tional League Games

Richmond, Va., April 24.—Toron-
to tied yesterday's game in the
sixth inning, making the score 6 to
6. In the eighth, Ebel's drive to
deep centre scoring McDermott and
Hartnell, gave the home team a
winning lead. However, the
fighting Leas kept plugging. Gra-
ham opening the final frame with a
drive over the left field fence. Black-
burne singled and Allen, who was
sitting on a fielder's choice, romped
home when Adams made a wild pitch
Hayden, who batted for McConnell,
failed to deliver and the count was
3 to 3 in Richmond's favor.

Great Work by Jacobson
Jacobson's circuit drive to right
centre scored two men ahead of him
and his two base drive in the sixth
also helped in the scoring. Whitman
made a sensational catch of Ebel's
drive in the sixth after Hanford had
singled and was resting at third. Mc-
Connell, whom Lajoie secured from
Jack Dunn, is showing considerable
class, being fast and a sure thrower.
Lajoie's men took a two run lead
in the opening inning. Jacobson laid
an easy one down to Barnes, who
chased to the bleachers, the fielder
landing at second. McConnell put
down a pretty sacrifice. Whitman
singled out to Reynolds and Lajoie
drew a pass and stole second. Gra-
ham singled to centre, scoring
Jacobson and Lajoie. Blackburne
singled to right, and he and Gra-
ham attempted a double steal. Gra-
ham going out at the plate.
Thompson is No Puzzle
Richmond jumped on to Thomp-
son's offerings. Clemens and McDer-
mott singled to left respectively,
planned doubled to right, scoring
the two men, and then Ebel singled
to left scoring Hanford. Hartnell's
sacrifice, a single by Reynolds and
a sacrifice fly by Moors scored El-
bel. Reynolds was caught stealing.
Singles by Barnes, Clemens and Mc-
Dermott and a sacrifice fly by Hart-
nell scored another Richmond run
in the second. In the fourth Allen
singled to centre and Kelly to left.
Lajoie who relieved Thompson in
the third inning, put down a bunt,
advancing the runners. Jacobson
sent the sphere to right centre for
a home run, netting three counts.
Whitman and Whitman were
easy outs. Reynolds hit over left
field fence in the fifth for the cir-
cuit.
Jacobson opened the sixth with a
double to left, was scored on by 3rd
by McConnell and scored on White-
man's sacrifice fly.

PHENOMENAL BAGGAGE
No department of the C.P.R. has
more care or thought devoted to it
than the handling of baggage, for
the traveller owes so much of his
good temper and comfort to the
knowledge that his trunks are han-
dled carefully and delivered on time.
The amount of baggage handled on
so large a system is phenomenal—no
less than 7,899,552 individual pieces
being forwarded during the year
1916. There must have been quite a
number of families on the move, for
the list includes 28,039 baby car-
riages. Milk cans form an important
element in the work of the baggage
department, as in order to ensure
the rapid delivery of milk from the
farm to the city dweller passenger
trains are used. The total number
of milk cans forwarded during the
year 1916 was 1,162,472.
The most convincing proof of the
care with which baggage is handled
on the C. P. R. is given in the figures
of claims paid on loss, damage, pil-
ferage. Out of nearly eight million
pieces of baggage handled, the
amount paid on loss was only \$1-
751.79; on damage only \$1,669.08;
and on pilferage only \$571.07. The
cost to the company in these respects
being only five cents per hundred
pieces.
This is a record of which Mr. J.
O. Apps, the popular general bag-
gage agent of the Canadian Pacific
Railway, may well be proud, and is
sufficient to show that the so-called
"baggage snatcher" has been entire-
ly eliminated, indeed he ever ex-
isted, between Digby, N.S., and Vic-
toria, B.C.

Memphis, Tenn., April 23.—Les
Darcy, the Australian middleweight
champion enlisted in the army avi-
ation reserve corps at Memphis.
There were no strings tied to his en-
listment. He stood a good physical
examination, being found perfect at
160 pounds.
Darcy for some time has been in
the public eye owing to the refusal
of the American authorities to ap-
pove him to box, as it was alleged
that he fled from his native land to
escape having to serve at the front.
Only last week he tried to make
terms with the United States au-
thorities, stating that he would enlist
if allowed to fulfil boxing contracts.
That offer was turned down.

DARKEN GRAY HAIR
LOOK YOUNG, PRETTY

Hair that loses its color and lustre
or when it fades, turns gray, dull
and lifeless is caused by a lack of sul-
phur in the hair. Our grandmothers
made up a mixture of Sage Tea and
Sulphur to keep her locks dark and
beautiful, and thousands of women
and men who value that even color,
that beautiful dark shade of hair
which is so attractive, use only this
old-time recipe.

Nowadays we get this famous mix-
ture improved by the addition of
other ingredients by asking at any
drug store for a 50 cent bottle of
"Wyeth's Sage and Sulphur Com-
pound," which darkens the hair so
naturally and so evenly, that nobody
can possibly tell that it has been ap-
plied. You just dampen a sponge or
soft brush with it and draw this
through your hair, taking one small
strand at a time. By morning the
gray hair disappears; but what de-
lights the ladies with Wyeth's Sage
and Sulphur Compound is, that be-
sides beautifully darkening the hair,
after a few applications it also
brings back the gloss and lustre and
gives it an appearance of abundance.

Wyeth's Sage and Sulphur Com-
pound is a delightful toilet requisite
to impart color and a youthful ap-
pearance to the hair. It is not in-
fended for the cure, mitigation or
prevention of disease.
