

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended By "Fruit-a-tives"

The Wonderful Fruit Medicine
Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.
Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried 'Fruit-a-tives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."
50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

New Flying Record Made By Aviators

Dayton, O., April 17—Climaxing a day of superior flying, Lieut. John A. MacReady and Oakley Kelly landed the Fokker monoplane T-2 at 9.43 o'clock to-night, established a new world's record for sustained flying. They were in the air 36 hours, 5 minutes and 20 seconds. In addition nine other records were made.

Carrying a deadweight of 2,422 pounds, a navy biplane piloted by Lieut. Rutledge Irvine, Washington, D. C., gained an altitude of 11,300 feet over McCook Field this afternoon. This is the highest altitude ever gained by a single motored ship, carrying this much weight.

THE BUDGET IS EXPECTED THIS WEEK

Hon. W. S. Fielding's budget is expected in the early days of this week according to intimation in Liberal circles. Those who wished to make representations in regard to it have had an opportunity and the extent to which this privilege was availed of indicates a widespread feeling that all is not satisfactory at present. There are objections alike to the tariff and taxation. Some of the manufacturers actually want the tariff increased while, of course, a more common demand from political sources is that it be reduced. In regard to taxation, the sales tax and income tax and others, the views expressed are numerous but the memorandum of the Canadian Manufacturers Association submitted early in the winter represents a centralized opinion.

Just what the budget will contain is necessarily a purely speculative matter but in Liberal circles the common view is that, again, the moderate course will be followed in regard to the tariff. A little bit may be taken off the top without injuriously disturbing the sub-structure.

Miners Send Their Grievances To Co.

Sydney, N. S.; April 18—A document containing the grievances of the United Mine Workers of Cape Breton Island has been sent to H. J. McCann, assistant general manager of the Dominion Coal Company. He has arranged to confer with the miners' executive next Tuesday.

Miners working at a new mine shaft at O Neil's Point, known as Colliery No. 26, have demanded a redress of their grievances by

CASTORIA
For Infants and Children
In Use For Over 30 Years
Always bears the Signature of *Chas. H. Fletcher*

the Dominion Coal Company before Thursday night. Among other things they state that they are entitled to seven dollars per day, whereas present pay for the shaft sinking is six dollars per day. A conference of this matter will be held between H. J. McCann and the miners' executive Thursday morning.

19th Of April A Day Of Anniversaries

WASHINGTON, D. C., April 19—If any day of the American year were to be called Anniversary Day, the 19th of April probably would be the choice. More events of importance to the United States have occurred on this date than on any other. The birth of Roger Sherman (1721) and the speech of Edmund Burke against taxing the colonies (1774) were pre Revolutionary events which came on April 19.

"It was by the village clock" 148 years ago this morning when Paul Revere galloped into Lexington to rouse the Minute Men for the first fighting of the Revolution.

Seventy-five years later, on the 19th of April 1850 there was a more peaceful meeting of the United States and England in the signing of the Clayton-Bulwer treaty for the joint occupancy of the proposed canal across Central America.

In the war between the States, as in the Revolution, April 19 saw the first shedding of blood in the attack on the Sixth Massachusetts Infantry in the streets of Baltimore in 1861.

On April 19, 1917, the first American shot was fired in the World War, the naval crew of the merchantman Mongolia directing it against a German submarine. One year later, on April 19, 1918, the first important American engagement of the war occurred at Seichebrey.

Urges Agreement To Assist Foreign Trade

New York, April 18—An agreement between the steel manufacturers of Great Britain, France and the United States to aid destructive competition in their foreign markets was advocated by Charles E. Schwab, chairman of the Board of Directors of the Bethlehem Steel Corporation, in an address before the British Empire Chamber to-day.

Mr. Schwab declared that while German efficiency apparently had been destroyed for years to come, German industry eventually would come back with ruinous competition for the world's steel business unless there was an agreement to distribute steel products in the foreign markets in the most economical fashion.

Warren, Ohio, April 18 Flat percentage wage increases over 1922-23 base rates for iron, steel and tin mill workers were approved today by delegates attending the annual convention of the Amalgamated Association of Iron Steel and Tin Workers.

The demands will be made at the annual summer wage parley with representatives of the operators.

The increase to be asked range from ten to twenty per cent for the different classes affected.

Deer Suffered By Depth Of Snow

Reports which have been received from all parts of the province by the chief game warden, L. A. Gagnon, confirm the recent reports with regard to the privations suffered by deer during the unusually long and severe winter. These reports indicate that the province has suffered the loss of a considerable number of these game animals through starvation.

SALVATION ARMY AIDS N. B. MAN

Montreal, Apr. 18—When the Maritime provinces train drew out of Bonaventure station last night it carried one man who will swear by the ability of the Salvation Army to "do things."

He is Narcisse Leblanc, of Campbellton, N. B., on his way from the bush to his home where he would meet his wife and eleven children for the first time in six months, he fell asleep in a Canadian National train about three miles from Montreal station. When he awoke his overcoat, his valise, and \$50 in cash he had with him disappeared.

Clad only in his indoor clothes and a sweater that ill replaced his heavy overcoat, the man who had taken a ticket no further than Montreal, walked the streets of the city for two days. Then he thought of the Salvation Army, and of the Montreal police and city authorities, he ran across the Salvation Army in the person of Brig. Gen. McMillan who directs welfare work among male prisoners in the cells.

Official Montreal decided it could do nothing for Leblanc. So the gadier got busy. Having heard the man's story he found that \$10.75 would be necessary for a ticket from Montreal to Campbellton. Inside half an hour some mysterious source had provided the ticket money. The Leblanc was taken to the Salvation Army hotel and fed, meanwhile a new and heavier suit of clothes was secured, means were found for him to have a shave.

And at seven o'clock the same night a dapper man, blurring out his thanks, got on the train with a ticket for Campbellton.

SUNNY CORNER

Sunny Corner, N. B., Apr 18—Miss Ida Mullin of Curventon called on Miss H. Tozer on the 11th.

Master P. Hogan visited friends in Newcastle last week.

Mrs. Allan-Nolan is spending a few days in Nelson, the guest of her daughter Mrs. E. Masterson.

Messrs A. Leach and H. Tozer were visiting relatives in St. John during the Easter holidays.

Miss Annie Mullin spent the 11th and 12th in Sillikers.

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Mono-acetic acid ester of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

500,000,000 Miles of Service

More than one hundred thousand owners know the sturdiness of Studebaker Light-Six construction. They know that it is powerful and economical, because their Light-Sixes have conclusively demonstrated these qualities in more than 500,000,000 miles of service.

The Studebaker Light-Six is built to stand up. The touring car body is constructed entirely of steel, and like the chassis, is made to withstand hard service. And the Light-Six is unusual for its economy—27 world-wide tests having established an average fuel consumption of 26.9 miles to the gallon.

The value of the Light-Six is high, because it is manufactured complete by Studebaker, thereby eliminating parts-makers' profits. You can feel secure in the purchase of a Light-Six—because of its proved dependability and economy—and because it is backed by Studebaker's 71-year-old reputation for honest value and fair dealing.

New steel body. Upholstered in genuine leather. One-piece windshield with attractive cow light set in base. Quick-action, cool ventilator. Curtains, bound on three sides by steel rods, open with doors. Thief-proof transmission lock. Standard non-skid cord tires.

THIS IS A STUDEBAKER YEAR

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Food is specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.
