It wouldn't be so bad if people who have nothing to say would only let it go at that.

MADE IN ENGLAND

The Cloud.

BY DR. FRANK CRANE.

Over the sky of the world is a black cloud. Its shadow lies upon every soul. Brave men b'neath at its hideous lightning. Women crouch at its ominous thunders.

The unbelievable has come true. The impossible has happened. The frightful fact has outrun imagination. The great War is the largest spiritual increment of the minds of men today. It is in the back of every brain. It sleeps in every soul. It leaps as before us in the morning papers.

Under the new arrangement of the parcels for war prisoners, the hundreds of pounds of foodstuffs which were sent to the Prisoners of War Department of the Canadian Red Cross Society, London, England, have been attached to other Canadian units, not less than six ten pound parcels each four weeks. The remaining forty pounds of foodstuffs per four weeks may be sent personally by relatives in Canada, but each parcel must bear a coupon which can be obtained on application from the Prisoners of War Department, Canadian Red Cross Society, London, England.

The right to send food parcels to the Officer Prisoners of War rests with the next of kin, but may be transferred by the latter or by the Prisoner of War himself to any person. It is advisable that application should be made to the Prisoners of War Department, Canadian Red Cross Society, London, England, for the necessary coupons for parcels packed personally at the earliest possible moment.

R. H. Borden

Premier of Canada

Kings County's Most Honored Son and Next Representative.

These coupons are to be used on food parcels only and no coupons can be issued for amounts under ten pounds.

This new scheme relates only to parcels containing foodstuffs for Officer Prisoners of War intended in any way the present regulations governing the transmission of parcels to Prisoners of War other than officers, which regulations remain unchanged.

The needs of Officer Prisoners of War holding commissions in the Imperial Army are looked after by the Central Prisoners of War Committee, a Thurlow Place, London, S. W., England. This Committee will supply the necessary coupons to the next of kin of these officers for parcels addressed to them which are picked personally.

In the Harlem court of New York, Mrs. Nellie Coltham was the principal witness against her husband, whose arraignment she had caused on a charge of disorderly conduct. She declared he had thrown every portable article in his home at her earlier in the day, that he was not supporting her properly and that she wanted him put under bond to pay a certain sum each week. "You are not afraid that this man will attack you if release him over night, are you?" asked the court. "Aisid" asked Mrs. Coltham. "Well, I'm as not. Last night I was just as much as he did, but he was the one that started. I could not look the head off the little shrimp if I wanted to, but, your honor, he is a miser. \$12 a week, and that ain't to be sniffed at nowadays."

A New Yorker was spending a night in a Southern town and a half negro attendant he wanted to be called at seven in the morning. "Say, boss," replied the porter. "I reckon you ain't familiar with these here modern inventions. When you wants to be called in de morning all you has to do is to press the button at the head of your bed. Den we comes up and calls you."

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Lydia E. Pinkham's Vegetable Compound and told my husband about it. I would do it if I could. I was in a state of mind that I was getting worse every day. I had chills, my head would ache, I was always tired, I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read the paper about the medicine, and I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and I did not have the operation."—Mrs. JOHN A. KOBING, 602 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do, but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed or if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

MADE IN ENGLAND

Parcels for War Prisoners.

In coordination with the new scheme instituted by the British Government all parcels from Canada to Officer Prisoners of War intended in any way or Austria-Hungary containing foodstuffs, on and after January 1st, 1918 can only be accepted and forwarded transmission by the Postal Service if they bear a 'coupon' issued by the Prisoners of War Department, Canadian Red Cross Society, London, England.

Under the new arrangement of the parcels for war prisoners, the hundreds of pounds of foodstuffs which were sent to the Prisoners of War Department of the Canadian Red Cross Society, London, England, have been attached to other Canadian units, not less than six ten pound parcels each four weeks. The remaining forty pounds of foodstuffs per four weeks may be sent personally by relatives in Canada, but each parcel must bear a coupon which can be obtained on application from the Prisoners of War Department, Canadian Red Cross Society, London, England.

It is advisable that application should be made to the Prisoners of War Department, Canadian Red Cross Society, London, England, for the necessary coupons for parcels packed personally at the earliest possible moment.

Rheumatism Cured.

