

AROUND THE CITY

To Ottawa. Hon. J. D. Hazen left for Ottawa last evening.

Bought Junk Without License. Detective Killen has reported Lewis Dritz, of 34 Chapel street, for buying junk in the city on the 2nd inst without a license.

Charged With Assault. Thomas Andrews of the Strait Shore Road was arrested yesterday afternoon on a warrant charging him with assaulting a man named Pierce.

Destroying Trees. A boy named Thomas O'Grady was arrested on Douglas avenue by Police-man Covey yesterday afternoon and is charged with destroying the trees in the River View Park.

Local Council of Women. The Local Council of Women will meet at the King's Daughters' Guild this afternoon at 3 o'clock. It is expected that Miss Agnes R. Riddell will be present.

Boys Reported by Police. Ernest Lake, Percy Goal and Norman Ward of Union street, were reported by the police yesterday for discharging fire arms on the railway track at the foot of Mecklenburg street.

Provincial Sunday School Convention. The provincial Sunday school convention will open in this city on Tuesday, 17th inst. On Saturday evening there was a grand practice of the large choir that will be present at the convention.

Golf Play Saturday. On the Golf Links some time ago Andrew Jack and C. W. Spragg tied in a match for the Thorne prize. They played another match on Saturday with the result that they again tied, each making a score of 119.

Suffered From Nervousness. Dr. M. L. Macfarland of Fairville, who was summoned to attend Mrs. James Irvine of Milford, who was found in a semi-conscious condition Saturday afternoon, said last night that she was likely to get better. She had been overcome by a nervous affection.

Found By The Police. While the policemen patrol their beats they find a number of articles. Yesterday's reports show the finding of two coats and a watch in Chipman's field, a key on Back street, and a shovel on King street. The articles can be obtained on the owner calling at the Central Police station.

A Cow At Large. The police found a cow wandering about Adelaide street Saturday night and placed the animal under arrest. It refused to enter a cell in the North End station and was given a room in John MacCarthy's stable on Simonds street. Yesterday the cow was handed over to its owner Robert Phillips of Adelaide street.

Transferred to Winnipeg. Gordon C. Miller, who has been in the Canadian Bank of Commerce in Antigonish, N. S., has been transferred to the bank's branch at Winnipeg, and will leave for the West this week. He will spend a few days in this city visiting his mother, Mrs. Longley Miller, Princess street, before leaving for Winnipeg.

Dr. Pringle's Lecture. Rev. J. A. Pringle, of Sydney, C. B., who has been instrumental in exposing the gross immorality of the Yukon country, will lecture in Germain street Baptist church on Thursday night at 8 o'clock, under the auspices of the Y. M. C. A. It will be a fine opportunity to hear a great lecturer and reformer.

Song of Temperance. The quarterly session of the St. John district division Sons of Temperance, will be held in the Temperance hall, Carleton, tomorrow evening. Members of subordinate divisions are respectfully requested to be present as reports will be presented and other important business considered.

Married in Bangor. Albert E. Hopkins, of Bangor, Me., the new musical director at the Nickel Theatre, and Miss Kathleen E. Taylor, of the same city, were quietly married on Friday in Bangor by the Rev. F. H. Roberts. Mr. Hopkins has long been connected with the Keith interests, and the happy couple will make their home in St. John for an indefinite period.

Will Arrive Today. Rev. R. A. Shiltz, general secretary of the Sunday School Committee from the Church of England, will arrive in the city today, and will address a meeting in Stone church on Tuesday evening at 8 o'clock, in the interest of Sunday school work. Rev. Mr. Shiltz has had a wide experience in Sunday school work, and his address on the subject will prove interesting and instructive. The meeting will be for the clergy, superintendents and teachers in St. John Sunday schools, or any who are interested in the work.

Mark Hambourg Here. Mark Hambourg, the distinguished piano virtuoso, accompanied by Mrs. Hambourg, arrived in the city Saturday evening from Sydney, C. B., and is registered at the Royal Hotel. Mrs. Hambourg is a daughter of Sir Kenneth Muir MacKenzie, Bart. (C. B.), permanent secretary of the Lord Chancellor and Clerk of the Crown in Chancery. Mr. Hambourg, now on his return Canadian tour, is resting today previous to his recital in Centenary schoolhouse tomorrow evening.

