

# STRONG TEMPERANCE SERMON AT SUSSEX; ODDFELLOWS MOVE

SUSSEX, Nov. 26.—The temperance sermon preached last evening by Rev. Dr. Rogers, the pastor of the Methodist church here, was one of the strongest utterances on the subject of temperance ever heard in this town. Dr. Rogers took as his text Deut. 22: 8. He emphasized the importance of each one's building a battlement of total abstinence about himself and his home. The moderate drinker, he said, was responsible for leading an air of respectability to the traffic and indulgence in alcoholic liquors, and for putting temptation in the way of his weaker brother who could not successfully resist it. He urged total abstinence and the enforcement of the Scott act as sufficient remedies for the drunkenness which undoubtedly exists in Sussex. Dr. Rogers is one of the ablest speakers in this province, and his words have made a deep impression.

The furniture of the Oddfellows' lodge is being moved today from the I. O. O. F. hall, which has been leased to the Sussex Institute. It is expected that the Oddfellows will occupy quarters in the upper part of Dr. White's new building.

# CAPTAIN AND CREW WERE DROWNED

QUEBEC, Nov. 26.—Captain Koenig, of the Government steamer Druid, who was sent to Red Island Saturday to investigate the remains of the wreck there, has returned and definitely reports that the vessel lost was the Norwegian bark Magda the name being seen on a piece of the wreck. From the time the wreckage went ashore that during the raging gale of Friday morning, the 16th inst., the bark went ashore in a blinding snowstorm.

Captain Koenig, his entire crew of 14 men and pilot Charles Pelletier, 88 years old, had all perished, while some bodies of Norwegian sailors with life-belts on have drifted ashore on portions of the Gulf coast and parts of the ship's small boats have been found. The wrecked bark broke in two when she struck the rocks, a portion of the stern being still afloat, while the remainder has been broken into fragments. The lighthouse keeper knew nothing of the wreck till the Saturday following, when he saw a portion of the wreck of the bark. The storm had been raging for some time, and on Sunday he reached it and investigated, but no signs of life were there.

# I. O. G. T. NOTES

Michael Kelly of St. Martins has just completed his first tour for the Grand Lodge. He has visited Queenstown, Lower Cambridge, Waterboro, Springfield, Penobscot, and Sussex. He preached six times besides the regular lectures. After a rest of two weeks he starts out again. He has already received invitations from Canterbury, Chipman, Curryville, Elgin and other places.

Prof. John Nicholls, chairman of the Massachusetts prohibition party, begins a month's campaign Dec. 1st. He will be at Elgin Dec. 1st and 2nd, and will hold meetings at Petticoat, Moncton, Hillsboro, Albert, Havelock, Dorchester, Penobscot, Sussex, Norton, Bloomfield, Hartland, Bristol and Bath. Mr. Nicholls has been in N. B. before and is sure of good audiences.

The Grand Lodge has had more workers out this year than for a number of years. A. E. Westwoodland did four months' work, J. J. Campbell four, M. Kelly two and J. Nicholls one, making eleven months work by Dec. 31. It is expected to keep this up for the year. The order is increasing rapidly, and contributions to propagation fund are coming in.

# CURED PAINFUL IRREGULARITIES

Strong Testimonial from a Lady  
Resident of Clarksburg, Proving  
that Ferrozone Surpasses All Other  
Remedies.

The health of many women is constantly imperilled through failure of certain organs to work according to nature's requirements. Where this condition occurs there is no safer remedy to employ than Ferrozone, which has a specific action in female troubles. Not only does it act directly on the organs, ensuring regularity and freedom from pain, but by forming rich red blood fortifies the system against weakening diseases.

Ferrozone possesses a volume of merit totally absent in the ordinary medicine, and its superiority is proclaimed by thousands of women. From Mrs. F. G. Caldwell comes the following endorsement, written from her home in Clarksburg: "I went through a most trying experience with what is commonly known as 'Female Trouble.' It isn't necessary to state my symptoms, but I suffered a great deal. My health was well nigh ruined, and I got into such a condition that I couldn't even sleep. I was constantly nervous, weak and pale. Different prescriptions were recommended, and I tried them. But Ferrozone was the first to help. I improved steadily under Ferrozone, and normal conditions were finally established. I gained weight, my color and spirits improved, and my former health was restored. Ferrozone cured me, and with a full heart I recommend this good medicine to all other women."

