### MESSINGER BOY HURT

BY AN AUTOMOBILE

Was Riding Down King Street So Fast That He Could Not Avoid the Car

William Travis, a Western Union messenger boy, was badly injured on King street at one o'clock today, by colliding with his bicycle with an automobile.

Young Travis was riding down King street and was going at a high speed. When near the foot of the street an automobile occupied by Gordon Taylor and Douglas Clinch rounded the corner from Prince William street. Travis saw the auto, but not in time to check his speed, and he steered his bicycle towards the centre of the street in order to pass the car. The street was much wet and he was about to turn the bicycle slipped, and Travis was thrown under the auto. The latter was stopped as soon as possible, and the boy was picked up. It was seen that he was quite badly injured and he was carried into the Western Union office. A doctor was summoned but did not appear, and after waiting for nearly half an hour the ambulance was sent for. Travis was not unconscious, and he was thought to be strong enough to go to his home at York Point in the automobile. In this he was taken home. He had received bad injuries to his face and right knee. No serious consequences are looked for, however. This is not the first accident to happen in a similar manner. Messenger boys frequently collide with teams at the foot of King street. The hope is that they often lose control of their bicycles.

### JOHN FRODSHAM BLAMES

IT ALL ON HIS CREW

John Frodsam, owner of the salmon boat Mona, winner of Saturday's R. K. Y. C. race, told the Star today that he attributes his victory to the splendid crew in which his craft was handled by Skipper George Roberts, and his crew, Percy Clarke, "Polly" Howard and "Eddie" Camp. The Mona was aboard during the race, but gave full charge of the sailing to his crack crew. The Mona's win was not without exciting features, the first of which was able Seaman Howard's dip in the briny while working on the foremast. However before the Mona slipped past he was quickly fished out and in less than ten seconds the redoubtable "Polly" was hurrying forward to his work again, murmuring something about it being "wet over there." It is a gratifying feature to boat-builder Hampton, of Strait Shore that both boats of his creation, Frodsam's Mona and the Thistle, formerly owned by F. G. Spence, were first and second in the big event. George M. Robertson, of the Western Union, now owns the Spence boat, which showed a lot of "running" salmon boatmen how big a failure they are as prophets.

### POLICE COURT.

Three drunks were fined the usual amount in the police court this morning.

Louis Komensky, charged with allowing paper to blow on the street, explained that some person had removed a box and it was not his fault. The case will be heard tomorrow morning.

Two women had their boys in court. Both claimed that their boys had been assaulted. The result was quickly reached when the magistrate fined both sides \$20.

The charge against John Brown for stealing will be commenced this afternoon in the police court. Brown is charged with stealing from Jacob Mayers' second-hand store on Mill street.

### THE FISH SUPPLY.

The fish market is at present well supplied. Last week schooners from Nova Scotia brought in the first large cargoes of herring and other fish and it is expected that the supply will be good from this out. The market during the early spring was very poorly supplied owing to the backwardness of the season. The cold weather kept the fish from inland waters. The catches in the harbor have been fair during the past week or two and it is expected that herring will be very plentiful this summer.

Salmon is not abundant at present. They are selling at 15c. per pound and it is not likely that the price will go much lower for some time.

### FOSTER-WHITNEY.

A very pretty wedding took place at the residence of the bride's sister, Mrs. L. M. Whitney, 23 Robeson street, New Bedford, Mass., on the afternoon of the 12th inst., the contracting parties being Mr. Henry Soule Foster, of that city, and Mrs. Louise M. Whitney, of this city. The Rev. Frank E. Hamdall, pastor of the First Congregational church, performed the ceremony. The wedding was of an informal nature, only the immediate relatives of the bride and groom being present. Mr. George A. Horton, a brother of the bride, also his sister, Miss Florence N. Horton, were among the guests. The bride received many handsome and costly presents from relatives and friends in Boston, New Bedford, and this city. After refreshments were served, the happy couple took the steamer from Fall River for New York, Albany, Buffalo and Niagara Falls for an extended tour. At home 22 Robeson street, after September 1st.

A case of diphtheria is reported in the family of John Anderson, of Guilford street, West End. His son John was taken ill with the disease last Wednesday. The lad had been attending the Albert School, and the class of which he was a member was dismissed until today. The schoolroom has been thoroughly fumigated.

The Marathons and Algonquins will meet this evening on the Victoria grounds.

### ST. JOHN GIRLS START

ON A WALKING TOUR TO FREDERICTON

Three St. John young ladies accompanied by a friend from up-river are enjoying a rather novel outing in the form of a walking expedition from this city to Fredericton. On Saturday morning Miss Muriel Gillis, Miss Marjorie Knight and Miss Kathleen Gillis started from St. John on the eighty mile tramp. The day was an ideal one, the cards in good condition, and by two o'clock the party had reached Woodman's Point, where they remained over Sunday. This morning the pilgrims' progress was continued, Mrs. Woodman accompanying the St. John girls. They will stop for tonight at Oak Point, on Tuesday evening at Hampstead, on Wednesday at Upper Gasquetown and hope to reach Fredericton on Thursday. The return trip will be made by boat.

Active members of the Every Day Club are urged to be on the grounds this evening.
