## THE E. &amp; F. SPECIAL WRINGER

GUARANTEED FOR 3 YEARS.

By this we do not mean that this  
"Wringer" will wear only three years;  
but that if through accident any parts  
give out within that time, we will re-  
place it free of charge.

Medium, Family Size, \$5.00  
Extra Large Size, - 6.00

These Wringers have extra good rubber rolls and are  
ball bearing; hence they require only half the labor to turn  
as the old-fashioned, ordinary wringer does.

MEN PATROL THE STREETS

Springfield Quietly by the  
Introduction of Military  
Law—Rioter Caught Cut-  
ting Fire Alarm Wires  
While Attempts Were Made  
to Burn Negro Quarter

SPRINGFIELD, Ill., Aug. 17.—With  
nearly the entire force of the Illinois  
National Guard in control today,  
Springfield again is ruled by law and  
order. Fifty-five hundred armed  
soldiers patrol the streets and the fever  
for blood has abated, temporarily at  
least, among the wild element which  
ruled the state capital for 48 hours.

The man who would have cut off the  
fire protection of the city, was discovered  
on the roof of a building in the  
act of reaching for the wires. The  
roof of a half dozen men from the  
troops who were on patrol in the  
square, were aimed at him as he  
climbed towards the wires. To this af-  
fair is added the attempt to fire the  
negro section on the northwest side of  
Springfield, which was prevented by  
prompt action of the fire department  
co-operating with a battalion of the  
first infantry.

## AN INDIAN FAMILY

Father, Mother and Child Killed—Infant  
Held by Its Mother Escapes  
With Slight Burn.

KINGSTON, Ont., Aug. 17.—In a re-  
port sent to the Lumberman from his  
limbs at the head waters of the Con-  
tango River in Quebec, Chief Farmer  
of the Hudson Bay Company's fort at  
Grand Lac Post, relates a fatal ac-  
cident which befell a family of Indians  
within sight of the fort during a se-  
vere thunder storm. The family con-  
sisting of father, mother, little girl  
and infant child, had gone to an island  
a quarter of a mile south of the fort  
to wash and while there a severe storm  
arose, accompanied by thunder and  
lightning. The lightning struck a tree  
under which the family had taken  
shelter and three out of the four were  
instantly killed. The father, mother  
and little girl. The baby in a cradle,  
held by its mother, was saved, suffer-  
ing only a little burn scar on the  
point of the nose.

DR. PELLETIER DENOUNCES  
INTERNATIONAL UNIONS

MONTEREAL, Aug. 17.—Dr. P. Pelletier  
created a sensation at Sherbrooke yester-  
day when he denounced international  
unions at the meeting of the Cana-  
dian Workmen. He believed in local  
unions, but he felt it his duty to warn  
his constituents not to be carried away  
by organizers who were paid by a  
union in the United States. What did  
the carpenters of the Southern States  
care for carpenters of Sherbrooke, but  
the latter would have to go out or  
leave the union if international of-  
ficers say so, even if no grievance was  
felt here. He was also opposed to one  
scale of wages and believed that it  
would be in the interest of the work-  
man and employer to have a graduated  
scale.

## MONCTON TEAM VICTORIOUS.

MONCTON, Aug. 17.—The Moncton  
soccer team, which is now well ahead  
in the Maritime Soccer League, de-  
feated River Herbert, at Strathcona,  
Saturday, by a score of two to one. The  
game was fast and at times furious.  
Spectators flocking onto the field on  
one occasion when the Moncton team  
was awarded a penalty kick for alleged  
foul, gave the Monctons the winning  
point.

The situation looked threatening for  
a few minutes, but order was restored  
without damage being done.

Dan Littlejohn is faithfully training  
for his boxing bout with Tom Foley,  
of Halifax, which takes place in the  
Victoria Rink on Wednesday night.  
Littlejohn is already looking  
in good condition.

LIBERALS HAVE  
GOOD MAJORITY

The latest from Saskatchewan  
gives the Liberals 20, Conserva-  
tives 14, in doubt 4 to be held.  
The doubtful ones are North-  
Bathurst, Finlayson, Liberal,  
leading by 136 with six places to  
be won.  
South Bathurst, Dewar, Con-  
servative, leading by small major-  
ity, six places to be won.  
Lloydminster, Liberal,  
leading by over one hundred with  
several places to be won. As  
Lisio is a resident of Alberta,  
there will be another election.  
In Weyburn where Mitchell is  
elected by 28 there will be a new  
election as one poll was not open-  
ed.

STRIKERS DO NOT  
ACCEPT THE ULTIMATUMC. P. R. Mechanics are Not Going Back  
—Road Showing Effects of Strike  
In Delayed Trains.

