Almost a New Store

Those of you who have not
been in my store for the
past few weeks will notice
a big difference in the ap-
pearance. It has been made
almost new from the front
to the back door. The
changes will make it a far
better place for you to do
your buying

Some of the improvements
are a new hardwood floor, walls
and ceiling covered with Beaver
Board, six new windows on the
West side over the shelving
which gives an abundance of
natural light even on dark days,
rewired throughout and electric
lighted with ten new 80 candle
power Tungston lamps and large
glass reflectors making it by far
the best lighted store in town.
Other improvements to be put
in at once will include hot water
heating and a toilet.

I have had no window dis-
plays for five weeks and the
goods are a bit mixed up as
you would expect in house clean-
ing time, but I hope you will
continue to come, and we will do
our best to serve you

In another week or ten days
I hope to have the painting and
varnishing all done and the
shelves and tables ready to re-
ceive the new fall goods which
are now in the store waiting to
be opened.

Come in and see how you like the
appearance of the store. It has
certainly changed since I first walked
in to it over three years ago.

erosity of the genial proprietor.

and over all the silvery moonlight

family accompanied by Mrs. Wel-
ton's sister, Mrs. Gentleman and
Mrs. Welton, aunt Mrs. Leonard,

MUSICAL AUTO IN HALIFAX.—
Voluminous and delicately toned
music dispensed by the exhaust of
an automobile scouting through the
streets of Halifax formed a unique
entertainment given on Friday even-
ing by A. L. Pelton, manager of
the Provincial Motor Car Company
of Kentville and agent for the
Studebaker car. Mr. Pelton is in
the city attending the exhibition,
and the several song numbers ren-
dered from the machine pleasantly
surprised pedestrians. The music
was made through the instrument of
the Gabriel horn and a key-board
attached to the automobile—the air
pressure coming via the exhaust
pipe. — Halifax Herald.

Mr. Pelton returned to Kentville
with his fine car on Saturday last,
via the South Shore. The people
along the line of travel and the
citizens of Kentville were also de-
lighted with the music supplied by
this fine instrument. The Provin-
cial Motor Car Company of Kent-
ville, through its energetic manager,
believes in being up-to-date in
every particular. The best is none
too good for the "Studebaker."
