs. Charles Lynch of Boston is visiting the Misses Lynch and Frank Lynch Paradise row. She is the wife of the youngest member of the late David Lynch's family, who was formerly Miss Burchill of Fredericton, N. B. This is her first visit to St. John since her marriage. Her husband is in training with the United States forces in South Carolina and will soon proceed overseas. Mrs. Lynch is being warmly welcomed among her new relatives and connections, and also among her husband's wide circle of friends, to say nothing of her own, from whom she has been absent in Boston for several years while practicing as a professional nurse.

LINK WITH HISTORIC PAST
 The death of Mrs. Mary Monges in Philadelphia a few days ago and announced in today's press removes one of the few remaining personal links with St. John's historic past. Mrs. Monges was a daughter of the late Barilla Anley, who conducted a tannery on the site of Imperial Square, King square, more than eighty years ago. After the tannery was discontinued and torn down, the Lanegan Lyceum theatre was built upon the lot and fell a prey to the fire of 1877. Then there were stone-cutting yards and a livery stable. Now the Imperial Square, the conspicuous location. At the time the theatre was being erected, more than five years ago, the excavators came across several of the old Anley tannery tan-beds, which were liquid still in them. In fact, a sheepskin was fished from the bottom of one of the vats all ready for the finishers. It was sent to the Peters modern tannery and completed into leather and now graces the office of the Imperial manager as an historic souvenir.

GROWTH OF SCHOOL ATTENDANCE IN ST. JOHN
 Speaking of the increase in school attendance from year to year, Dr. H. S. Bridges, local superintendent, tells us that in twenty years the number of regular pupils has grown from the vicinity of 600 to more than 5,000. In other words, three or four large modern buildings have been erected to take care of the overflow.

And even yet school accommodations are inadequate. This is particularly true of the west side, where the residential boom has overtaxed the capacities of the school buildings. In the main part of the city, Victoria school is overcrowded and many of its pupils are being farmed out to more commodious buildings outside the residence zone of the school, which the children should attend with convenience.

A DORCAS IN THE COMMUNITY
 The death of Mrs. Mary Roberts, widow of Robert R. Roberts, contractor, at her home, Cedar street, Indian town, removes a conspicuous figure in the career of the Douglas Avenue Christian church. From the inception of that church—more than twenty years ago—Mrs. Roberts had been a faithful adherent and indefatigable worker. As president of the Ladies' Aid Society from the organization until failing health interfered, Mrs. Roberts provided over a body of workers that proved the good right arm of the whole church equipment. The Aid Society, by constant needlework in the church rooms and in the homes of its members, proved an earning factor of unusual resource and energy. Of late the activities of the ladies' branch have been under the guidance of Mrs. Mabce; but a large floral broken circle placed upon Mrs. Roberts' coffin today bearing the words "Our President," indicates that the ladies still considered her their guiding spirit.

MOVIE PEOPLE IN SESSION HERE
 To explain the aims and objects of the Maritime Film Exchange Managers' Association a meeting of which exhibitors were invited was held yesterday afternoon at the Canadian Universal Exchange, Union street.

G. A. Margetts, president and local exhibitor, were present as well as some from outside the city. Matters of interest in the business were discussed. It was said that the censorship system as in force here was responsible for a great deal of the high rental which must be charged for film and if some such system as that used in Nova Scotia could be instituted it would materially help the exhibitors as well as the exchanges.

It was suggested that a committee from the Exchange Managers' Association and the Maritime Province Exhibitors' Motion Picture League should meet and discuss the questions with the government.

