RAILWAY CUT IS POSTPONED

Toronto, June 21—There will be no wage reduction on the Canadian Railroads on Dominion Day, according to the Brotherhood chiefs who returned to Toronto today from the conference held in Montreal with the railway executives. The railways receded from their announced intention, the delegates said, and as a result of the conference will not put into effect on July 1 the 12 per cent. wage reduction intended.

The Brotherhood representatives took the ground at the conference that they could do nothing about the proposed reduction until the big railway gathering in Chicago on July 1, dealt with the official award of the United States labor board recommending a reduction in wages of 13 per cent. on the railroads in the United States.
