SMUGGLE SUGAR FROM NEW BRUNSWICK

Some of the Maine people have been crossing over to New Brunswick and purchasing supplies of sugar. The United States federal authorities are putting a stop to this practice. George W. Lincoln

and A. B. Benjamin of Mars Hill hiked over Florenceville way recently and were detected taking back 115 pounds of white sugar, 38 1-2 pounds of brown and a bundle of binder twine.

Some of the officials heard of the importations and the United States marshal at Portland, James Cleary, was directed to proceed to Mars Hill and arrest the two. They were given a hearing yesterday at Bangor and held for trial.

GERMAN PRISONERS IN FOUR WEEKS NUMBER 73,000

Seventeen Hundred Guns Captured in Allies' Latest Offensive.

BOTH SIDES PREPARING FOR FURTHER HEAVY FIGHTING.

Enemy in Thiercourt Section Shows Signs of Giving Way--In the Roye Area Are Nervous But in Strong Positions--Australians Straighten Out Their Line.

PARIS, Aug. 15.—Allied troops have captured 73,000 prisoners and more than 1,700 guns. This is a greater number than the Allies have taken in four weeks since the beginning of the war.

Both sides are gathering strength for a resumption of heavy fighting. That, however, does not prevent the French from hammering away at the Lassigny-Noyon line and doggedly struggling on toward through gas choked woods.

General Humbert's men have carried Ribecourt, which barred the road running toward Noyon between Thiercourt Ridge and the Oise and protected the Germans in Ourcamp Forest, east of the river. It is a useful success, that serious dangers both Thiercourt Ridge and the Ourcamp salient.

The enemy in the Thiercourt position, already severely shaken by the attacks of Gen. Humbert's left, is reported to be showing signs of giving way.

With the British Army in France, Aug. 14.—(By the Associated Press)—In the battle area between Fouquencourt and Roye, the enemy appears to be in a fairly strong position in the old trenches behind the rusty wire erected prior to July, 1916. This area is strongly garrisoned.

However, there are no immediate signs of a counter-offensive here or elsewhere. The enemy seems to have accepted defeat, preferring not to attempt any operations which might cost him heavy losses.

It is believed that the Germans themselves are somewhat nervous. According to the talk of prisoners, which may or may not be correct, at least five, and

probably more, enemy divisions were withdrawn from the fight in an exhausted condition.

There have been only a few real developments on the British front in the past few hours. The Australians have cleared the enemy from Cateaux Wood, just south of Bray, straightening their line at the river and eliminating an enemy "strong point".

Southeast of Bois Leaux St. Marie, south of Arras, the Germans attempted a raid on the Allies' positions. Four managed to get in, and one was killed and others wounded.

The Germans have not existed from the practice of leaving man traps in the territory from which they have been chased. The body of a British officer, found in a wood, had a German grenade attached to the wrist in such a manner that it would explode had the body been moved incautiously.

SALMON SEASON ON THE ST. JOHN RIVER CLOSED YESTERDAY

The season for netting of Salmon in the St. John, river closed yesterday under the regulations of the federal department of fisheries. A petition from a large number of residents of the parish of Kingsclear was presented to the department some days ago praying that the season be extended on account of the unfavorable weather of the early summer. The department refused to grant the extension.

THREE DEATHS ARE REPORTED

Including Lieut. J. W. Holly, Killed in Action.

There will be general regret at the announcement received today by Mr. J. W. Holly, German Street, of the death of his son, Lieut. J. D. Holly, in action, who is officially reported to have been killed in action in France on August 8th. Lieutenant Holly was twenty-one years of age, and had been employed in the Bank of British North America previous to enlisting. Over two years ago he joined the 4th Siege Battery, was later transferred to the 106th N. S. Rifles, and finally drafted to the 25th Battalion in France. Two months later he was invalided to England—he was ill at the time of the battle of Courcellette—and after a lengthy period in the hospital returned to the firing line, where he had been for about eight months at the time of his death. Deceased was a grandson of Shadrach Holly.

