

self? We find instead of it a despotism more rigid and relentless than ever. The Press, the Church, the University, the Brethren suppressed; upwards of thirty avertisements supplying the place of those which in the first rush of vanity and elation he cancelled; the Bar silenced; except on the condition of a slavish subservience; the Bishops warned of the coming wrath; the Prefects throughout France commanded to put in force against the Church the law that the Revolution of 1848, of which this Imperial hypocrite was the venomous spawn, enacted against Socialists and blasphemers. Is this honor? Is this justice? Is it a policy which deserves the approbation of honest men? Is it decent in English statesmen to invite closer bonds of amity with such brazen infamy, and by doing so, show to the world that this grand nation, so powerful and so boastful of its love of truth and virtue, values the increase of its exports and imports far above considerations of honor? It is not decent, but it is the fact. And we have this week read in the columns of the leading English journal the urgent advice tendered to that French Emperor whom in days still recent it denounced in terms of the most inordinate abuse, to imitate the illustrious Henry VIII, and exalt himself more glorious than ever over the Church's ruin. Alas for human wickedness, the evil spirit is willing but the beggarly flesh is impatient. Infidels, like wise, have but their day. And when the last printer's devil in Printing House-square carries the last libel or panegyric, as circumstances may require, on Napoleon to the composer's room; and when French parvenues and British Whigs are gushing their teeth in despair, the Catholic Religion and all who are faithful to its Divine Head and His Vicar on earth, will pursue their appointed course, not in- duced indeed as the flesh and the devil, British Whigs and parvenue Emperors have power—but in- destructible.

There then is the contrast between Louis Napoleon and the Emperor of Austria. Profession and lies on one side, Truth on the other.—London Tablet.

Lord John Russell's Bill extends the franchise to 210 occupancies in counties, and 40 in boroughs. Twenty-five of the smallest boroughs are to have one instead of two members, and the seats thus gained are to be distributed between the most populous counties and boroughs of Ireland and Scotland, which get two additional members each. A corresponding reduction is to be made in the franchise, but the present representation is not to be disturbed. Liberal journals are not satisfied with the measure.

The Stork gunboat, tender to the excellent gunnery-ship at Portsmouth, proceeded yesterday up Portchester Lake and made practice at short range with solid shot from her eight-inch pivot gun upon an iron plate affixed to the side of the old Briton frigate. At the conclusion of the firing the plate, which appeared to be upwards of four inches thick and about six feet in length by four in breadth, was carefully covered up with canvas. The result of the trial, however, was precisely the same as on former occasions of the kind, the third shot from the gunboat, breaking the plate and driving large portions through the frigate's side, strewing the deck with broken pieces of iron.

DR. WISTAR'S BALM OF WILD CHERRY.

Balm of Wild Cherry. Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely-circulated Journal, we should deem it little less than a crime to recommend any medical compound (the real virtues of which we could not conscientiously endorse. This balsamic compound has become a household name, and all persons who suffer, and have in vain attempted to cure their Coughs, Colds, Bronchitis, or Pulmonary Complaints, make use of this unequalled remedy. The following Certificate from a distinguished gentleman is equally conclusive: From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, N. H., more recently American Consul at Beyroot, Syria, and now Chaplain in the Navy. Concord, N. H., March 2. Messrs. SETH W. FOWLE & Co., Gentlemen:—Two years ago a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficiency of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of Wistar's Balsam of Wild Cherry, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted. With respect, yours truly, HENRY WOOD. None genuine unless signed I. BUTTS on the wrapper. Prepared by SETH W. FOWLE & CO., Boston; and for sale at Wholesale, by Lyman, Savage, & Co.; Carter, Kerry, & Co.; S. J. Lyman, and by Druggists generally.

THE TOILET COMPANION is the name by which Messrs. Joseph Burnett & Co., at Boston, designate the neat and convenient case in which the famous chemists and perfumers put up their superior preparations for toilet use, viz., "Kalliston," "Cocoalins," "Oriental Tooth Wash," and "Florimel." Kalliston is an article the ladies already regard as an indispensable preparation for promoting the healthy condition of the skin and beautifying the complexion.—The Cocoalins, containing a large proportion of Coconut Oil, imparts to the hair a glossy appearance, invigorates it, and gives it a healthy growth. The Oriental Tooth Wash arrests decay of the teeth, cures canker, hardens the gums, and imparts fragrance to the breath; Florimel is a delicate and enduring perfume, of exquisite odor, and so pure as not to discolor the lightest fabric. These preparations are not only of approved usefulness, and all that they profess to be, but also remarkable for a delicacy of perfume and healthy purity, very seldom met with in articles which are sold at such moderate prices.—Louisville Democrat.

PIANO FORTE TUNING. JOHN ROONEY, PIANO FORTE TUNER, (Formerly of Nunn & Clark, New York, and recently in the employ of S. T. Pearce.) BEGS leave to inform Mr. Pearce's customers, as well in Montreal as in the country, and neighboring towns, that he has commenced TUNING PIANOS on his own account; and trusts by his punctuality and skill to merit a continuance of that patronage which was so liberally extended to Mr. Pearce. All orders left at Messrs. B. Dawson & Sons, Great St. James Street, will meet with strict attention. March 3, 1860.

FOUR DOLLARS REWARD.

LOST on Sunday, the 26th February, in St. Lawrence Main Street, a Lady's MINK GAUNTLET.—Whoever leaves it at the Office of this paper will receive the above Reward.