FIVE CRIMINAL CASES FOR GRAND JURY TO CONSIDER

August Session of County Court—Hayes, Drew and Kelly, in Wool Case, Discharged

The August sitting of the County Court was opened this morning with His Honor Judge Armstrong presiding. Five criminal cases were given to the grand jury. His Honor remarked that with prohibition enforced this was a rather large number, particularly in view of the fact that there are eight courts held each year, four supreme and four county. The following is the list of cases:

King vs. Walter Pike, Stanley Edwards—breaking and entering.
 King vs. Edward Burke—theft.
 King vs. William Peters—mouthing.
 King vs. Hyman Taxe and Hanley O'Brien—theft.
 King vs. Marcus Whittman—theft.
 Following is the civil docket:

Non-Jury.
 Doherty vs. McDonald—Tait & Smith for plaintiff; W. M. Ryan, defendant.
 Leahy vs. Grant & Horne—J. A. Barry, Teed & Teed.

Jury.
 McBeth vs. Magee—A. M. Skinner for plaintiff; G. H. V. Velyea for defendant.
 N. E. United Typewriter Co. vs. Harsh—R. P. Raymond for plaintiff; John Creighton for defendant.

The following are the grand jurors: Frederick W. Daniel (foreman), J. A. Vanwart, D. Daniel Coles, Pevie A. Smith, John A. Davidson, John H. Carter, William T. Hatfield, John T. Durbin, Edward A. Farren, Arthur S. Godcoe, Frank A. Hollis, Wilfred G. McKenzie, Reginald G. Schofield, David McLellan, Mathew T. Morris, Frank Watson and Charles A. Donald.

An application was made by Kenneth A. Wilson to have taken up on appeal a case in which Frank Coleman was convicted by Magistrate Adams of interfering with a police officer in the discharge of his duty and fined \$10. J. King Kelly appeared in opposition to the application and contended that the appellant had failed to file a bond as required by law. His Honor allowed Mr. Wilson further time to argue the matter.

Wool Case Ends.
 In the Supreme Court this morning His Honor Judge Chandler discharged John Hayes, George Drew and Carl Kelly. These prisoners were tried twice on the charge of stealing wool, the jury disagreeing in both cases.

MENTALLY DERANGED; COMMITTED SUICIDE
 At his home near the Cedars last evening, Arthur A. Ganong, who has been under treatment at the Provincial Hospital a portion of the last year, for mental trouble, committed suicide with a razor. Such an act on his part was entirely unexpected, although his mental condition was not fully restored to the normal.

He is survived by his wife and one daughter; his parents, Mr. and Mrs. James Ganong; and two brothers, Augustus and Walter, all of whom live along the river. The late Mr. Ganong did some farming and formerly was a steward on river steamers. Many friends will sympathize with the bereaved relatives.

WANT UNIVERSITY MEN FOR TANK BATTALION
 A wire was received at military headquarters this morning instructing this military district to get in touch with the universities in New Brunswick with the object of getting recruits for the Canadian tank battalion. While the battalion is recruited to full strength yet it is the idea of the militia department to keep it up to full strength and the recruits secured now will be used as reinforcements. They will cross over in drafts of from twenty-five to fifty men at a time. This unit since its authorization has proven very attractive to the younger men of the country and there is no question that the militia department's request will be met with a general response.

SOME AUTO MATTERS IN COURT
 Automobile engines heretofore are to be deprived of the privilege of smoking when they so desire and the driver of the car which violates this law is liable to a penalty. This morning Fred H. Taylor, J. Fraser Gregory, H. Price and Victor Crosby were before the magistrate and asked to give an explanation for their cars having smoked heavily at the head of King street. The reports were made by Traffic Policeman Cooper. The defendants had different excuses. One said that his car was not in the city on the date mentioned, another that the number of the car reported was not that of his car, and those whose numbers were correct said they could not give an answer to why their cars acted so rudely.

Included in the cars reported was the Ford car of the public works department. Constable Fisher was in court and backed his car to a flimsy. He cross-questioned the policeman and wanted to know why the policeman did not stop his driver and tell him of the car's bad habit.

Mr. Gregory gave a very satisfactory reason as to why cars would smoke at the head of King street. He said that when a car was held up for traffic the engine was kept running very slowly and therefore was not vaporizing the gas as rapidly as it was being fed to the engine. The result was that when the car was started there was a heavier explosion than usual. All the explanations offered were accepted by the magistrate.

MACAULAY BROTHERS & CO.
