Why should I order my FORD at once?

Up to Friday, March 10, the Ford Motor Co. of Canada had made and shipped 144 more FORD automobiles than they had shipped all the season of 1915. Notwithstanding this, they are 19,000 cars behind with dealers' orders. My own shipments are a month late coming, and before I get more cars the 5,000 Fords burned on the Matatua will have to be replaced. If you order your FORD now you will have reason to be glad when the

season opens.
