

GERENWICH NOTES

It was with deep regret the many friends of one of our oldest residents, Mrs. Charlotte Bishop, heard of her accident on Saturday evening, the 5th, when in Wolfville. The policeman finding her unconscious on the sidewalk near the Royal Hotel she was carried into the hotel and Dr. DeWitt immediately summoned. She soon regained consciousness, but one arm and side were quite badly hurt and strained, as well as receiving a severe shock. Mr. Dexter Forsythe, with whom she went into town, was found and as soon as possible brought her home, where she has been bed-ridden, but we are glad to hear is now much improved.

Mrs. Jessie Borden, who has been very seriously ill for a few days, is now improving.

Mr. Brenton Merry is a guest at the home of Mr. T. A. Pearson.

Mrs. Ada Forsythe and three little sons, accompanied by Miss Georgina Bell, a sister of Mrs. Forsythe, left on Tuesday morning for Mass., where they will spend the winter. Miss Bell is a graduate nurse and has been on professional duties several times since coming to N. S. over a year ago. She will be much missed by many friends.

Mr. Robie Tufts, of Wolfville, visited our school one day last week and examined discarded birds nests collected by a number of the pupils.

What's the matter with Greenwich for social events? Two last week, the "silver wedding", on the evening of the 7th, an account of which was given in last week's Acadian. Then on Thursday evening another "good time" was enjoyed when a "shower" was given Miss Charlena Pearson at the home of Mr. and Mrs. Burpee Bishop. A good number were present, including friends of "the bride to be" from Wolfville. After the reading and enjoyment of the rhymes accompanying many of the gifts and a musical programme which was thoroughly enjoyed, ice-cream and cake was served by the hostess. On Thursday evening of this week comes the "home wedding".

We read in the Acadian about two weeks ago, of ripe strawberries of the ordinary kind being found also a bunch of apple blossoms. We now think Greenwich can "hold its own" in that line, as we recently had of about two quarts of splendid well filled pods of green peas, of the American Wonder variety, being picked about the tenth of October, and a little later we heard of a nice flock of "baby chicks" arriving in this community

BANISH DRUGS AND BATHE INTERNALLY

"I have been using the J. B. L. Cascade for about eight months now. I have found it in every way satisfactory. I feel better than I have for a good many years. I would not be without my Cascade for anything. I also use it on the children, as it is so simple to use, and they would rather use it than take drugs." Writes Mrs. J. Jones, 76A Notre Dame Street, Lachine, Que.

This letter is only one of thousands we have received, which tell a story of gratitude over the benefits derived from Internal Bathing. By the use of "The J. B. L. Cascade" the colon or lower intestine can be cleaned of poisonous waste gently yet effectually with warm water, removing the cause of stomach ills, headaches, loss of appetite, impure blood, piles, lack of energy and sleeplessness.

You bathe outside, why not bathe internally, too—it is far more important. Mrs. Isaac Muller, Morse, Sask., writes: "I have increased in weight and am perfectly well now. The J. B. L. Cascade has saved my life. Thanks to Dr. Chas. A. Tyrrell. Please publish this, as it might reach someone who has not heard of the Cascade."

The J. B. L. Cascade is the perfected invention of Dr. Charles A. Tyrrell of New York for Internal Bathing. It is now being shown and explained at A. V. Rand's, Druggist Wolfville, N. S.

Telephone or ask them for free booklet all about it—or write Tyrrell's Hygienic Institute, 163 College Street, Toronto.

NOVA SCOTIA IN THE FOREFRONT WITH HOSPITALS

Hospital service in Nova Scotia shows a decided advance in the past year, according to the third annual report of the American College of Surgeons. This report is based on a survey which included personal visits to every hospital of 100 beds or over in the United States and Canada.

Dr. F. H. Martin, secretary-general of the American College of Surgeons, says: "Aided by one of the great educational foundations, we have carried on actual visits to hospitals, made by trained medical men, who see the working conditions as they are. Our report for 1921 shows a marked improvement in hospital service the country over, and places Nova Scotia in the forefront of provinces who are active in medical progress. Nova Scotia is to be congratulated on its splendid showing and on the forward looking medical men, hospital superintendents, and trustees, who have made this advance possible."

THE CHARGE OF THE "LIMB" BRIGADE

Half an inch, half an inch,
Half an inch shorter,
Whether the skirts are for
Mother or daughter.
Briefer the dresses grow,
Fuller the ripples now,
While whisking glimpses show
More than they oughter.