Why This Difference. Everyone knows that the price of living is high in St. John. When the housekeeper goes to the country market she has to carry a fair sized roll in order to purchase supplies to last over the week. The reason of these fancy prices in produce are hard to find out. Certainly the farmer is not much better off than when he had to accept trade for all he disposed of. A lady who spent last week in the country at a point not more than 20 miles from the city, reported that there but was retailing for 20 cents a pound and eggs at 24 cents a dozen. Retail prices here on Saturday were 25 cents for butter and about the same figure for eggs. Moral, let's all move into the country.

T. B. KIDNER'S WORK IN WESTERN SCHOOLS

Former Director of Manual Training in New Brunswick Writes of Work He is Doing in Calgary.

T. B. Kidner, who for many years was in charge of the manual training work of the public school system of the Province of New Brunswick, and who some months ago went West to take a similar position with the Public School Board of Calgary, has written an interesting letter appreciatively to the pronounced interest in the question of technical education exhibited by the people of the West. The following is an extract from his letter:

"I found the school board ready to assist me, and at once took up the work of organizing an evening Technical School. I suggested a strong committee of certain members of the board and also of representatives of the labor unions, and of the employers. The labor unions council gave me an opportunity of addressing them and appointed two good men for our committee after hearing the scheme outlined. I have also been fortunate in finding some excellent men on the employers' side.

We propose to start classes for technical drawing, machine drawing, house carpenters' course, sheet metal workers' course, building construction, architectural drawing, and, perhaps, surveying and plumbing classes. There is an excellent field also amongst the foreign population, and we are trying to arrange classes in English, etc., for them, and also for those amongst the English speaking people who want to rub up on their general education.

The manual training work is in charge of Mr. Lynn, formerly of the Frederick Normal school, but the Board has given me charge of the household science, and amongst other things, I have planned one new department in the branch and have contractors figuring on the equipment."

FORMER PASTOR IN ST. DAVID'S PULPIT

Rev. Dr. J. A. Morison, Now of Chicago, Preached to Large Congregations at Both Services.

Rev. J. A. Morison, Ph.D., D.D., formerly pastor of St. David's church, but more lately of Chicago, preached with great acceptance at both services in St. Andrew's Presbyterian church yesterday. Large congregations listened to his eloquent and powerful sermons. Dr. Morison has been staying up the river all summer.

In the morning his subject was the forgiveness of sins, his text being the words: "Father, forgive them for they know not what they do." The preacher first drew attention to the fact that all human religions recognized the existence of sin and the more thoughtful they were the greater emphasis they laid on it. The definition of sin as found in the shorter catechism of the Presbyterian church: "Sin is any want of conformity unto, or transgression of the law of God," was, he said, as good as one humanly speaking, as it was possible to have.

The next question was, can sins be forgiven? On this point Dr. Morison quoted some modern thinkers showing that they did not think that there was any possibility of such thing. On the other hand all the writers of the Old Testament who had said anything of the matter, had taken the opposite view. Not only so, but Jesus Himself had insisted on it and Paul was very clear that the forgiveness of sins could be obtained through the grace of God.

But the nature of this forgiveness does not alter the relation of the sinner to the consequences of his sin, but it alters the relation of the sinner and God. The physical effects of the transgression of God's law may remain in a diseased body, but it will no longer eat like a canker into the mind. It may even remain to some extent and alter his relation to his fellow men, but the man who has obtained the forgiveness of his sins from God may and can rise into newness of life.

THE BOY SCOUTS ATTENDED CHURCH

Creditable Showing Made by Local Troops in Parade to Centenary Church - Rev. Dr. Flanders Preached Sermon.

The Boy Scouts of the city held their church parade yesterday morning to Centenary church. The parade was an excellent turnout, about two hundred from the various troops of the scouts participating. The troops assembled in Market square shortly after ten o'clock and formed ranks. The parade was headed by the Artillery band, and after leaving Market square marched up King to Charlotte, to Princess to Centenary church. The line of march was well lined with interested spectators, who commented favorably on the neat appearance and manly bearing of the scouts.

At the church the main aisle was reserved for the scouts. The attendance at the service was large and the service was especially appropriate to the occasion. The sermon was delivered by the pastor of the church, Rev. Dr. Flanders, who took as his text for his discourse, Luke 2, 49. The sermon had special bearing on the occasion, while all the hymns chosen were in keeping. Following the service, ranks were reformed and the parade returned to Market square where it disbanded and the different troops marched to their respective quarters.