MONTEREAL, Aug. 17.—The ultima-  
tum of the C. P. R. that their old em-  
ployees must go back or lose their sen-  
iority, has had no effect so far. It was  
expected that a large number of the  
old hands who would lose heavily by  
losing their seniority would return to  
work, but as far as could be seen none  
took advantage of the offer. The C. P. R.  
still claims that the shops are work-  
ing along nicely although much under-  
manned. The delay on the trains from  
the Empress show that the strike is  
hurting the C. P. R. The first Empress  
train from Quebec took from 3 till 11  
to reach Montreal. At every station  
where there was a stop especially for  
state and when the engines and crews  
changed the waits were very long.  
There were not enough men at the  
stations for testing the wheels.

LACK OF DISCIPLINE  
ON MILITARY TRAINThat is Opinion of Governor's Jury in Case  
of Sergt. Urquhart.

MONCTON, Aug. 17.—That there was  
a lack of discipline on the military  
train on which Sergt. T. P. Urquhart,  
of St. John, made death, was the ver-  
dict Saturday afternoon by the  
jury empaneled to enquire into the  
case, the verdict being as follows:  
That Sergt. Urquhart came to his  
death by falling headlong from the  
military train while in a scuffle with  
Sergt. Murray, who was ejecting him  
from the car where he, Sergt. Urquhart,  
had gone contrary to orders. The  
evidence shows lack of military disci-  
pline on the train.

NEW CABINET SUFFERS  
A STUNNING BLOWWar Minister of Turkey Passed Away  
Yesterday—Death Was  
Sudden.

CONSTANTINOPLE, Aug. 17.—The  
new cabinet suffered a great loss yester-  
day by the sudden death of the War  
Minister Redjeb Pasha, said to have  
been from apoplexy. Several officials  
raised suspicions as to the manner of  
his death and a post mortem examina-  
tion will be held.

VICTORY OF ABDEL AZIZ  
OVER MULAI HAFID IS  
SAID TO BE COMPLETETANGIER, Aug. 17.—A wireless de-  
spatch received from Abdel Aziz, the  
Sultan of Morocco, announcing the vic-  
tory of his troops over the troops under  
Mulai Hafid, the usurping Sultan, in an  
engagement which was fought re-  
cently during the march toward Mor-  
occo City, says that the defeat of the  
troops was complete. The losses of the  
adherents of Mulai Hafid are estimated  
at 300 killed and 60 wounded. An im-  
mense amount of booty, including a  
large number of camels, was captured.  
The booty was so great that the vic-  
tors were obliged to sell at quarter the  
market price in order to get rid of it.  
Abdel Aziz at the head of a column  
defeated the Moroccan tribe, who were  
supporting Mulai Hafid, killing fifty  
of the tribesmen and taking 200 pris-  
oners.WINNIPEG, Aug. 17.—Mr. W. B.  
Snow, the Chicago wheat crop expert,  
is in the city, having returned from a  
tour of the Canadian West, where he  
has been closely studying the pros-  
pects. Mr. Snow believes the crop will  
not now go over possibly 100,000,000  
bushels, though threshing may turn  
out better than indications show. It  
may even go 100,000,000. This is a big  
cut from his first estimate, but he  
seems positive that the conditions war-  
rant it. Speaking of this Mr. Snow says  
that if the country could have harvest-  
ed during the second week in July the  
yield would have been 120,000,000 bush-  
els.BIG POTATO CROPS IN  
ARROOSTOCK COUNTY

B. & A. Official Enthusiastic  
Over the Prospects  
Says Game Wintered Very Well and Many  
Sportsmen are Going to Maine  
This Fall.

BANGOR, Aug. 17.—George M.  
Houghton, passenger traffic manager  
of the Bangor and Arroostock railroad,  
retained Friday night from a several  
days' business trip in Arroostock coun-  
ty during which he got a good line on  
the business situation in the garden  
spot of Maine, and also the outlook  
for the coming game season. Mr.  
Houghton is very enthusiastic over the  
outlook and foresees a very successful  
season in the northern part of the  
state.

Mr. Houghton says that he never saw  
the potato crop look better or such fine  
tubers as those that have already been  
dug. The crop this year will equal, if  
not exceed, the crop of 1908, which was  
the largest in the history of potato  
growing in Arroostock county. Potato  
men say that it will amount to 20,000,  
000 bushels at least, if it doesn't reach  
larger figures of 22,000,000 bushels.  
The hay crop, another of Arroostock  
county's chief staples was an immense  
one, and while it was not as large per-  
centage as some in past seasons it ex-  
ceeded them in quality. In fact up-ri-  
ver farmers do not remember of any bet-  
ter hay being grown than this year's.  
The grain crop will be an early one  
and indications point to a good one.  
Mr. Houghton, however, has brought  
the grain already to the ripening point  
and some farmers have already com-  
menced to cut their product. Usually  
the grain is not cut in Arroostock coun-  
ty until after the potatoes have been  
dug, but this year things have been  
turned around and it is the grain that  
will be attended to first.

