DISCOVERED A POT TO  
ASSASSINATE THE EMPEROR

Bombs Found in the Garden of the Palace—Mutinous Troops Also Tried to Kill the Admiral Commanding at Sebastopol.

NEW YORK, July 11.—According to a St. Petersburg despatch to the World there was wild consternation at the Imperial palace at Peterhof yesterday following the discovery in the garden of that palace of several bombs filled with dynamite.

The excitement and dread were indescribable. It was obvious that the bombs must have been placed there by some one connected with the palace, either as officer, guard or servant, and everyone equally was under suspicion. Gen. Troop, the commandant, immediately put in motion all the machinery of his office to discover the culprit, but thus far without result. In the meantime the person of the car is being more rigidly guarded than ever, if increase of precaution is possible.

ST. PETERSBURG, July 10.—No confirmation of the Sebastopol rumors of the seizure of warships by the Batumi mutineers obtainable. Despatches received from Batumi under today's date make no mention of disorders or even of the presence of the squadron, which was last reported at Kerch, two days sail from Batumi.

ST. PETERSBURG, July 10.—The refusal of the constitutional democrats to participate having rendered it impossible to form a coalition ministry, the emperor and court seem at last ready to turn to the constitutional democrats as the only means of pacifying the country. Negotiations looking to the formation of a ministry composed of constitutional democrats have been formally opened but the first propositions of the government failed completely owing to the impossibility of the constitutional democrats accepting the three conditions imposed, namely, the abandonment of the principle of the forced expropriation of land, full amnesty for political prisoners and to agree to a permanent reduction of the military budget.

ST. PETERSBURG, July 11.—One of the curious features of the debate in the upper house of parliament yesterday on the bill of the abolition of the death penalty, was a speech made by Father Bulkaich, a priest elected by the theocratic clergy, in which he seriously defended the death penalty on the ground that it was justified both by Moses and Christ's statement before Pilate as recognition of the right to impose punishment.

The Reich today declares that the tone of the debate in the upper house yesterday leaves little hope that this "assembly of bureaucrats, land and commercial magnates, and representatives of the reactionary nobility and clergy, with a small leaven of Liberals," will ever be able to work in harmony with the progressive ideas represented in parliament.

The Novoe Vremya, on the contrary, defends the conservative spirit of the upper house and appeals to the Emperor not to entrust power to the constitutional democrats of the lower house, who, the paper insists are "augmenting the danger of an explosion by their cowardly refusal to clasp hands with the right or break with the left."

MOSCOW, July 11.—The Zemstvo congress today adopted a resolution declining to co-operate with the Government in that work of famine relief while the present local and central administrations continue to confine their efforts to independent charity work.

SEBASTOPOL, July 11.—An attempt was made at one o'clock this afternoon to assassinate Vice Admiral Chouknin, commander of the Black Sea fleet. The Admiral was wounded and taken to a hospital.

Vice Admiral Chouknin has been blamed for his severity and it was to his treatment of the crews of the ships under his command that the mutiny on board the battleship Kniaz Potemkin, in June and July last year, was attributed.

WOMAN BRUTALLY  
KILLED IN HOTEL.

Her Head Crushed With a Hammer and Body Set on Fire.

Oil Had Been Poured Over Her Clothing—For a Time Her Identity Was a Matter of Doubt.

MINNEAPOLIS, Minn., July 11.—The identity of the woman who was killed by a mysterious assailant while she slept in her room at the National Hotel here yesterday, was established last night by the Ellsworth, Wisconsin, police. A phone message said the murdered woman was the missing Ellsworth milliner, and a daughter of a farmer living about ten miles from Ellsworth and one mile from Minneapolis.

The woman's head was crushed with a hammer blow, the body tied to a couch and saturated with wood alcohol, and then set afire.

The discovery of smoke and flames issuing from the room revealed the murder. While people were beating out the fire the woman broke out with the words "Will you Ellsworth" then she died. The upper part of the body was terribly burned.

Later on physicians said the wounds on the head were enough to cause death. A man who registered at the hotel as M. P. Wilson and occupied a room directly over the woman is believed by the police to be the murderer. He was seen running from the woman's room a few minutes before the fire was discovered. He instantly left the hotel, carrying a grip. The police have been unable to trace him.