Beware of imitations—don't allow a druggist to palm off anything else for Ferrozone, which costs 50c. per box or six boxes for \$2.50 at all dealers.

# YOU CANNOT POSSIBLY HAVE A BETTER COCOA THAN EPPS'S

A delicious drink and a sustaining food. Fragrant, nutritious and economical. This excellent Cocoa maintains the system in robust health, and enables it to resist winter's extreme cold.

# CONVENTION TO BE HELD IN DALHOUSIE

Local Government to Select Candidate to Replace Judge McLatchy—Campbell Man Likely to be Chosen

DALHOUSIE, N. B., Nov. 26.—The friends of the local government will hold a convention in this county on Tuesday, the fourth day of December, next, to select a candidate to replace his honor Judge McLatchy, who has been appointed County Judge. The convention is called by Hon. C. H. Lablache, and will be held in the court house in Dalhousie.

The name of F. F. Matheson has been frequently mentioned as a probable government candidate, but this is uncertain. It will be a matter which the supporters of the government will decide. Everything points to a Campbell man being chosen.

# A DELIGHTED AUDIENCE

HOPEWELL HILL, Nov. 26.—A large and enthusiastic audience which practically filled the spacious assembly hall of the Riverside Consolidated School were highly entertained on Friday evening by a recital given by Miss E. Pauline Johnson, the Indian Poetess, and Walter McRae, the Drummond reader. From the opening of the evening, the audience was captivated by the picture costume of the performers. The recital was the undivided attention of the large assembly, and Principal Truman should feel gratified at the splendid success of the entertainment which was given under the auspices of the school. It was Mr. McRae's first appearance here, and his presentation of the humor and pathos of John Cowan and other poems of Mr. Drummond, marked him as an entertainer of high merit. Miss Johnson, in most of her selections, appeared in the picture costume of a Mohawk maiden, and gave her own poet productions, the entertainment closing with her rendition of her patriotic poem "Canadian Born."

# ALBERT COUNTY SCOTT ACT CASE

HOPEWELL HILL, Nov. 26.—At the court of Stipendiary Magistrate Stuart, at Riverside yesterday, Dr. Murray was fined for issuing a prescription for intoxicating liquor, for what it was claimed was for other than strictly medicinal purposes and in violation of the Canada Temperance Act. It was intended to carry this case through as a second offense, but on account of the judge's decision on a former case which was up on appeal being still pending, the prosecution, in the absence of the defendant, decided not to attempt to prove the first conviction, but allow the second case to go through as a first offense. In summing up the evidence, Stipendiary Stuart said he realized that the finding of the medical men was more or less unpopular, but the doctors having necessarily many friends, he believed, however, that if the medical practitioners were allowed their discretion which they might exercise without question, that the full aim and intent of the Canada Temperance Act was destroyed in effect, and that the act, instead of putting a stop to the sale of intoxicating liquor in reality fostering the business of the drug stores, inasmuch as the business was driven from the ordinary channels of the illicit bars and liquor shops to the drug stores, which, he believed, disposed of more liquor than all other agencies in the county combined. It did not seem reasonable to him, that the amount of liquor procured at the drug stores by the individuals who appeared there as witnesses, was really needed for medicinal purposes. He had understood that one of the doctors on another Albert County village where there was a drug store was issuing far less liquor prescriptions than formerly, and he could not but wonder, if the practice were legitimate, what could be the necessity of curtailment now. Doctors were not asked to give up honest practice. In the present case the defendant had been put on his defense, and on giving evidence had not, the magistrate considered, fully rebutted the case of the prosecution. He therefore imposed the prescribed fine of \$20 and costs. It is understood the case will be appealed. The cases of the Hillsboro doctors will come up again tomorrow.

Rev. Mr. Worden of Jemseg occupied the pulpit of the Baptist church here this afternoon. A business meeting of the church will be held on Wednesday.

