ALLIES ANSWER PEACE DRIVE WITH VICTORIES IN THE FIELD

New York, Oct. 6.—The Associated Press tonight issued the following:
While Germany and Austria-Hungary are clamoring for peace the Entente governments thus far are paying scant heed to the proposals but their armies are pressing forward to further victories on all fronts.

Officially no cognizance has yet been taken of the request of Prince Maximilian of Baden, the new German chancellor, or that of the Austro-Hungarian government for an armistice on land, on sea and in the air, and the commencement of peace negotiations, for President Wilson, to whom the dual and highly similar proposals are addressed, is not yet in receipt of them.

Hard Pressed in West.

On the battle fronts the Germans everywhere are being forced to give ground to the allied troops. In Belgium the enemy is gradually being pushed eastward, and in anticipation of a forced final withdrawal is continuing to make ready for that eventuality by removing his guns and otherwise lessening the value of his defensive works in the territory upon and adjacent to the North Sea coast.

To the south from Arras to the Verdun sector, the Germans are being hard pressed by the British, American, Italian and French forces, and although on numerous sectors they still are offering desperate resistance, they seem to be unable to do more than retard the advance of their foes.

Douai, south of Lens, is almost enveloped, and Cambrai has been further endangered through the capture of the village of Auberscheu-Aux-Bois, five miles to the southeast, where more than 1,000 Germans were made prisoners. Hard fighting has taken place around Montchaumont and Beaurvoir, in this immediate vicinity, where the Germans have brought up fresh reserves in an endeavor to keep Field Marshal Haig's men from cutting the highly important St. Quentin-Leateau road, from which they now are but a step. Both Beaurvoir and Montchaumont are now in British hands.

Italian Fight for Leno.
With the Germans being defeated over wide areas by the French and Americans from Rheims to the Argonne Forest, the Italians south of Leno have begun an offensive which seemingly has as its objective the finishing of the work previously begun by the French for the liberation of La Fère and Leno. Here they have captured in storming operations important and strongly held German positions. In the vicinity of Leno configurations are to be seen, and it seems not improbable that the Germans are preparing for a withdrawal in consequence of the converging movement which is being pressed against them from three sides.

Through the latest operations of the French around Rheims, the cathedral city seems definitely liberated from the German menace, for here they have materially pressed back the enemy. Likewise eastward through Champagne to the Argonne Forest, the French and Americans have fought their way forward in capturing many villages, crossing the Aisne Canal and pursuing the enemy along the entire front of the Salpêtré and Arnes Rivers, both of which have been crossed at several points.

In the Macedonian theatre the allied troops have compelled the Austrians to withdraw from the "El Basen" sector and other positions, while near Vranje, Central Serbia, the French and Serbian troops have captured Austro-German held positions. In the latter region the enemy is retreating northward in disorder.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick
Give "California Syrup
of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

MR. STOCKDALE TO HELP IN VICTORY LOAN CAMPAIGN

Frank Stockdale, business efficiency expert, has been obliged to cancel his engagement to lecture in Halifax this week, and has offered his services to the Victory loan committee for that period. The committee has very gratefully accepted his offer, as it feels that Mr. Stockdale can help the campaign in a very great extent.

It has been planned for Mr. Stockdale to address a series of meetings of the Victory loan salesmen throughout the province. Tonight he will speak in Moncton, tomorrow night in Campbellton, and on Wednesday afternoon he will be in Newcastle, going on to Chatham in the evening. A meeting will be addressed by him in Fredericton on Thursday evening and one in St. Stephen on Friday evening.

STMR. PREMIER SUNK IN RIVER COLLISION

As the result of collision on the St. John river on Saturday afternoon the steamer Premier, is aground and partially submerged on Long Island, three miles below Queenstown. The collision was with the steamer D. J. Purdy and

three minutes after it occurred the Premier went ashore. That the accident did not turn out to be more serious was due to the fact that the Premier was sailing close to Long Island and was caught in the narrow channel between the Premier and Chas. McLean, and Indian town and Grand Lake.

Ideal for Baby

MOTHER instinct tells you that baby must have only milk that is pure, rich and safe. Then use Carnation Milk. You are sure of its quality; for it comes sealed safe against contamination. Babies thrive on it. It is "whole" milk—not separated. Contains all the cream, the "food values" of rich, wholesome milk. Uniformly richer in butter-fat than the Dominion authorities demand.

You can have it handy on the pantry shelf ready to use—as you need it. Because it is sterilized, it keeps fresh for months. Even when the can is opened, Carnation Milk will keep fresh and sweet for several days.

In using Carnation Milk for baby follow your physician's advice. He will tell you in what proportion you must dilute it to suit your baby. Carnation Milk is evaporated to the consistency of cream. Water—and water only—is taken away from it. Nothing is added. No artificial sweetening and no preservatives. So you can use it for everything—in every way you use ordinary milk.

This is the safe, convenient, economical way to buy milk. Order three trial cans (tall size) with your groceries—your grocer is the Carnation Milkman.

Write for booklet "The Story of Carnation Milk." It contains many splendid recipes and on page 31 is a fine formula for baby food.