The murdered woman arrived at the hotel Monday morning and registered as Mrs. Johnson, Detroit. She was assigned to a room on the third floor, and was given a room on the third floor directly above the woman. So far as is known the couple did not meet until the crime was committed.

JUDGE MORSE, OF  
AMHERST, DIED TODAY

He Was One of the Most Highly Honored Citizens of the Province

AMHERST, N. S., July 11.—The death occurred here, at an early hour this morning, of Hon. W. A. D. Morse, Judge of the County Court for the Counties of Cumberland and Pictou.

Judge Morse has been in failing health for some time but his death was quite unexpected, and came as a great shock to the community. He was a gentleman of the oldest type, kind, generous, gentlemanly, a man of rare ability and knowledge. No man in the Maritime Provinces has had a deeper interest in the early history of the province, and he is possessed of valuable historic manuscripts.

He was born at Amherst on January 13th, 1837, and was therefore in his 69th year. His parents were James Shannon Morse, and Augusta Agnes Kinneer, who were direct descendants of the oldest families in the province. In 1876 he was appointed Judge under the McKenzie Government. His wife, who was Miss Rebecca Rogers, and five sons and two daughters, and two brothers, Doctor C. J. and Robbie S., survive him.

PERSONAL  
Mrs. G. E. Coleman of Sydney is in the city to attend the wedding of her daughter, Miss Julia Reynolds, to Dr. T. J. Gleason, now to Sussex this morning.  
W. T. Mahoney left for Halifax today.  
L. Stewart Milligan of New York is in the city visiting his brother, C. J. Milligan.  
The engagement of Miss Ethel Collins, daughter of I. C. S. Collins, policeman, John Collins, to Edgar Cameron is announced. The wedding will take place on Tuesday evening, July 11th.

WOULD NOT HEED WARNINGS;  
WAS KILLED ON THE RAILWAY

Terrible Death This Forenoon of Mrs. Michael Gallagher Aged 75, of Westfield, Who Persisted in Walking on the Track.

As the result of not heeding the warnings given not to walk on the railroad tracks Mrs. Gallagher, an old lady residing at Westfield, was struck and instantly killed by the Boston train this morning.

The accident occurred about a quarter past ten o'clock. Mrs. Gallagher, who was 75 years of age, was walking from her home to the village store at Westfield on the railroad tracks. She was carrying a basket of eggs under her arm and apparently thinking very little of any danger when the accident occurred.

The Boston train in charge of Conductor Burgess, was then over due. About fifty rods below Lingley station there is a sharp curve in the road and Engineer Thompson was unable to see the old lady, but as was customary before rounding the curve he sounded a long blow on the whistle. Mrs. Gallagher apparently heard the whistle, but becoming excited she ran along the track instead of stepping to one side of the road.

As the train rounded the curve the fireman saw her and called to the engineer that there was a woman on the track. The engineer immediately closed the throttle and blew for brakes, but before the train could stop the engine struck the unfortunate woman throwing her about twenty feet down the track.

She was instantly killed, as her head struck the corner of one of the sleepers and was frightfully mangled. The body was carried to Lingley station and Coroner Ballantyne and Dr. Warwick were summoned. Dr. Warwick made a hurried examination and found that death had resulted instantaneously. The coroner, after viewing the remains allowed the body to be removed to the home of Mr. Gallagher. He also sent a dispatch to the head office of the C. P. R. telling them of the accident and saying that he did not consider an inquest necessary unless the officials wished one to be held.

Mrs. Gallagher was seventy-five years of age and the wife of Michael Gallagher. She came to this country at an early age and has since lived at Westfield. During the past few years she has been repeatedly warned of the danger of walking on the railway track, but has continued to pay no heed to the warnings.

Besides her husband, Mrs. Gallagher leaves two sons, Thomas and John Gallagher, both employed as section hands on the C. P. R. She also leaves three daughters, one of whom is Mrs. Stevens, of Fairville, another unmarried daughter resides at home while the third is residing in the west.

