

Puts the gain on ALL the hog

All-round development is what the hog feeder wants, insuring higher grade pork as well as higher finish.

Purina Pig Chow is a scientific balance of concentrates for making bone, flesh, blood and fat. It develops and fattens pigs simultaneously, and brings hogs up to a maximum weight in record time. One feeder last year cancelled a car of Purina Pig Chow, because this feed finished out his herd a month earlier than he expected.

Purina Pig Chow contains Hominy Meal, Digester Tankage, Blackstrap Molasses, Ground Barley, Corn Gluten Meal, Cracked Corn, Linseed Oil Meal, and Alfalfa Flour, with a trace of charcoal and salt.

Compared with corn, barley, shorts, hominy or similar ingredients by weight, Purina Pig Chow will produce 100 lbs. of live hog with one-third to one-half less feed. Fed individually or in combination with other feeds, Purina Pig Chow will produce 25 to 50% more weight.

**Which Does Your Wife do
 and Deserve?**

GIVE her this convenience which you would demand if you had the house work to handle.

Contrast the labour saving implements, tools and equipment you use daily around the barn and in the fields with the necessities she has been denied. This

EMPIRE WATER SYSTEM

will modernize your home and give you city conveniences—running hot or cold water anywhere throughout the house, with a bath and toilet and water in the barn and paddock for the stock.

You need these conveniences to-day when help is scarce and both your wife and yourself are overworked.

Empire Systems are powerful and compact. They are very reasonable in price and made in different sizes to suit the needs of your own farm.

Our free booklet would interest you as it is well illustrated and describes our water systems fully. Write us to-day and we will enclose an Information Blank, for you to fill out. We in return will send you full particulars and the cost of a system suited to the needs of your farm.
