PROVINCIAL NEWS.

ST. ANDREWS, July 3.-The young lady members of the 1903 graduate class of the grammar school invited their guests to meet them in the school room last evening. The room was tastefully decorated with maple leaves, ferns, flowers and flags. The exercises were preceded by an address of wel-come by Principal Allen, after which me as follows was rendered: Chorus, Old Glory, members of the graduating class; readings from the Merchant of Venice by members of the class; quartette, De Lorelen Elmer Wiley, F. Worrell, Flossie Hibbard, Josephine Hibbard; reading, Class Prophecy, by Miss Mollie Cougle; duet, Oh Wert, Thou in the Cauld Blast? Blanche Gardirer, Elmer Wiley; address, Judge Cockburn. A short time was devoted to social life and discussing refreshments served by fair waitand male assistants. The enjoyable function was closed by all present singing the national anthem. Miss ordon and Miss Lottie Worrel played the organ.

Rev. Chas. Ketchum, Mrs. Ketchum and two sons, of Middleboro, Mass., and Mrs. C. M. Sills and members of family of Geneva, N. Y., arrived this afternoon. The first named are located in the rectory, and Mrs. Sills in the Sills cottage. Rev. C. M. Sills will ar-

The prevailing winds here for some days past have been southerly. About three o'clock this afternoon the wind came round with a rush to the west, blowing almost a gale.

ALMA, N. B., July 2.-Miss Evelyn teacher of the primary school here, had a half yearly review of her school on June 29th in the presence of a number of visitors. Addresses landing the work done by both teacher and pupils were given by Principal Colpitts, Rev. L. J. Laird, Trustee R. Thompson and W. Rommell. At the close of the examination Miss Bennett was preated with a beautiful silver fern dish accompanied by an address, by her pupils. Little Miss Jennie Kelly read the presentation address. Miss Bennett made a suitable reply. All regret that owing to a needed rest Miss Bennett has resigned her position.

HIM.

(Bangor News.) It is reported that President Cram of the Bangor & Aroostook Railroad 1s seriously cont templating the running of an excursion train to Presque Isle for the sole purpose of letting the citizens of eastern Maine see what a marvellous control Judge George H. Smith, the sage of Aroostook, has acquired over the birds which surround his home. The story goes that the benevolent judge has a score or more of yellow birds that are nesting about his premises, all of which have become so won-ted to his company that they not only perch upon his shoulders for crumbs and titbits, but they actually ask his advice upon knotty legal points as the rights of birds in general and of yellow birds in particular. This is no pipe dream story, which the judge has manufactured for campaign purposes, but on actual fact which is vouc by some of the best citizens of Pres-

Shorthorns Are Best Breed for New Brunswick.

W. W. Hubbard Tells of What C. R. Is Doing for New Brunswick Breeders.

(Montreal Gazette, July 1.) An interesting gentleman to meet is W. W. Hubbard, agricultural agent of the Canadian Pacific Railway, for W. Hubbard, agricultural agent province of New Brunswick. largely in stock raising.

Mr. Hubbard was in the city yesterday on his way back from Ontario, where he has been collecting a car load of pure bred short horn cattle policy. for St. John River Valley farmers. Among the lot is a fine thoroughbred bull for Hon. L. P. Farris, chief commissioner of agriculture for the province of New Brunswick which was elected from the herd owned by William Smith, ex-M. P., of Columbus,

Speaking of the prospects of New Brunswick as a successful stock raising country Mr. Hubbard said yester-

"There is no better spot for stock raising on the American continent han the St. John River Valley. There are climatic conditions there which ore nearly approach the old country than any part of Canada, but in order to make New Brunswick a good stock-raising country the best representatives of the different breeds must

oe brought there.
"In this matter the Canadian Pacific Railway is working in entire harmony with the departments of agriculture of the governments of the province of New Brunswick and the Dominion of Canada, and the consensus of opinion is that short horn cattle is the best breed for that section. They are especially hardy, healthy, early maturing animals, which will make the best quality of beef, while the females, if handled correctly, will hold their places as milk producers with almost any of the other breeds.

line it might be said that 90 per cent of the milch cows in England are short-horns, and the main business of the English farmers today is producing milk for the large cities. "The farmers in the St. John valley

with only four or five milch cows. "These farmers are not prepared by the use of short-horns

through the efforts of the Canadian fused to agree to any delay. Pacific Railway." Another of the duties of the agricultural agent is looking up markets for New Brunswick products, and in this he has been successful. A buyer from either regarded as a transcontinental

Mr. Hubbard will arrange for an auction sale of pure bred Clydesdale, which will be held in New Brunswick during the coming winter.

> tion sale of pure-bred stock will be held in Fredericton, N. B., in October next.

John McEachern has secured for himself a plot in another portion of Cedar Hill and to this plot the body of Mrs. McEachern has been removed. Neither Mrs. Corrigan nor any of her family knew of what was being done until Thursday evening when Mr. Mc-Eachern notified Mrs. Corrigan's son to the effect that he had had the body disinterred and removed to his own plot. This was the first word Mrs. Corrigan received of the affair and she is naturally indignant that such a gave notice of an amendment to pro-She has taken advice and has placed the hands of Scott E. Morriil, Canadian laws may not advance money on stocks issued by any company not who is now looking into it. Robert Maxwell is caretaker of Cedar

Hill cemetery. A VALUABLE PROPERTY.

The Owners of the Moffatt Lumber Property Can Make a Big Profit. It is not often that a clear profit of ,000 is made within a few months on a \$200,000 investment in this province. Yet that is said to be the profit which the purchasers of the Moffatt lumber property at Dalhousie can take if they care to sell. The purchase from Mr. Moffatt was made not long ago by a syndicate, including Mr. Hilyard and other St. John business men. The price they paid was that placed on the property by the late owner, who had been umbering over the land for years. Further exploration after purchase confirmed the good opinion of the purchasers. This opinion was evidently shared by others, as it was not long before was made to purchase from them at a large advance. This was declined and still higher offers followed. At length the bid reached half a nillion and this handsome profit was declined. The present owners think they can make more money by operation, and have not so far as the Star can learn, responded to the request to name their price.

impossibility to satisfy the opposition. A series of incidents, the like of about fifty head of short-horns have be held over until Blair was ready "Since the middle of last March Mr. Clark insisted that the bill should which have not been heard of in St. been introduced into this district with information, but the minister re-

Mr. Borden pointed out that the government was responsible for the delay road or it was not, and some policy should be ready in regard to i sions to purchase grade short-horns for warned the government that he would object strenuously to the consideration transportation if it is brought down during the last stages of the session. Mr. Tarte called for the agreement by which the Canadian Northern would faith in the new markets, which should not be permitted to amalgamate with any American line.

Mr. Blair did not consider there was any danger from this quarter.
Mr. Sifton held that the Canadian Northern had the effect of diverting the vessels supplied by Northern had the effect of diverting Elder-Dempster and Furness lines Canadian grain from Duluth to Port Arthur.

After dinner Mr. Wilson took strong ground against bonusing any more railways. He considered that as \$30,-000,000 had been already paid for that purpose it was time to allow railway ompanies to paddle their own canoes.

Mr. Kemp asked if the government had made surveys of the country between Quebec and Winnipeg.