Forward the dress parade,
Is there a man dismayed?
No; from the sight displayed
None could be sundered.
Their's not to make remark,
Clergyman, clubman, clerk,
Gaping from noon till dark
At the "Four Hundred".

Short skirts to right of them,
Shorter to left of them,
Shortest in front of them,
Flaunted and fluffed—
In hose of stripes and plaids
Hues most exceeding glad,
Sporting in spats run mad,
Come the short skirted.

Flashed all their ankles there,
Flashed as they turned in air—
What will not women dare?
Though the exhibits show
Some of them blundered,
All sorts of shapes and pegs,
Broomsticks, piano legs,
Here and there fairy shapes,
Just built to walk on eggs,
Come by the hundred.

When can their glory fade?
Oh—the wild show they made,
All the world wondered.
Grand dame and demoiselle,
Shop girl and Bowery belle—
Four Hundred, h'm, oh, well,
Any old hundred.

Oscar Olsson, a Swede, who has just returned from a 5,000 mile trip through Central Africa where he made moving pictures for scientific purposes, declares that the high cost of living is a problem even in the jungle and that the price of African wives had advanced from \$5 to \$6. An extra classy wife costs \$6.50. Before the best wives cost only \$3.50. Some were to be had as low as \$2.

UNEMPLOYMENT IN CANADA

Very Little Change in the Situation According to Ottawa Report

Very little change in the employment situation throughout the Dominion is shown by the Bulletin of the Employment Service, covering the two weeks ended October 8.

The Department index number, covering reports from 5,400 business firms, closed at 89.9 as compared with 90.2 for the preceding two weeks and with 107.5 for the corresponding period of 1920.

Employment continues at about the level of the middle of January last, when the index number stood at 90.4 the highest point reached in the present year.

The seasonal expansion in logging continued during the fortnight under review but this was offset by a shrinkage in saw mills operations.

The situation in the prairie provinces was somewhat more favorable than in other parts of Canada, largely, says the Bulletin, on account of expansion in railway construction.

As in the last report, leather, coal mining, and local and water transportation were the only activities which showed an improvement over this period of last year. In manufacturing as a whole, figures tabulated from 3,618 manufacturing houses, showed that they employed 376,368 persons during the fortnight under review, as compared with 377,549 working during the previous two weeks.

A CHANGED ATTITUDE

(From Yarmouth Light.)

A feature of the present election campaign is the attitude of many of the newspapers. It is a changed attitude. In other days practically every newspaper in the country was associated with a political party, and its chief business during a campaign was to support the candidate of its party and abuse its opponents. Now the most of the newspapers are attending chiefly to the work of making and publishing a newspaper. According to Ontario papers the rural journals are not saying a word in this campaign—the country newspaper "has graduated from a Grit or Tory back into a real business."

The trend towards greater independence has been noticeable in the press of Canada for some time. It was a natural development, but there is no doubt that the movement was greatly hastened by conditions in the newspaper world, which made it absolutely necessary for publishers to get down to a strictly business basis or quit.

ENTERPRISE BLAZER PIPELESS FURNACE

WHEN YOU THINK OF WINTER THINK OF US. NOW IS THE TIME TO TALK HEATING. If you will call in, we'll tell you about Enterprise Blazer Pipeless—the new system that gives you just a furnace and its heat—no pipes or other paraphernalia—that needs only one register—that is put in in a single day without fuss or bother—that heats the entire house and not just a part of it—that gives you more heat and comfort on less fuel.
We have the new furnace right here. Whether or not you wish to buy, we would like to show you how it works and explain the details.

J. W. HARVEY, Port Williams

Which?

Crerar The head of a great trading organization which unites its trading with its politics—a political theorist—has lost control of the political movement he started and is being driven into impossible positions by class rule extremists. He is under the domination of Wood, the political boss of Alberta. He would give effect to Free Trade, thus destroying Canada's industrial and economic structure.

A Vote for Crerar is a Vote for Chaos

King So evasive that nobody knows where he actually stands on the great issues of the day. Fits his policy to suit his audiences. Talks Free Trade to the West and Protection to the East. Specializes in high-sounding phraseology. His party is pledged to a large measure of Free Trade, but fails to suggest new methods of obtaining necessary National Revenues.

A Vote for King is a Plunge in the Dark

Meighen Easily the outstanding figure in Canadian public life to-day, and the only real Leader in sight. Able, forceful, courageous, and upright in character. A statesman of demonstrated ability with broad National and Imperial vision and an unassailable record. Stands firm for the maintenance of a reasonable Protective Tariff, and aims to provide the maximum amount of profitable labour for all.