It was announced in the Globe on Wednesday that Pte. Doves White, 53 Thorne Avenue, was ill in an Australian hospital in France, suffering from gunshot wounds. Later reports show that death followed the injury. Pte. White leaves a widow.

Pte. John Gibson, Thorne Avenue, is also reported to have died of wounds. He leaves a wife and one child.

Paris, Aug. 15.—According to a Barcelona despatch to the Temps, the captain-general at Cartagena caused the arrest on Monday at midnight of the German officer in charge of the German submarine interned at Cartagena. The arrest was made at the German officer's hotel and was ordered, the message said, on the ground that the hour expired for the officer to renew his word of honor that he would not escape which he was required to do on Monday.

LIEUT. S. DAWSON ROYAL AIR FORCE REPORTED MISSING

Is Son of Rev. Geo. Dawson, Pastor of Exmouth Methodist Church—Was in the Service over three Years

Lieut. Stephen Dawson, of the Royal Flying Corps, is reported missing since August 10. He had been in the service for nearly three years with the Navy Flying Corps, but had only been in France about a month when he was reported missing during one of the recent big drives.

The young officer is a son of Rev. George Dawson, pastor of Exmouth Street Methodist Church, and besides his parents he leaves four brothers and two sisters. The sisters and one brother are at home, while the three other brothers are in the air service.

In Old Age

Health and comfort in old age depends largely on keeping the liver and kidneys in healthful action.

Pains and aches, stiffness of the joints, lumbago and rheumatism tell of poisons left in the blood by sluggishness of the liver and kidneys.

People in advanced years hold Dr. Chase's Kidney-Liver Pills in high esteem because of the promptness and certainty with which they awaken the action of kidneys, liver and bowels.

"Barber's Itch"

Annoying, isn't it? But you can soon get rid of this form of eczema by applying Dr. Chase's Ointment after shaving.

This soothing ointment heals the irritated skin and keeps it soft and pliable. By its antiseptic influence it prevents the spreading of skin trouble.

You will not suffer from tenderness of the skin if you apply Dr. Chase's Ointment after shaving. It acts as a food for the skin, keeping it smooth and velvety.

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain unsifted coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

GARDEN PARTY ON THE WEST SIDE LARGELY ATTENDED

Yesterday afternoon the garden party held in the West End by the West Side Soldier's Comforts Association was largely attended. The grounds near the corner of Ludlow and Tower Streets were gaily decorated with flags, attractive articles were on sale, and a luncheon was served.

The City Cornet Band rendered a choice programme of music during the evening. The different tables and games were in charge of the ladies of the association and a neat sum of money was taken in, to go towards sending comforts to the boys in the trenches.

COMMANDER THE MURDER SHIP

Captain Foote of New York and formerly of Nova Scotia is in the city enroute to the peninsula on business. Captain Foote was commander of the Margaret Rouse when torpedoed off Monte Carlo. This vessel was formerly the Herbert Fuller of Harrington Me., and was known as the "murder ship" as the mate N. Brahm, awakened one night and killed Captain Nash, his wife and the second mate. The murderer was sentenced to twenty years imprisonment but is now on parole.

Wife and Little Boy SAVED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY Both Had Dysentery.

Dysentery comes on very suddenly and is one of the worst and most dangerous of all bowel troubles. The pains in the bowels become intense, the discharges occur with great rapidity, and are very often accompanied by blood. Unless these discharges are checked, the sufferer becomes weak and languid, and very often death ensues. There is only one remedy to use in all cases of dysentery or any other looseness of the bowels, and that is "Dr. Fowler's Extract of Wild Strawberry."

It will cure where all others fail. It has been on the market for 73 years.

Mr. W. J. Metcalfe, Tonfield, Alta., writes: "I wish to state that we have used Dr. Fowler's Extract of Wild Strawberry with good results. I will say that it can't be beat. It saved my wife and little boy last summer, when they were very low with dysentery. We always have a bottle of it in the house, and would not be without it if it cost five dollars a bottle."

The genuine "Dr. Fowler's" is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price 25c.
