THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE.

By Henry Stephens, F. R. S., of Edinburgh, Author of the "Book of the Farm," &c. &c., assisted by John P. Norton, Esq., late Professor of Scientific Agriculture in Yale College, &c., &c.

This highly valuable Work will comprise two large royal octavo volumes, containing over 1,200 pages, with 16 or 20 splendid Steel Engravings, and more than 600 Engravings on Wood, in the highest style of the Art, illustrating almost every implement of Husbandry now in use by the best farmers, the best methods of preparing, planting, buying, harvesting, &c., &c., the various diseases to which they are liable, and the most approved remedies known in their highest perfection; in short, the whole of that knowledge of the kind which will render it of incalculable value to the student of agriculture.

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each, or $5 for the entire Work in Numbers, of which there will be at least 32.

The British Periodicals Re-Published are as follows, viz.:—

The London Quarterly Review, (*Conservative.*)
The Edinburgh Review, (*Whig.*)
The North British Review, (*Free-Church.*)
The Westminster Review, (*Liberal.*)

AND

Plantagenet Water.

"When first applied to by Mr. Lawrason, for my opinion of the 'Plantagenet Water,' I could only state that I had found it useful, as a *mild aperient*; a more extensive experience has convinced me of its utility in various diseases, as chronic and acute rheumatism, derangement of the stomach, liver, and kidneys, particularly where mercury and strong purgatives had been frequently employed. In urinary diseases and hemorrhoidal affections, the Water will be found extremely useful, and for the derangement of the stomach and bowels, which accompanies pregnancy, I have found it preferable to all other remedies.

"Having suspended my opinion until some years experience of this Water had satisfied me of its value, I have the less hesitation in strongly recommending it to the profession and the public, as the above Gentleman, a resident of Cincinnati, recently came to the prosperous village of Caledonia, C. W., with a letter to the Water Spring, from which the Water is procured, and procured under the direction of the proprietor, &c., were all in ruin. About one year ago, he procured five bottles of Dr. Sherwood's Galvanic Embrocation, and the remedy succeed, and he is now many years, in consequence, that I recommend this Water to the members of my own family, and have always kept a supply in the house, since I became personally acquainted with its valuable qualities.

ST. LEON AND CAXTON SPRINGS.

Montreal, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have formed a favorable opinion of their value as aperients in various diseases, and as a beverage in hot weather. I have also found the Waters well adapted, in the generality of cases, for the various purposes of the economy of life, and in many instances, completely relieved them from the sedative operation, sometimes experienced from the use of other aperient waters, and which frequently renders them unpalatable.

The contracted limits of an advertisement necessarily precludes entering into any minute detail of its merits, but, for the information of the public, it is intended to publish, from time to time, such statements of cures as have or may occur. HOLLOWAY'S SEA-HEALING OINTMENT.

Some Persons, in the most distant Settlements of Australia, Van Diemen's Land, the Cape of Good Hope, and the Canadas, have written to the Agents for this Ointment, requesting them to send it by the next Ship, as they were dying with the Scurvy, and were afraid they should not live to receive it. Others, on the Shore, have written to say that they were visiting every Ship in the Harbour, in search of it, and that the Captains, on hearing their request, had refused to take any money for it, but had given it them out of pure humanity. Others, again, have written to say that they were going to the Diggings, and that they would not go without it, as they had found it the best friend they had ever met with in the Bush, and that it was worth its weight in Gold. Others, again, have written to say that they were going to the Gold Regions, and that they would not go without it, as they had found it the best friend they had ever met with in the Bush, and that it was worth its weight in Gold. Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.

The acceptance of Naval, Military, Climate, and Special Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

For the Removal and Permanent Cure of

NERVOUS DISEASES,

And all of those Complaints which are caused by a [illegible] paired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, the most valuable medicinal discovery of the Age.

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system.

ALSO, FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIC PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CONTRACTURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complicate arise from one and the same—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugging and Medicine increase the Disease, for they weaken the vital energies of the already nervous system; only under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient can recover, and nature be restored to former health, energy, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curative,

consists in the fact that they arouse and call forth by outward application, in place of the usual [illegible] drugging, and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and remove the slightest injury under any circumstances. Since their introduction in the United States, only 5 years since, more than

75,000 Persons

including all ages, classes and conditions, many of which were a large number of Indies, who are particularly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED

when all hope of relief had been given up, and everything else been tried in vain!

To illustrate the effects of the GALVANIC BELT and MAGNETIC FLUID in the case of a person afflicted with the [illegible] of civilization, DYSPEPSIA, or any other Chronic Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nervous [illegible] cles of the stomach, afford temporary relief but [illegible] Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a dyspeptic patient, even in the worst [illegible] stage, and simply let the bath remind the [illeg
