LOCAL CHARITIES Meeting of the Confidential Exchange Yesterday—Children's Aid Society to Extend Scope of Work.

At a meeting of the Confidential Exchange held in the City Council chamber yesterday afternoon representatives of the various benevolent societies of the city were present and the matter of overlapping in the distribution of charity discussed. It was decided to send out cards to the various societies so that systematic help for those who need it will be given and cases thoroughly investigated and thus do away with overlapping by the various societies. A committee composed of Mrs. R. FitzRandolph, Mrs. Walter Mackay and Rev. A. F. Bate was appointed to co-operate with the societies in carrying out the work.

At a meeting of the Children's Aid Society it was found that the work of the society would have to be enlarged to meet the constantly growing number of children who have to be taken care of by the society. At the present time there are a number of children being boarded out, the capacity of the home on Woodstock Road being taxed to the utmost with a daily average of eleven children. So many different demands are being made upon the society this year not only where children are neglected by their parents or where one or both parents are dead but by the children of tubercular mothers who have no one to look after the children, or where the father has tuberculosis and the mother has to be the bread winner. These cases are now taking up the attention of the society and the work will have to be considerably enlarged during the coming winter so that none of these children will want.

ARBITRATION CASE OVER \$18,000 WORTH OF LUMBER

Fletcher Pulp & Lumber Co. of Sherbrooke and Gloucester Lumber & Trading Co.

J. J. F. WINSLOW, K. C. ACTING AS UMPIRE

Examination of Witnesses Was Commenced at Supreme Court Chambers Today

The arbitration case of the Fletcher Pulp and Lumber Company vs. the Gloucester Lumber and Trading Company was commenced here this morning before a board composed of J. J. F. Winslow, K. C., as umpire, appointed by Chief Justice McKeown, Chas. Eddy, of Bathurst, and James Hetherington, of Sherbrooke, P. Q., in the Supreme Court chambers. This case arises out of an action brought by the Fletcher Pulp and Lumber Company to recover some \$18,684 alleged to have been paid to the Gloucester Lumber and Trading Company on a contract for the purchase of 500,000 feet of narrow width lumber, delivery of which is claimed not to have been made. The contract for this consignment, which is being disputed by the Gloucester Company, is claimed by the plaintiffs to have been made in 1919 following some differences which occurred between the two companies regarding previous accounts. The defendants are contending that as the contract had not been approved by their banker subject to the conditions, that such a contract did not exist and the amount of \$18,684 was applied to previous accounts. W. H. Harrison, K. C., of St. John, is appearing on behalf of the Fletcher Pulp and Lumber Company, while F. S. Rugg, K. C., of Sherbrooke, legal adviser for the plaintiffs, is also here as a witness. H. B. Fletcher, vice-president and managing director of the plaintiff company, was the first witness this morning. H. A. Powell, K. C., of St. John, is appearing as senior counsel for the Gloucester Lumber and Trading Company together with Attorney General J. P. Byrne, of Bathurst, as junior counsel. Amongst the witnesses present this morning were B. H. Irwin and H. E. Edney, of Sherbrooke.

MOVE TO GET COOK HELD IN JAIL HERE RELEASED TODAY

Harry Elias Kinney, Charged With Using Teapot in Assault, to Be Freed

NOBODY APPEARS TO PREFER FORMAL CHARGE

Was Arrested on Warrant Which Called for Case to Be Heard Here

An application for the release of Harry Elias Kinney, of Posterville, will be made this afternoon before Police Magistrate Limerick, by his counsel, G. F. Poseney, the informant, who laid the information for the warrant on which Kinney was arrested, having failed to put in an appearance here, or to lay a formal charge against the prisoner, who was arrested on Thursday and who has remained in custody here ever since. Kinney was arrested in a lumber camp at Deer Lake on Thursday by Provincial Constable A. Ford Yerxa, on a warrant issued by Thomas Jarvis, a justice of the peace for Canterbury, directing that he be brought before Police Magistrate Limerick here. The warrant stated that the informant, "a credible witness," accused the prisoner of assaulting Saxon Boardman with a teapot, which gashed the victim's head, necessitating five stitches to close the wound. Kinney, who is 60 years of age, was brought to the city and lodged at the police station on Thursday, being later remanded to the York county jail until Monday afternoon. Yesterday he was remanded until this afternoon in the absence of any appearance having been entered against him or information laid.
