

*While the schools of our land, including our own unrivalled L. C. I., are engaged in the necessary and laudable work of "clothing the minds" of the young folks, our task is to "clothe the bodies" of the boys. It is equally necessary that this be as well done as the other, and our endeavors, we trust, will be as successful as the work of the efficient staff of the L. C. I. Our address is 157a Dundas Street, south side, near the corner west of Richmond, and those of the pupils who have not patronized us will be well served by us.*

PLEASE MENTION THIS PAPER.