In the days of our fathers and grandfathers rheumatism was thought to be the unavoidable penalty of middle life and old age. Almost every elderly person had rheumatism, as well as many young people. Medical science did not understand the trouble—did not know that it was rooted in the blood. It was thought that rheumatism was the mere effect of exposure to cold and damp, and it was treated with liniments and not applications, which sometimes gave temporary relief, but did not cure the trouble.

Now, medical science understands that rheumatism is a disease of the blood, and that with good, rich, red blood any man or woman of any age can defy rheumatism by killing the poison in the blood which causes it. There are many elderly people who have never left a twinge of rheumatism, and many who have conquered it by simply keeping their blood rich and pure. The blood-making, blood-purifying qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and it is the more general use of these pills that has robbed rheumatism of its terrors. At the first sign of poor blood, which is shown by loss of appetite, palpitations, dull skin and dim eyes, protect yourself against the further ravages of disease by taking Dr. Williams' Pink Pills. They have cured thousands of people—it will give them a fair trial, but they will not disappoint you.

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Fair Play for the Sparrow.

TO THE EDITOR OF THE ACADIAN:

DEAR SIR.—As a lover of birds and a friend of the English sparrow, having fed them daily since coming to Wolfville, and recognizing that some misinformed person or persons are destroying them as every winter, they are growing less. I would be pleased if you would kindly print the following (copied from Country Life September 1917) in your paper:

When the Department of Agriculture, some of the Adirondack species, various bird clubs, and village improvement organizations not only encourage the slaughter of this dirty, annoying, ubiquitous feathered insect, but the ways of their extermination are being manufactured wholesale, and many boys are encouraged to train their guns against the defenceless sparrow. It would seem rather late, perhaps, to give the mute animal at the bat another trial.

Some learned men in Washington, where we are not a test of the evidence or the verdict.

It has been said the sparrow drives away the song birds. Yes, it often does, to the next neighbor, perhaps, but not permanently; certainly not out of the country, and not even a yard away, where a real effort is made to attract more desirable visitors by means of fresh water for drinking and bathing, a tall lunch counter, regularly and reliably supplied in winter and plenty of nesting places and sleeping sites.

Sparrows kill no birds. In England there are many more songsters to a given area than in America. Our birds are leaping to shoot themselves. The ways of these foreigners in their midst, just as happily as we humans have had to learn to live peacefully with Jews, Italians, Slavs and many other European immigrants whose virtues were not at first appreciated. English sparrows were first imported to rid New York and Brooklyn of the inch worm, which they did promptly and effectively.

Now that they are overrunning our death comes. I might face it without country from ocean to ocean, they are here.—Henry Havelock.

Had Chronic Indigestion Thought She Would Die

After Years of Suffering Attributes Cure to Dr. Chase's Kidney-Liver Pills.

Feeling too much or using foods that do not agree are the usual causes of indigestion.

The trouble usually begins not in the stomach, but in the liver, which it does in the stomach to filter the excess waste matter from the system.

Now, since Dr. Chase's Kidney-Liver Pills are the greatest of liver regulators, it naturally follows that they are unequalled as a cure for chronic indigestion.

With the liver, kidneys and bowels actively the poisonous waste matter is quickly removed from the system and there is nothing to interfere with the natural and healthful working of the organs of digestion. In this way only can lasting cure be effected.

Mrs. Rebecca Elliott, Magistawan, Ont., writes:—"I feel it my duty to write you in regard to Dr. Chase's Kidney-Liver Pills. I had gastritis of the stomach for three years, and could get nothing to stop it until I tried Dr. Chase's Kidney-Liver Pills. I would have an attack of this trouble with my stomach every three or four weeks, and was so bad at times that my friends thought I would surely die. Thanks to these pills, I have not had an attack for six months, and believe that the cure is thorough. My husband had had very satisfactory experience with Dr. Chase's Kidney-Liver Pills. He was much run down, and very pale and weak. I persuaded him to use the Kidney-Liver Pills, and after having taken five boxes he looks and feels real well. It is such experience as these that have made a place for Dr. Chase's medicines in the great majority of homes. They do not fail, even in the most complicated cases. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, Dr. Chase's Kidney-Liver Pills, one box, 8 for \$1.50. All dealers, or Edmundson, Bates & Co., Limited, Toronto.