Looking ahead Mr. Houghton pre-  
dicts a very prosperous game season.  
According to experienced guides and  
woodsmen of all kinds and sizes  
wintered extremely well and there will  
be plenty of good sport for the most  
avid sportsmen when the season op-  
ens.

The Arroostock and up-ri-  
ver people are looking forward to this year's  
crops to recoup their losses of last  
season and give them a few dollars  
local currency. The mills have been  
closed for some time and the people  
are in an encouraging situation up that  
way and one that will help things  
along.

The passenger receipts of the Bangor  
and Arroostock will, this fall, show a  
falling off, but in speaking of this, Mr.  
Houghton said it was largely due to  
a decrease in the local traffic. Out-  
of-state people have come to the coun-  
ty in large numbers as ever,  
but Maine people have been staying  
at home to cut down expenses.

els.TOURIST TRAFFIC APPEARS LARGER  
BUT NOT AS PROFITABLE—  
The Opinions of Hotel and  
Railway Men—Financial  
Depression and Quebec  
Celebration Blamed

A rather larger number of travellers  
with considerably less money in their  
pockets seems to be the general verdict  
regarding the St. John tourist traffic  
for the summer.

At the opening of the season about  
the first of July, the travel was light  
and business looked poor. By the mid-  
dle of the month it improved consid-  
erably and since then there has been  
a steady increase in the traffic.

The exceptional fineness of the  
weather has stimulated travel some-  
what, but on the other hand there  
were several reasons why there were  
not many more visitors. The Quebec  
celebration drew large numbers of peo-  
ple who might otherwise have been at-  
tracted to the Maritime Provinces. One  
of the most important reasons was the  
financial depression from which the  
people of the United States have not  
yet recovered. This has tended to keep  
the people at home, and those who do  
travel are keeping a closer eye on ex-  
penses than usual.

The crowds who have arrived this  
season on the Boston trains have ap-  
peared less opulent than in recent  
years, and the display of handsome  
costumes has not been as noticeable as  
usual among the tourists.

One phrase of this traffic that has  
attracted attention is the large por-  
tion of people who are returning to  
visit their old homes in the provinces,  
many of them without much more in  
their pockets than the return portion  
of their tickets.

A canvass of the hotels for their  
opinion as to the relative size of this  
year's business as compared with last  
year's elicited the following infor-  
mation.

Royal Hotel—July poorer than last  
year; August, about the same. Lack  
of money not noticeable among their  
patrons, but merchants complain about  
it.

Hotel Dufferin—The business this  
year has been good, if not better  
than last year.

Victoria Hotel—July held its own  
and August has been better than last year.  
People seem to be spending less money  
and to have their expenditures figured  
out pretty closely in advance.

Clifton House—Found the trade dur-  
ing July better than last year, but it  
has slackened lately.

Grand Union—The number of guests  
has been about the same but they have  
as a rule, been spending less money.  
Park Hotel—Business better than last  
year.

Lansdowne House—As a whole far  
exceeded last year's business for same  
period. Poor at first but much better  
lately.

The passenger agents of the various  
transportation companies have found  
the travel about the same as the hotel  
men.

W. B. Howard, district passenger  
agent of the C. P. R. said that their  
business had been better than last year  
but not as good as they had hoped for.  
He gave the number of guests who had  
been attracted to Quebec as one of the prin-  
cipal reasons why the travel had not  
been greater.

George Carville, I. C. R. ticket agent,  
had found the total business better  
than last year but could not say that  
this was due to the tourists. Their  
business had been very good during  
the last few weeks.

C. E. Lecher, agent of the Eastern  
Steamship Company, said that without  
making a definite comparison the  
travel about the same as the hotel  
men.

A. C. Currie, agent of the Dominion  
Atlantic Railway said that the number  
carried by their lines was larger than  
last year. Their business had been bet-  
ter from the start of the tourist ses-  
sion. About July 1 and during August  
they had had a much larger number  
of passengers. While the total was  
larger he did not think that the num-  
ber of those generally regarded as  
tourists was as large. There were great  
numbers of provincials returning to  
their old homes. They had noted the  
tendency towards a less lavish ex-  
pense on the part of the passengers.

Winnipeg, Aug. 17.—Mr. W. B.  
Snow, the Chicago wheat crop expert,  
is in the city, having returned from a  
tour of the Canadian West, where he  
has been closely studying the pros-  
pects. Mr. Snow believes the crop will  
not now go over possibly 100,000,000  
bushels, though threshing may turn  
out better than indications show. It  
may even go 100,000,000. This is a big  
cut from his first estimate, but he  
seems positive that the conditions war-  
rant it. Speaking of this Mr. Snow says  
that if the country could have harvest-  
ed during the second week in July the  
yield would have been 120,000,000 bush-  
els.