# ANNEXATION ABSOLUTELY IMPOSSIBLE, SAYS FRASER

Lieutenant Governor of Nova Scotia in Speech Before Canadian Club in Boston, Says Such Result Can Never Come in History of the World—Hon. A. B. Morine Speaks on Newfoundland Fishery Question.

BOSTON, Nov. 26.—The annexation of Canada by the United States is an absolute impossibility, but that a union of the two great nations was a possibility, was the keynote of the address delivered tonight before the members of the Canadian Club at their annual dinner by Lieut. Governor Duncan G. Fraser of Nova Scotia.

"Never in the history of the world," he declared, "can annexation be made possible, but the time may come when these two countries will join in a union for the freeing of the oppressed and give liberty to all mankind."

The banquet was presided over by Charles H. McIntyre, president of the club, and the principal guests of the occasion and the only speakers were Lieut. Governor Fraser and Hon. A. B. Morine, ex-Finance Minister of Newfoundland. The guests were welcomed to the city by Mayor John F. Fitzgerald in a characteristic address, after which Governor Fraser was introduced.

Speaking on the subject The Relations Between Canada and the United States, Governor Fraser said in part: "The relations between Canada and the United States were never closer than at the present time. Trade was never broader between them, and it should be still broader in every manner than we find it today. Our relations with the United States are the same now as always, except that wiser counsels which have guided you in the interests of reciprocity have been in their endeavors and we have been obliged to seek other avenues for our commerce. There was a time when we were ready and willing to enter into reciprocal trade relations with you, but that time has passed and now we do not feel that morning, noon or night we should be the first to ask you for your trade, for we seem to have nothing which you appear to care for."

"Any man from Canada who comes to the United States and finds a home, and who is protected by its laws, its flag, its government, can do but one thing, accept its protection with all dignity of citizenship and so conduct himself that he may leave an impression of Canada and the United States as to render honor to the land of his nativity. Anyone who wants to re-

# SMALL-POX OF MILD TYPE IN MONCTON

Believed Victim Contracted Disease in Quebec—Committee of Train Dispatchers Meet

MONCTON, Nov. 26.—Smallpox of a mild type appeared here today. This afternoon the house of Joseph Doucet, a St. George street was quarantined. The victim, Joseph Doucet, jr., is a young man about twenty-three years of age. He came to Moncton about a week ago from a trip through Quebec province. He is in the insurance business, and had been travelling in the interests of his company. A few days ago suspicious symptoms were noted about him, and when a full-fledged case of smallpox developed today Dr. Bourque had the house quarantined. The young man says he has not been in Kent county, and it is likely that he contracted the disease in Quebec.

A committee of train dispatchers from all over the Intercolonial system are in session here transacting business of a routine character. F. W. D. Campbell of St. John is the chairman, and the other delegates present are E. A. Jean, St. Louis; Geo. O. Forbes, Springfield Junction; J. A. Thibierge, Rogersville; D. Montgomery, Alberton; P. E. Leland, and A. Fraser, Ferrona Junction.

Joseph A. Bayne, Charles Bleakney and Joseph Clark of local Machinists' Order, returned today from visiting the lodges on the northern division of the I. C. R., and report them in a prosperous condition.

The funeral of the late I. L. Miller, who died in Halifax recently, took place here this afternoon, from the Central Methodist church. Revs. James Stothard and S. T. Teed conducted the services, and the Central Methodist church was filled by a large number of former friends of Mr. Miller.

NEW YORK, Nov. 26.—Judge O'Sullivan, in the court of general sessions today signed an order granting a right to appeal in the case of Enrico Caruso, the Italian opera singer, who was found guilty in the municipal court of annoying women in the monkey house at Central Park and fined \$10.

# CASTORIA For Infants and Children. The Kind You Have Always Bought

# FAMOUS TENOR IS FOUND GUILTY

Enrico Caruso Fined \$10 for Annoying Women in Central Park—His Lawyers Will Appeal

NEW YORK, Nov. 26.—Enrico Caruso, the famous grand opera tenor, was found guilty today of having annoyed women at Zoological Garden in Central Park. He was fined \$10 by Magistrate Baker.

