IMPURE BLOOD: The blood is the life! and when any foreign or unbeality, matter gets mixed with it, it is at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stouned will not digest the food perfectly. The liver cease to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The change become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountainhead of life—the Blood! #### AYER'S CATHARTIC

PILLS. Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelute to serious lilness. Some #0 of sickness is creeping upon you, and should be averted by a timely me of the right run.

They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which nake districts its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the matural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempors. The rance purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cared by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from

DEAR BRO. AYER: I cannot answer you what complaints have cured with your Pills better than to say all that we Dest we have, I or course value them nignly.

Billous Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than stay one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Washington, D. C., 7th Feb., 1856. }

Sir: I have used your Fills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, conequently tiley are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital. Dysentery, Diarrhea, Relax, Worms. Your Pills have had a long trial in my practice, and I hold them in enterm as one of the best aperients I have ever found. Their atterative effect upon the liver makes them an excellent remedy, when given in small doses for bitious dysentery and diarrhana. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

JOHN G. MEACHAM, M. D. Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Fills for the cure of costiceness. If others of our fraternity have found them continuous as I have, they should join me in proclaim-as efficacious as I have, they should join me in proclaim-ing it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in Itael, is the progenitor of others that are worse. I believe co-tiverses to originate in the liver, but your Pills affect that organ and cure the disease.

From strr. E. Susart, Physician and Midwift, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the natural secretion when wholly-or partially suppressed, and also vary effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients. From the Rev. Dr. Havnkes, of the Methodist Epis. Church Horse, Savannah, Ga., Jan. 6, 1856.