SYSTEM.

EVERY great movement is usually the result of systematic action. The sudden and impulsive efforts of men will sometimes carry out the object in view, but seldom are such results to be recognised by a permanency of character. The laws were established on and are administered by system; cities are built, countries marked out, roads formed, farms cropped and harvests saved, all by certain processes or systems. Remove a system for one week or one day and mark the result; but you cannot, for it is the very life of society. Without order and system the various grades of society would commingle into one confused mass; the worse dress would be stirred up, and those wild passions left loose would spread terror and disorder everywhere. System governs the army and the civil codes without which no nation could stand; it is the lever by which individuals and nations rise to their proper positions; it controls the steam and directs the vessel's course; it built the pyramids amidst a deluge of sand; it makes signals under the wide Atlantic; and that prodigious structure which lies across the great St. Lawrence, resting on its mighty piers, enveloped in sheets of iron, bolted, and locked perhaps till the end of time, is one of the greatest triumphs of a system associated with genius and art, of which this age can boast. System is as essential to commerce as it is to engineering, architecture, or navigation. The excellent system that is observed in the Business Departments at the CLOTH HALL, Notre Dame Street, is a proof of its application in the commercial, as well as in the higher walks of professional and scientific pursuit.

THE CLOTH HALL, 292 Notre Dame Street, (West).

The system is strictly One Price. Each piece of Cloth or Tweed, &c., has the lowest price distinctly marked in plain figures. Gentlemen will save considerably by visiting this establishment, the Latest Styles in the Gentleman's Dress Department are now exhibiting. J. IVERS. March 8.

CAST STEEL CHURCH BELLS.

THE Subscribers having been appointed AGENTS for CANADA, for the sale of CAST STEEL CHURCH and FACTORY BELLS, are now prepared to execute Orders for them to any extent that may be required. These Bells are made by Messrs. NAYLOR, VICKERS & CO., of Sheffield, England. They have a pure, melodious sound, peculiar to steel, owing to the elasticity of the metal the sound penetrates to a great distance. Cast Steel Bells are much lighter than those made of ordinary bell-metal of the same size, and are consequently more easily rung; and owing to the density and also to the well-known strength of the material, it is almost impossible to break them with ordinary usage. These bells have been successfully introduced in some of the largest cities and towns in the United States and Canada, for Fire Alarms, Churches, Factories, &c., and being sold much cheaper than Composition Bells, this fact in connection with their lightness, strength and sweetness of tone, cannot fail to commend them to public favor. Cast Steel Bells combine, therefore an improvement in quality and power of tone, with greater facility for placing and ringing them, from their diminished weight and a very material saving in price. CHURCH CAST TO ORDER WITH GREAT ACCURACY. Every Bell is warranted for one year, with proper usage, in any climate. Printed Circulars, with descriptions, recommendations, prices, &c., will be furnished on application to PROTHINGHAM & WORKMAN, Montreal, Agents for Canada. January 7.

AYER'S CATHARTIC PILLS. Are you sick, feeble, and complaining? Are you out of order with your system deranged, and your feelings uncomfortable? These symptoms are often the result of a torpid bowels. Some of sickness is, on every occasion, you, and should be attended by a timely use of the right remedy. Take Ayer's Pills, and you will find the bowels regular, the blood purified, the system invigorated, and the surrounding organs producing healthy action, and with it the bowels regular, and the system invigorated. What is true and important in this regard, is also true in many of the most common and dangerous disorders. The same purgative effect is produced by the use of these pills, and the natural functions of the body, they restore, and many of the most serious cases, will be cured by their use. None who have known the value of these Pills, will neglect to employ them when suffering from the disorders they cure. Statements from leading physicians in some of the principal cities, and from other well-known public persons, are published in the following English, French, and Spanish languages. They have cured many of the most obstinate cases of constipation, and have been found to be the most reliable and safe purgative ever used. They are sold by all the principal druggists, and by the proprietors, J. C. Ayer & Co., Lowell, Mass., U.S.A.

As a Family Physic. From Dr. E. B. Castner, New Orleans. Your Pills are the prince of purgatives. Their effects are so mild, but very certain and essential in their action on the bowels, which makes them invaluable to us in the treatment of disease. Headache, Sick Headache, Poul Stomach. From Dr. Edward Hoop, Baltimore.

Various Disorders—Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their use as a purgative, but they have the most beneficial effect upon the liver, very marked indeed. They have in my case proved most effectual for the cure of biliousness, and I have been repeatedly cured of the most obstinate cases of this disease, by the use of your Pills. It seems to arise from a full stomach, which they cleanse at once. Yours with great respect, ED. W. PHILLIPS, Clerk of St. James Church.

DEPARTMENT OF THE INTERIOR. Washington, D. C., 11th Dec. 1859. I have used your Pills in my family, and do not regret to say they are the best cathartic we employ. Their effect upon the liver is quick and decided, and they are an admirable remedy for derangement of the bowels. I have also used them in a small dose for biliousness and dyspepsia. Their sugar coating makes them very acceptable and convenient for the use of children. ALONZO BALL, M. D., Physician of the Marine Hospital.

Disentery, Diarrhoea, Cholera, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I can truly say that as one of the best agents I have used, they are of great value in the cure of the bowels, and I have seen many cases cured by their use. I have also used them in a small dose for biliousness and dyspepsia. Their sugar coating makes them very acceptable and convenient for the use of children.
