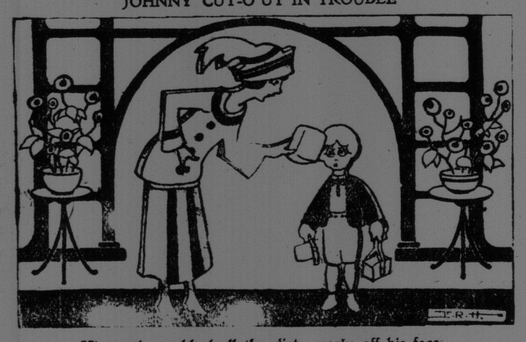
ADVENTURES OF THE TWINS

By Olive Roberts Barton

JOHNNY CUT-O UT IN TROUBLE



His mother rubbed all the dirty marks off his face,

The Cut-Out family was peculiar. They never did anything like anybody else.

The Cut-Out gentleman was a dude, to begin with. Like all the rest of his family he had been cut out of a fashion magazine and his clothes were a marvel!

And his wife! She set the fashion for everybody in Doofunny Land, and if she had chosen to wear her shoes on her head, I am perfectly sure that everybody else would have been doing the same thing inside of an hour and a half.

Here are some of the things they did. They slept in their clothes, and Mister Cut-Out didn't even take off his silk hat when he retired. Besides he insisted on taking his walking stick to bed with him.

Of course his clothes got wrinkled and he had to be ironed out—in fact they all did. A big book was the family clothes press and an hour or two in that freshened them up wonderfully.

The Cut-Outs never had washing day. Instead they had, once a week, a rubbing-out day, when Mrs. Cut-Out took a clean eraser and rubbed all the soiled spots off their paper clothes.

And the little Cut-Outs were the luckiest children ever, because they never had to have their faces washed in the morning for school. The whole family disliked water worse than cats.

Well, one morning Johnny Cut-Out got up and got ready to go to school. His mother rubbed all the dirty marks off his face and hands with her eraser and started him off.

"Do you know your lesson, Johnny?" she called after him.

"Yes, mother," replied Johnny.

"What is it, Johnny?" asked his mother.

"Use Smith's ink! Ten cents a bottle," recited Johnny, for the place where he had been cut out of the magazine was an advertisement.

So away went Johnny to the Doofunny School run by plain Miss Pithers the yarn lady.

Now the Doofunny School was like lots of other schools. It had some good boys and some who were not so good, and a few who were as bad as they could be.

And as Johnny Cut-Out, in his spick and span clothes, was one of the good boys, the bad boys all hated him and made fun of him, I'm ashamed to say.

Today as he went walking along he kept saying his lesson over and over to himself. "Use Smith's ink—ten cents a bottle. Use Smith's ink—ten cents a—"

Suddenly there was a great splash and shout, and poor Johnny Cut-Out was covered with ink from head to foot.

"Sure, we'll use Smith's ink," yelled some dreadful voices. "It cost ten cents a bottle, but we don't mind that."

Johnny ran back home as fast as he could go, completely ruined from head to foot.

"Oh, whatever shall I do, Johnny?" cried his mother. "My eraser won't take that off and no amount of new clothes will cover your face. You'll be a black boy as long as you live."

"Soak him in sour milk," advised Nancy.

And Mrs. Cut-Out did and it took all the ink off.

(To Be Continued)

WOMAN'S HEALTH RESTORED

She Claims Lydia E. Pinkham's Vegetable Compound Did It After Everything Else Failed

Milwaukee, Wisconsin.—"I feel that I ought to let you know about my case. I was ailing and could barely do my housework and washing. I was so run-down, just from having one child. I took a lot of medicines and had doctors. Then I gave them all up and took Lydia E. Pinkham's Vegetable Compound and I feel wonderfully good now. I do everything that comes along, and we all take your medicine as a tonic when we don't feel just so. I am thankful for what the Vegetable Compound has done for my health and for my family."—Mrs. MARY SAIECHECK, 944 28th Street, Milwaukee, Wisconsin.

Letters like these testify to the value of the Vegetable Compound. These women speak from the fullness of their hearts. They describe as correctly as they can their conditions: First, those symptoms that affected them most conspicuously; and later the disappearance of those symptoms. They are sincere expressions of gratitude. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

5,000 NEW SETTLERS ON WAY TO CANADA

Four Liners Due at Halifax and Three Here This Week-end

Immigrants expected at Halifax over the week end number approximately 2,000, according to Canadian National Railway headquarters in Montreal. The majority of passengers this week end will be from British ports, although the number also includes a large party from Danish and Scandinavian ports, another from the continent, and a third from Black Sea ports. It is expected that at least six special trains will be required to carry these passengers to Montreal, Ontario and other western points.

The Cunarder Lancastria is due at Halifax on Saturday. She sailed from Southampton and is carrying 764 passengers for Canadian points.

Three steamships are due on Sunday at Halifax. The White Star liner Canada, from Liverpool, has on board 306 passengers for Canada. The White Star liner Celtic has 416 passengers and the Frederick VIII, of the Scandinavian-American line, is carrying 207 new settlers to the Dominion. The Canada and Celtic sailed from Liverpool and Queenstown. The majority of passengers on board these two boats are of English and Irish nationality. Those on board the Frederick VIII are largely Danes, that ship having cleared from Copenhagen.

The Stuttgart of the North German Lloyd line from Bremen is due on Monday and is expected to bring in at least 200 new settlers, although definite advices as to the exact passenger list have not been received at Canadian National Railway headquarters yet.

