

### Install this Equipment on your Farm

Water, light and power are the three essentials to maximum results—whether in the house, the stables or the dairy.

#### Fairbanks-Morse Water and Light Systems operated by the Type "Z" Engine

give a combination of power farm equipment that embodies economy, convenience and efficiency. Bring your farm up to date—get better results—take the drudgery out of the farm work by installing this combination of units. They mean light anywhere at any time—running water on any part of the farm and power for driving farm machinery. Fairbanks-Morse Water and Light Systems lessen the housewife's labors. The ironing, the washing, the cleaning, the pumping and the great problem of farm labor are all solved. Write today to our nearest branch for full particulars.

# CANADA PAINT

## What C.P. Means to the Farmer

C.P. means Paint of only one quality—the best. It contains only the purest Oils, the best Lead and Zinc, mixed in scientifically correct proportions, and ground to the finest degree.

The Farmer knows, by careful comparison of cost per gallon and length of time on the house, that C. P., CANADA PAINT, is unquestionably the most Economical and the Best Paint for anyone to use.

"HOMESTEAD LIQUID RED" is the paint for Barns and Silos. One gallon covers 300 square feet, two coats. Ask the C.P. agent in your town for any information required.

Write us for your copy of our new paint book, "What, When and How To Paint". Sent free upon request.

## Peerless Poultry Fencing

A real fence, not netting. Strongly made and closely spaced, a complete barrier against animals of any kind. Keeps the small chicks confined. They can't get through. Does all and more than is required of a poultry fence.

The heavy, hard steel top and bottom wires with intermediate laterals will hold a carelessly backed wagon or unruly animal and immediately spring back into shape.

The wires are held together at each intersection by the Peerless Lock.

**Send for Catalogue** and address of nearest agent. We make a complete line of farm and ornamental fencing. We now have agents nearly everywhere, but will appoint others in all unassigned territory. Write for catalogue today.

### Just Put Clothes In—the Washer Does the Work

If you have a gasoline engine—if you have electric power—then no longer need you even work the lever of a hand-power washing machine. Let power help your work as it does your husband's!

Of course you realize that a washing machine, even run by hand, is quicker, easier, better than washing by muscle-power. But here's a washer that does everything—all you have to do is "turn on the juice."

#### Power Bench Washer

will do the washing while you do other work! No need to watch it—it can't go wrong. It will do the wringing too. Easy to operate—simple and strong in construction—perfect in mechanism. Made in one-, two-, or three-tub size; operate equally well by 1/6 h.p. electric motor, or any gasoline engine. Write us to-day for full particulars—it will be time well-spent.