BIG STEAMER SWEEP BY  
MOUNTAIN-LIKE WAVE

NEW YORK, July 11.—Struck in mid-ocean by a big wave which tore away her smokestack and otherwise damaged the superstructure of the vessel, the British steamer Richard Grandville arrived here today from Havana, Spain, with an improved funnel. During the stormy weather last Sunday a great wall of water suddenly swept over the vessel. The funnel went overboard on the port side, smashing the rail and crushing the life boat. That no one was killed is attributed to the fact that no one was at work about the decks. A smokestack was constructed of heavy scantling and sufficient draught was made for the ship to proceed under easy steam.

John Cormier, while intoxicated made things so lively about the McCarty home at Spruce Lake on Monday evening that word had to be sent to Fairville for Policeman Lawson. The Fairville policeman arrested Cormier and yesterday afternoon he was taken before Justice Miasson, charged with being drunk and interfering with people on the highway. He was sentenced to two months hard labor on the chain gang.

While on the voyage from Eastport to St. John yesterday afternoon on the steamer St. Croix Allan R. McBeath, an American express messenger, fell through a hatchway into the hold of the steamer, a distance of about ten feet. He was painfully injured although no bones were broken. On arrival in St. John last evening Mr. McBeath was conveyed to his home, 227 Charlotte street, where he was attended by Dr. Spangier who does not anticipate any serious results from the injuries received, but says Mr. McBeath will be confined to his home for some days.

WANTS HIS HEAD OFF,  
CAN'T GET IT DONE

Peculiar Fix of a Criminal in Paris.

He Can Have His Sentence Commuted but Prefers Dying—No Place for the Guillotine.

NEW YORK, July 11.—A cable despatch to a morning paper from Paris says: "I want to be guillotined. They condemn me to death and they shall execute me. I'll have none of their pardons. There is no reason for a revision of my sentence. Paris has not seen an execution in ten years, and I'm going to give them the sight free."

This declaration was made by Pierre Adam to the prison authorities and lawyers who were trying to persuade him to appeal for a commutation of his death sentence for murder. He has resisted the persuasions persistently for three weeks and clamors to have his head chopped off, yet the authorities do not comply with his wish.

The situation is a curious one. As the law stands it prescribes that execution shall be public, but since the guillotine was removed some years ago from the notorious place De La Roquette the local officials everywhere have successfully resisted the attempts to secure a new site and the axe has lain idle in a shed, the officers of justice not venturing to offend the public by insisting upon its execution. They have consequently persuaded every person condemned to death to appeal for a commutation, which has been forthwith granted.

Adam's unprecedented refusal creates a difficulty. A public execution invariably leads to a disgusting carousal and the establishment of the guillotine anywhere without the consent of the people representing the respectable citizens would inevitably arouse anger. Hence the reluctance to carry out the sentence. Bills are under discussion alternately legalizing private executions and abolishing capital punishment, and Adam's novel attitude may lead to the passing of one or the other.

W. A. CATHERS WILL HAVE  
RESTAURANT PRIVILEGES

No Fakirs for the Exhibition, Say the Directors—St. John Day to be a Success.

At a meeting of the exhibition executive held yesterday afternoon it was decided to grant restaurant privileges to W. A. Cathers. The new restaurant building is now completed, and Mr. Milligan was instructed by the committee to arrange with Mr. Cathers the proper division of suitable rooms.

A report was read from the Dominion commissioner of Agriculture, in which he stated that the department would send five expert judges, paying all salaries and expenses, the only charge to the exhibition being \$10. The appointment of the superintendents for the different departments was left in the hands of the manager.

St. John day at the exhibition was fully discussed and it was felt that a determined effort should be made to induce the people of St. John to appreciate the fact that it is their day. Arrangements for that day were left with the president and manager.

Mr. Milligan reported that it had been decided not to allow any optical fakirs selling privileges at the fair, as it was considered that it is best not only for the opticians, but the public in general that none but members of the optical association should be allowed booths.

MARGARITA'S CREW  
WERE LANDED SAFELY

LEWES, Del., July 11.—The schooner Judge Pennwell from New York for Charleston put in here today with four officers and nine sailors comprising the crew of the bark Margarita, which was abandoned while on fire last Monday. The men were picked up at noon Monday off Atlantic City. They had not been afoot long and had therefore not suffered any hardship. The Margarita at the time she caught fire was bound from Philadelphia to Halifax, N. S., with a cargo of another trade coal.
