EQUAL TO THE WEST,

And Tells the Farmers of Kent and Northumberland About It--Hon. Mr. LaBallois Shows That a Grea, Boom in Dairying is on and How Flour Mil's Have Gained.

Rogersville, Northumberland county, N. B., Sept. 10—The tenth meeting of a series of twenty-six advertized by the packed to the door, over three hundred

people being present.

Hon. Mr. LaBillois, now con The campaign of the Conservatives has settled down into one of abuse and slander. No one expects anything better from that quarter, and the voters of Canada to the coming election. It is the present commissioner of agriculture, to attend some of the meetings and to speak words of encouragement to the farmers. We had reason to be greatly encouraged, said Mr-La Billois. In three years we have increased our factories from 63 to 98. In July der. No one expects anything better from million pounds more milk than they did during July, 1899. The county of Kings alone furnished nearly half a million of We would have seven eight more roller mills in operation this fall, making the total number for the province 18. The prospects were that we would have the finest wheat crop this would have the linest wheat crop this year the province ever saw. The new commissioner, who was a practical farmer, would be heard from. A large series of English meetings would be held at an early date by him. Mr. LaBillois advised the farmers to send their sons to the Sussex dairy school payt mouth and advised every. PASS THE TURNSTILE. dairy school next month and advised every body to take in the St. John exhibition to see the exhibits of fruit, grain, vegetables, dairy products and live stock. It would

well repay all our farmers to visit the St.
John exhibitions.
Mr. LaBillois spoke at considerable Good roads will change all this and, moreover, will give value to our farmers. He hoped every one would join the good roads movement. The department of pub-

Dr. Grignon followed and spoke for over two hours on Wheat Growing and Dairying. He said that he had seen wheat fields in Restigouche, Gloucester and Northumberland counties equal to anything he had ever seen in the west. He gave the thow certain experiments had succeeded. The doctor was frequently applauded when he spoke on improvement of stock and catle-feeding and brought down the house several times when he illustrated how some farmers keep their stables. He deivered a second address here and spoke on the care of milk, fruit growing and

KOYALI Baking Powder

Makes hot breakfast-breads wholesome—no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries Royal is indispensable.

Absolutely Pure

Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. Not only will they spoil the cake, but alum is a corresive acid, which taken in food means injury to health.
