

## BAD BLOOD CAUSES BOILS and PIMPLES.

Get pure blood and keep it pure by removing every trace of impure morbid matter from the system.

Burdock Blood Bitters has been on the market about thirty-five years, and is one of the very best medicines procurable for the cure of boils and pimples.

### PIMPLES CURED.

Miss J. M. Wallace, Black's Harbor, N.B., writes:—"About five years ago my face was entirely covered with pimples. I tried everything people told me about, but found no relief. At last I thought of B.B.B. and decided to try a bottle. After finishing two bottles I was entirely cured, and would advise any lady who wants a beautiful complexion to use B.B.B."

### BOILS CURED.

Mrs. Ellsworth Mayne, Springfield, P.E.I., writes:—"My face and neck were covered with boils, and I tried all kinds of remedies, but they did me no good. I went to many doctors, but they could not cure me. I then tried Burdock Blood Bitters, and I must say it is a wonderful remedy for the cure of boils."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## Maple Lodge Stock Farm 1854-1911

A splendid lot of Leicesters on hand. Shearings and lambs sired by imported Wooler, the champion ram at Toronto and London, 1910. Choice individuals and choice breeding.

A. W. SMITH, Maple Lodge, Ont.

**OAKLAND SHORTHORNS**  
We have another lot of young bulls ready for fall and winter trade, out of good breeding dual purpose dams and sired by our herd header, Scotch Grey, 77692, one of the best bulls in Ontario; good cattle and no big prices. Will also sell a few cows and heifers; about 50 to select from.

JOHN ELD R & SON, HENSALL, ONTARIO

**JOHN GARDHOUSE & SONS**

Still have for sale a right good lot of young Shorthorns; a few No. 1 Shire stallions and fillies just imported in August; also a choice lot of ram lambs. Weston Station, G. T. R. and C. P. R. Long-distance phone.

**HIGHFIELD, ONTARIO.**

**Shorthorns of Show Calibre**

I have only three young bulls left, but every one will be a topper; sons of the greatest stock bull in Canada, Mildred's Royal, out of big, thick Scotch cows. For a show bull or show heifer, write us.

GEO. GIFF & SON, Grand Valley, Ont.

When President Taft was seven years old his mother bought him a pair of short duck trousers. The first time they were washed they shrank badly. The boy was fat, but his mother wedged him into the trousers against his protest. He went out to play, but in a few minutes returned.

"Mamma," he said, "I can't wear these pants. They are too tight. Why, mamma, they are tighter than my skin."

"Oh, no, they're not, Billy," replied his mother. "Nothing could be tighter than your skin."

"Well, all the same, these pants are. I can sit down in my skin, but I can't in these pants."

## QUESTIONS AND ANSWERS. Miscellaneous.

### MATERIAL FOR BARN.

Would you kindly give me the number of feet of plank required for the frame of a hip-roof barn 10 x 100 feet, frame to be all of plank, with 24-ft. posts; also what amount of sheeting it would take to inclose the structure? A. S.

Ans.—Your local carpenter, contractor or framer, could give you the desired information much more satisfactorily than we could. He is right on the spot, and you can discuss the plans together.

### HOLIDAYS FOR HIRED MAN.

Will you please state in your valuable paper how many holidays a hired man is entitled to?

### NIL DESPERANDUM.

Ans.—This question has been answered in the columns of "The Farmer's Advocate" several times during the last few months, but we repeat it again. A hired man may claim as holidays, after doing all necessary chores, Sundays, New Year's Day, Good Friday, Easter Monday, Victoria Day, Dominion Day, Labor Day, Christmas Day, and possibly, henceforth, the King's Birthday, together with any other day appointed by official proclamation as a holiday.

### COW COUGHS—ECZEMA.

I have a cow that has had a cough since spring. She now seems short of breath. She is in good condition and eats well. Please state what you think is the matter, and if it is contagious.

2. Have a mare that raised a colt the past summer. She did not seem to do well all summer. Since the colt was weaned, she has broken out in dry scabs about the size of a ten-cent piece. Please give remedy. S. T.

Ans.—1. The symptoms given indicate that the cow has tuberculosis. Have her tested with the tuberculin test. If she reacts, remove her from the herd. Tuberculosis is contagious.

2. This is probably eczema. Purge with 10 drams aloes and 2 drams ginger. Follow up with 1½ ounces Fowler's Solution of Arsenic twice daily every alternate week for four weeks. Rub a little of the following lotion well into the affected parts twice daily, viz.: corrosive sublimate, 30 grains to a quart of water. Give regular exercise, and feed on first-class hay, rolled oats and bran, with a little linseed meal. High feeding must be avoided, but as she is in poor condition, she should be fed fairly liberally after the purgation. Before applying the corrosive sublimate, it might be well to give her a thorough washing with strong, warm soap suds. Rub with cloths until dry.

### FEEDING QUERIES—BOG SPAVIN.

1. How many pounds of corn on the cob are equal to four quarts of oats?

2. How much oil cake should two colts eight months old have? They are getting three quarts of bran and oats mixed in equal parts, three times a day.

3. Have a young driving horse that has a bog spavin. Is there any remedy that will remove it? It has been on about two months. H. D. C.

Ans.—1. This would depend largely upon the quality of both the oats and the corn, and the comparative weight of the corn and the cob. Well-matured corn on the cob will yield a bushel of shelled corn to about 70 pounds weighed on the cob. Figuring the oats at 34 pounds per bushel, and the corn on the foregoing basis, about six pounds of corn and cobs should be, approximately, equal to four quarts of oats.

2. Oil cake should be fed in very small quantities to horses. Young colts should get very little. From 1 to 1½ a pound a day would be all that they should get. Oil cake makes a soft flesh on horses. If oats and bran are fed liberally along with good hay, oil cake should not be needed for colts.

3. Get a blister made of 2 drams each of biniodide of mercury and cantharides, mixed with 2 ounces of vasoline. Clip the hair off the parts. Rub well with the blister once daily for two days; on the third day apply sweet oil. Turn loose the next day. As the blister comes off, blister again. Repeat the treatment a month until cured.

### This Feed Costs Nothing if you count the results it gives.

Livingston's Oil Cake is just what cows need.

It tastes good—is easily digested—keeps stock in prime condition all the year round—actually increases the percentage of Butter-fat by 16% over Pasture Grass. The richer the cream, the more money you make. Livingston's is the feed that pays for itself.
