OF THE UNITED STATES,

CAPE MAY. (From our Philadelphia Correspondent.) STOCKTON HOTEL, July 24.

but the difference of temperature is that

Few summer resorts possess so many na-tural advantages for health and pleasure tural advantages for health and pleasure as this extreme Southern point of New of the kind in the Province, Jersey; it is fanned on three sides by the deliciously cooling breezes of the Atlantic; the coast is one of the safest and most There are many resorts on the Jersey coast, but Cape May was frequented before most of them were heard of, and notwithstanding the confessed attractions of younger rivals, she still holds her own, and is gladdened each season by hosts of new admirers. As a village, Cape May has a permanent population of about 1200, which is increased during the summer, of the accommodating capacity of her nulone, with its capacity for 1200 guests, is over-crowded and has been compelled, dormitory, to turn many away.

CHATHAM, THURSDAY, AUGUST 3, 1876.

It is only three hours ride on the West

Jersey Railroad, from Philadelphia to

CAPE MAY,

SURF BATHING, and it is enjoyed by all ages, sexes and conditions. The fashionable hours for the what they had heard. bath are between 11 a. m., and 1 p. m., when the breakers and beach present a very animated appearance. Two or three thousand persons may be seen in the surf about 12 M., while large numbers come down to the beach as spectators. The belle who was at the hop last night, so resplendent in toilet, emerges from the bathing house in a rough straw hat, flannel petticoat and short pantaloons, her white ankles gleaming in the sun, her little toes bearing the marks of tight shoes; she plunges in the wave, and her garments

killed all the bears "in less than three minutes." If the bear bounty is not now given, as I believe it is not, you might, Mr. Editor, advocate it for the benefit of

FROM PHILADELPHIA TO The new bridge across the Tabusintac river, before mentioned in your columns. is progressing very favourably, and will workmanship. It is to have a draw, so as to allow craft of considerable size, to pass through. The strong and durable character of the work, as well as the but the difference of temperature is that between the temperate and torrid zones.

Few summer resorts possess for many and the sound material out of which the bridge is built, would lead to the conclusion, that

Last week we were favoured with a visit from the Hon. Peter Mitchell, in company with L. J. Tweedie, Esq., M. P. P. These delightful for hathing purposes, while in land, there are fine forests and green pastoral meadows intersected by inlets and coves abounding in fish and oysters. After a few minutes, which he spent in greeting his friends, he invited all to take seat on the grass, while he himself would be the centre of attraction. He defined the fishery question very minutely, condemned the Government for their action in the matter, offered a proposition to the fishermen, called on Mr. Tweedie to speak, and sat down. After a brief but very and, this summer, especially, to the limit neat speech from that gentleman, in which he dealt with affairs pertaining to the merous hotels and boarding houses. There Local Legislature, an address was presentare, I think, not fewer than 7000 persons ed to Mr. Mitchell, to which he replied at the Cape to-day. The Stockton Hotel very happily, saying that nothing pleased him more than to have the esteem and good-will of those hard-handed men who after converting the East parlor into a had been his supporters in the past. When the air had been pretty well filled with cheers for the hou, gentle for our representative in the Local House,
