#### COOPERAGE BUSINESS SOLD

I have sold out my Cooperage business at Canada to Mr. Silas L. Gates of Port Williams, who takes possession immediately. Therefore in severing my connection with this establishment, I take the pleasure of thanking the public for all kindnesses shown and patronage given me during the past thirty-five years, and I hope this disposition is mutual. In all those years we have endeavored to do our best under all circumstances, to please even the most exacting in the various stages of our dealings.

Now as Mr. Gates has taken over the business I solicit for him, a continuation of the same treatment, of kindness and patronage shown me, and ask you to place even greater confidence in him, regarding his treatment of you in his dealing and supplying your needs; He does not take up the work here as a stranger to you, for he is widely known as an aggressive, energetic, and live business man, and now with both houses to draw from he will be in a position to serve you in general and at times of rush better than I have in the past.

And now from a "farmers" point of view, and with my past experience, I can advise you to give him your confidence and not withhold your orders until late in the season, for it is now, when all barrel manufacturers engage their help and material for the seasons output. By helping him along this time, you will not only aid him in laying his plans, but prevent a congestion in the autumn when the work is needed, because it is impossible to expand one's business in a few weeks, sufficiently wide to embrace your full requirements. This fact is of mutual interest to both parties.

My advice to all is, Adopt some large manufacturer of barrels and stick to him for the best service.

I am yours sincerely,  
J. E. Mac GOWAN.

#### WOLFVILLE

On Sunday the special Easter Services of the Wolfville Baptist Church were held in College Hall.

The annual meeting of the Boys Scouts Association will be held Wednesday evening.

Mr. and Mrs. P. D. Barbarie left Wolfville last week to make their home in Johnsville, Quebec, where they have relations.

Mrs. A. C. Chute and Miss Marjory Chute have gone to Kingston, Ontario, where they will visit Mrs. Sayary, daughter of Mrs. Chute.

Mr. and Mrs. R. W. Ford were both at Truro attending the funeral of Mrs. Jamieson, mother of the latter, who died on March 31st.

The seating capacity of the Methodist church was not able to accommodate the large congregation which assembled to hear the cantata "Life Everlasting" on Sunday evening last. Many were unable to gain admittance. The music was excellent and the whole affair passed off most successfully. The leader, Mr. A. J. Woodman, deserves great credit for this fine production. We understand he has been asked to repeat the cantata at Kentville and Canning, and will do so in the near future.—Acadian.

#### WOLFVILLE TOWN COUNCIL

The regular meeting of the Council was held on Wednesday evening and the usual business transacted and monthly reports received. The finances of the town were discussed and several bills ordered paid.

Mayor Hales brought to the attention of the Council the change in the Health Act now being considered at Halifax and the Board expressed the idea that the change proposed was not beneficial.

The Port Williams Womens Institute will meet on Thursday afternoon, April 12th. Members will respond to roll call with the names of some noted Canadian women and short items of interest about them. It is expected that Mrs. Smith and Miss Essom of Wolfville will be present and speak on Women's Work for the Women of China.

#### METEOROLOGICAL RECORD

Experimental Station, Kentville, N. S.  
For the Month of March

The month of March throughout has been ideal. The mean temperature was 28.52 degrees as compared with 22.69, 26.81 and 30.72 degrees for the same month in 1916, 1915 and 1914 respectively. It will be seen therefore that the month was considerably higher in temperature than the two previous years.

The snowfall was light amounting to only 14 1/2 inches of which 14 inches fell on the 5th and 6th. This was followed by a rain on the 9th, and it quickly went off. There was no sleighing during the month except for three days. For comparison the snowfall was 40.5, 9.5 and 6 in. in 1916, 1915, 1914 respectively for the same month.

Rain fell on five days during the month and amounted to 1.56 inches. The rainfall was .01, .00, and 3.13 in 1916, 1915, and 1914 respectively. There was only four days during the month that the sun did not shine. The sunshine recorded for the month was 166.3 hours as compared with 120.4, 103.1, and 118.2 hours for the same month in 1916, 1915 and 1914 respectively.

Now Ladies, don't pass W. Wylie Rockwell's for your Kitchen Furnishings.