ENRICO CARUSO.

Caruso's counsel immediately announced that they will appeal. The appeal will take the form of a writ of certiorari directing a review by the court of special sessions. Former Judge Dittenhofer for his client will seek to expedite the appeal, because Caruso is billed to sing at the Metropolitan Opera House next Wednesday. Tonight Director Conradi declared that the conviction would not interfere with Caruso's appearance with the opera company.

Mr. Caruso tonight said: "I am naturally pained and amazed at the verdict. After all the evidence had been presented in court I took it for granted that I would be discharged instantly and honorably. I do not doubt that the verdict will be reversed on appeal."

# Bleeding and Protruding Piles

CAUSED GREAT SUFFERING FOR YEARS—WAS LAID OFF WORK FOR WEEKS AT A TIME—CURED BY

# DR. CHASE'S OINTMENT

This letter is valuable because it emphasizes the fact that Dr. Chase's Ointment is a positive cure for bleeding and protruding piles. Because this ointment relieves the itching which makes piles so agonizing, some people lose sight of the fact that it thoroughly cures every form of this wretched disease.

By means of its antiseptic and astringent action, Dr. Chase's Ointment heals up the ulcers in the intestines from which the blood flows, and gradually contracts the protruding parts until they entirely disappear.

Do not make the mistake of stopping treatment when the itching is allayed, but persist in the regular use of Dr. Chase's Ointment until thoroughly cured, as was the writer of this letter.

Mr. Duncan MacVicar, Caledonia Mines, N. S., writes: "For a number of years I have been troubled with bleeding and protruding piles. I tried several salves and ointments, which only afforded me temporary relief. Sometimes I would be laid off from work for weeks. One day last winter one of your books came into my hands, and after reading the testimonials of Mr. Donald McLean, of Tarbot Vale, N. S., and Rec. S. A. Duprau, of Belleville, Ont., I decided to give Dr. Chase's Ointment a trial. After using two boxes of this ointment I found myself completely cured. What I suffered from that awful disease would fill a big book. You are at liberty to publish this, as it may be the means of convincing some poor sufferer, such as I was, that there is a cure for piles. To all sufferers from piles in any form I would recommend Dr. Chase's Ointment as the only cure."

Piles or hemorrhoids are among the most common, as well as the most torturing, ailments that afflict humanity. The keen distress caused by the itching, especially when the body gets warm, is almost beyond the powers of description.

There is positively no treatment so certain as a cure for piles as Dr. Chase's Ointment. This has been proven in thousands of cases, in many of which even surgical operations, with their expense, painfulness and frightful risk, had failed. Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

# C. P. R. CHANGES

According to the Toronto World, a number of important changes will take place among the general district superintendents of the C. P. R. The most important of which is that of H. P. Timmerman, general superintendent of the Ontario division, who will change places with J. C. Chene, general superintendent of Montreal division. The World also states that W. Downie, present superintendent of the Atlantic division, will be appointed general superintendent at Vancouver, an opening caused by the retirement of R. Marpole at the end of the year.

# WERE SURPRISED

ST. MARTINS, N. B., Nov. 26.—Upwards of forty persons surprised Mr. and Mrs. Samuel A. Fowles at their home Saturday evening, Nov. 26. The occasion was the 21st anniversary of their marriage. A pleasant time was enjoyed. During the evening on behalf of those present (and many others on account of bad weather could not attend) A. W. Fowles presented to Mr. and Mrs. Fowles a handsome set of china to which the recipients responded in a suitable manner.

## Makes Child's Play of Wash Day

Read the Directions on the Wrapper

IF EVERYBODY knew how much cheaper good soap really is, there wouldn't be another pound of cheap quality soap sold anywhere.

"SURPRISE" Soap not only does better work and does it easier and quicker than poor quality soap, but it lasts longer and it costs less in the end.

Then "SURPRISE" never hurts the hands nor injures anything you use it on. It is a pure, hard soap, and those who try it never go back to ordinary soaps.

Sometimes people think they ought to use good soap for fine work, cheap soap for common work, but after trying "SURPRISE" they realize that it pays to use the best all the time. Same price you pay for other kinds.
