CAIRO, Feb. 1.—Gen. Gordon left Assouan yesterday en route for Khartoum. He has written a letter to El Mahdi, asking him to send the European prisoners in his possession to Khartoum. Col. Sartorius telegraphs from Suakim as follows: "Sinkat and Tokar- are still ours. I am going to join Baker Pacha at Trinkitat on Thursday. We will advance on Friday. Baker Pasha recently made a cavalry reconnaisance and attacked Osman Digns, and killed and wounded over one hundred and twenty of his men."

Advices from Sinkat are heart rending.

The German Imperial family is greatly disturbed at the renewal of matrimonial differences between Prince Frederick Charles and his wife, the Princess Marie Anna. The Princess has returned to her family at Arhalt and has refused for once and all to live under the same roof with her husband.

Prince Victor Napoleon, (son of Prince Napoleon Plon Plon), and who was designated by the Prince Imperial as this successor, contemplates an American tour the coming summer.

ALLIANCE, Iowa, Feb. 1—A terrible gas-line explosion occurred in F. M. Ore's stove and tin-ware store to-day, demolishing the building and burying unknown numbers of persons in the ruins. Four persons have been extricated and four more are known to have been in the building when the explosion occurred. Men are at work trying to rescue those still alive, and to rescue the budies of the dead from the ruins. It is rumored that a child turned the spigot of a gasoline tank and the escaping gas ignited by the fire in the stove. Several persons were in the store and two families who live on the second and third floors are besides those buried in the debris. Many other persons were more or less injured.

THE PROPERTY 157 Waterloo street owned and lately occupied by Hon Sinkat is greatly intensified. The delay of Baker Pacha's advance has, without doubt, sealed the fate of Sinkat, where the Tewfik Bey, with 400 soldiers and 1,000 women and children, have been besieged for several weeks. A messenger reached Snakim from Tewfik on Thursday, who announced that unless relief reached the fate of the garrisons of Tokar and owned and lately occupied by Hon. The lot is 66 feet by 102; the house, which is one of the largest and most commodicus in the city, is thoroughly well built and well finished; has all modern conveniences, and is neated throughout by Garth's hot water system. (Next St. Mary's Church.) Snakim from Tewfik on Thursday, who announced that unless relief reached Sinkat by Saturday, Tewfik would make one more sally, and in case he was defeated then he would surrender. It is reported that the delay of Baker Pacha to advance is due to the disaffection of their leader, Zobehr Pacha. cers with Baker Pacha at Trinkitat report that the Egyptian troops are utterly insufficient in drill and the use of rifles, while the native officers are cowardly and unwilling to march, on the ground that defeat is cortain. Baker will await the arrival of friendly sheikhs and do all in his power to relieve Tokar by the use of diplomacy and bribery before forcing his troops to march inland, Military critics calculate that in case Baker Pacha is compelled to cut his way through to Tokar, the chances are three to one in favor of the complete annihilation of all his forces.

Fears for Gen. Gordon's safety have been greatly alleviated by a report that he takes a guard with him from Assouan to Berber, where a small force will meet him from Khartoum. The fact that Gen. It is also considered doubtful whether the Egyptian officials are giving Baker Pacha genuine support. These and similar troubles are tending inevitably to the permauency of a British protectorate over Egypt—even its annexation by England is now advocated by German official papers, while Rotechild and other financiers, who are interested in the security of Egyptian finances, are erything in the line required for urning out first-class style of perfor Glass Hearses, Either Single or Double, \$4 and \$6 Each. "Some months ago I was troubled with scroulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large—quantities of offensive matter. Every remedy I tried failed, until I used AYRE'S SARSALARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very gräteful for the good your medicine has done me.