ALD. POTTS HAS IDEA FOR A POLICE ALARM

After Making Inquiries He Figures that Valentine System Would Best Meet Needs of St. John.

While visiting American cities Ald. Potts who has advocated the installation of a police alarm system in St. John in order to provide for the effective fulfillment of the purpose which prompted the Local Women's Council in presenting a patrol wagon to the city, collected considerable information regarding the signal systems in operation in the United States. After making inquiries about the different systems, he is inclined to think that what is known as the Valentine system would meet the requirements here.

The police patrol boxes of this system are fitted with two sets of handcuffs whereby the prisoner may be secured to the box by the patrolman until the patrol wagon arrives to take the prisoner to the station. The advantages of this system are obvious, as all police officers are well aware that the majority of serious troubles take place at the patrol box, either through the prisoner seizing the opportunity to effect his escape when the officer is manipulating the alarm, or his friends taking advantage of a like opportunity to rush the officer and effect the release of the prisoner.

When one of the handcuffs is applied to a prisoner, a combination of weights is set in motion which draws the prisoner's hands close up to the box and prevents him from striking the officer or injuring himself. Once he is handcuffed there is no chance of his friends rescuing him, because the driver of the patrol wagon is the only officer who holds a key to unlock the handcuffs.

Ald. Potts estimates that the cost of maintaining and caring for one of the lockups to which prisoners are now taken would pay the interest on the investment necessary to install a satisfactory police alarm system in St. John. The operating desks in the central station could be installed for \$200. The boxes would cost \$75 each and the wiring would cost a little over \$400 per mile. The operating desks, 50 boxes and four miles of wire would bring the cost up to about \$7000. Chief Clark has estimated that the cost of installing the police alarm system in the city would be about \$3,000.

MR. SMITH PRESSES FOR RECOUNT IN CARLETON

J. C. Hartley Has Applied to Judge McLeod, of Supreme Court, for Order for Judicial Counting.

On Saturday J. C. Hartley, of Woodstock, on behalf of E. Frank Smith made application to Judge McLeod, of the supreme court of the province, to reverse the decision of County Judge Carleton, and grant an order for a recount of the ballots cast in the Carleton county election. When application was first made to Judge Carleton he granted an order for a recount, but later when objections were raised by counsel for Mr. Carvel, he set the order aside on the ground that Mr. Smith had failed to comply with the provisions of the statute, in that the affidavit accompanying the application did not positively state that ballots had not been properly counted by the returning officer.

Mr. Hartley, counsel for Mr. Smith when spoken to over the telephone last evening, declared that the affidavit in connection with the application for a recount, not only stated inferentially that the ballots had not been properly counted, but in one paragraph makes a specific charge of irregularities in the manner of making up the count for declaration purposes. On this ground he had made application to Judge McLeod to reverse the ruling of the county court and grant an order for a recount.

Judge McLeod took the matter on deliberate and announced that he would give his decision on Friday.

ANNUAL APPLE SHOW TO OPEN ON OCT. 30

With Fine Apple Crop and Excellent Arrangements, This Year's Show Should be by Far the Best Yet.

The second annual provincial apple show which will be held in the St. Andrew's rink, St. John, will be formally opened by Premier Hazen, Hon. Dr. Landry and others at 8 p. m., Monday, October 30th, and will run for the following three days. The apple crop is exceptionally good this year in the province, and a marked improvement in quality over last year's exhibits is assured.

Upwards of \$800.00 is being offered in prizes. Several new features will also be introduced, the aim of the management being to place before the public of St. John and the fruit growers of New Brunswick a display of apples hitherto unsurpassed in Canada.

Leading authorities on apple culture from Ontario and Nova Scotia have been engaged to judge the exhibits and deliver addresses. Return tickets from any point on the Canadian Pacific and Intercolonial railways will be issued on Standard certificate plan, for single fare. The Fruit Growers' Association will meet in convention on the same dates. For complete prize list with particulars and programme, write to A. G. Turney, Fredericton, N. B.

Royal Guardians. This evening the regular meeting of Chambers Lodge Royal Guardians, will be held in their hall, Germain street. Members of the order are requested to be present.