The Braga of the Fabri line, carrying 206 passengers, is expected to dock at Halifax on Tuesday. This boat will number among its passengers several large parties from Black Sea ports as well as a smaller number of Portuguese from Lisbon.

Nearly 3,000 will arrive in St. John on Saturday and Sunday on two C. P. R. liners. Nine special trains will carry them westbound.

COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. H. A. Reid, Upper Musquodoboit, N. S., writes:—"I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills. When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short winded, and could not possibly sleep at night, in fact, I was in such a condition I felt as if I did not wish anyone to speak to me. I thought I would try Milburn's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone.

There are lots of returned men who are suffering the same as I did, and I feel sure that if they would only try Milburn's Heart and Nerve Pills they will receive the same relief that I have."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

INTERNATIONAL ISSUE IN HOUSE

All Members Object to Chicago Lowering Water of Lakes

Ottawa, March 26—The diversion of water from Lake Michigan by the Chicago sanitary district was the subject of a protest by members of all political parties in the House of Commons today. As member after member rose to speak it became clear that there was no division of opinion on the matter. T. L. Church, (Conservative, North Toronto), brought the matter to the attention of the House by moving for definite and immediate action to prevent the illegal diversion of the waters of the Great Lakes through the Chicago drainage canal, and that action should be taken to prevent further waste and to secure specific enforcement of the treaty between Canada and the United States as to this matter."

The opinion of an eminent authority that the St. Lawrence River and Lake Erie might be reduced some day to the level of a duck pond if the diversion continued, was cited by Mr. Church. Other members stressed the importance of preserving the lake levels for the movement of freight and the preservation of harbors. The boundary waters treaty between Canada and the Unitd States was being used as a football to the detriment of Canada's commercial development, it was argued.

That the situation was serious, was admitted by Hon. Charles Stewart, Minister of the Interior.

On the motion of Sir Henry Drayton, former Minister of Finance, the debate was adjourned until all papers concerning the negotiations between the United States and Canada on the question of water diversion at Chicago could be laid on the table of the House.

AMALGAMATION OF RAILWAY EMPLOYES

Montreal, March 26—Amalgamation of the 16 standard railway organizations on this continent was favored in principle by the 160 delegates attending the fifth biennial convention of Division No. 4, Railway Employes Department, A. F. or L., held here today.

No information was obtainable as to the significance of the action favoring amalgamation.

TWO ATTORNEYS BECOME EXCITED

Montreal, March 26—An argument between lawyers which began in the police court here today during the hearing of an assault case, developed into a real bout. E. W. Westover, shot over a neat right cross to J. S. Migneron's jaw, and the latter threw his hat on the floor and pulled off his coat to make the weight and retaliate. One of the high constable's men stepped in and called the fight off.

MORE SETTLERS' EFFECTS GO OUT

Ottawa, March 26—The value of settlers' effects imported into Canada, which is frequently used as a measure of immigration, still continues to decrease, while there is also a continued increase in the settlers' effects exported.

SECOND READING OF JUVENILE BILL

Charlottetown, P. E. I., March 26—The bill for the protection of children of unmarried parents, requiring the father to pay a sum not exceeding $100 per year for 16 years for the child's support, or a lump sum not exceeding $750, passed its second reading in the legislature today.

The bill styled the Sale of Securities Act also came up for second reading this afternoon. The object of the bill is to protect the public against the buying of worthless stocks and requires that all dealers in stocks and bonds selling shares in any company must first get a license from the Government and have their prospectus examined before a license is granted.

MOTHER!

Mr. H. BOWLES.

Enjoys Happiest Summer in Years

Toronto Man Thanks Famous Herbal Remedy for Relief It Brought Him—General Health Much Improved and Much Suffering Relieved.

"At last, a Summer spent without continual suffering," says Mr. H. Bowles, of 23 Pryor Ave., Toronto. "For the past two years I have been a constant sufferer from rheumatism, the pains shooting through my hips, ankles and shoulders so bad that I could hardly get around at times. Dizzy spells often came over me and everything would turn black before my eyes.

"Pains through my whole body would often double me up when walking about, and it seemed that I could never straighten up with comfort. Sick headaches also caused me hours of suffering. Life was a continual misery to me, and nothing I took in the way of medicines or treatments gave me any noticeable benefit; that is, until I started taking Dreco, which proved to be just the remedy my system needed and readily responded to its corrective influence.

"The rheumatic pains are rapidly disappearing, and my entire system is far stronger. I am able to get out and enjoy the Summer in comfort, free from suffering, and I gladly state that Dreco is the cause of my great improvement. I am continuing to take it as a tonic and system-builder, and know that further improvement will be mine."

Dreco is specially prepared from herbs, roots, bark and leaves and acts on the kidneys, liver, stomach and bowels and purifies the blood. It cleanses the whole system and affords wonderful relief from rheumatic pains, gastritis, dyspepsia and all other forms of indigestion, arouses a sluggish liver and relieves constipation. Let it make your life a comfort by putting your system in the shape that Nature intended it to be in. Dreco contains no mercury, potash or habit forming drugs

Dreco is being specially introduced in St. John by Ross Drug Co., 100 King St., Moore's Drug Store, 105 Prince Edward St., F. W. Munro, 357 Main St., and in West St. John by Watson R. Dunlop. It is also sold in Fairville by T. H. Wilson, and by a good druggist everywhere.
