### RECEIPTS SHOW BIG INCREASE

Tourists Travel on Canadian  
Roads, Said to Augment  
Passenger Earnings.

Winnipeg, Aug. 13.—The reports  
which have been issued by the Can-  
adian Pacific and Grand Trunk rail-  
ways indicate that the tourist travel  
which has been recorded this season  
has been, up to date, greater than that  
of any other year. So great, indeed,  
has been this increase that the pas-  
senger receipts of the road are said to  
be augmented by at least from fifteen  
to twenty per cent. In the early por-  
tion of the season it was anticipated  
that the travel would be somewhat  
smaller than usual, as with a season  
at least two or three weeks behind  
that of other years, it was felt that  
the travel through the summer would  
not be so brisk as in previous years.  
The figures which are already to hand  
not only show that there has been  
no falling off, but that there has been  
one of the most substantial increases  
in the history of the road.  
All the railways operating in Can-  
ada also show that this has been the  
case. Every one of the summer res-  
orts and vacation points which could  
be reached by the Grand Trunk has  
had an unusually large number of  
visitors, with the exception of the  
Muskegon district, where, perhaps,  
there was somewhat of a decrease in  
the number of visitors.  
The western resorts on the C. P. R.,  
particularly in the mountains, never  
boasted of a larger quota of visit-  
ors than this season. The diffi-  
culty of finding accommodation for  
the tourists has been the one problem  
of the hotels, and even with the extra  
accommodation which was afforded at  
Banff, Lake Louise and other res-  
ort hotels, it was found that the crowd-  
ing was even greater than ever and  
not always was it possible to accom-  
modate all the tourists. Many of  
the tourists are now traveling east-  
ward on a holiday trip in the moun-  
tains, but the number that are going  
westward is equally great, so that  
there is not the slightest diminishing  
in the number of travelers.

### HEROIC ENGINEER GIVES HIS LIFE

To Save the Train's Passengers  
on the Flyer Wrecked at  
McLeod.

McLeod, Aug. 13.—Three are now  
dead as a result of the disaster to the  
eastbound Soo-Spokane flyer yester-  
day morning. Engineer Murgroyd  
died as a result of the crash when the  
engine jumped the track, and sev-  
eral passengers are suffering from  
minor injuries. The locomotive after  
leaving the rails plunged along the  
embankment, tearing them into match-  
wood. Finally, with a fearful lurch, it  
plunged into the ditch at the foot of  
the embankment, taking with it the  
first baggage car.  
The force with which it landed in  
the ditch must have been sufficient to  
kill the men in the cab, but so add  
to the horror the boiler burst and  
escaping steam killed the dead en-  
gineer and would have spread to the  
rest of the train but for the heroic  
efforts of the conductors and several  
passengers. Doctors were rushed to  
the scene in a few seconds. They  
found several passengers shaken and  
except for a few bruises and  
scratches, uninjured.

### BISHOP RETURNS WITH MUCH FUNDS

Succeeds in Raising Endowment  
Fund for his Diocese in the  
West.

Winnipeg, Aug. 13.—Right Rev. I.  
O. Stringer, Bishop of Selkirk, inter-  
viewed concerning his visit to Eng-  
land and Ireland, from which he is  
returning, gave an interesting account  
thereof. Bishop Stringer spent seven  
months in England, from the first of  
December to the first of July, and  
was engaged most of the time in  
preaching and delivering public ad-  
dresses. At first he labored without  
much encouragement. He attributes  
this to the fact he was unknown.  
English people are somewhat  
conservative, but after a time many  
openings presented themselves, and  
he was so greatly encouraged that he  
was kept busy Sundays and week  
days, preaching and telling of his  
work.

### A QUALIFIED LIAR.

Hamilton City Council Has a House  
of Commons Display.

Hamilton, Ont., Aug. 13.—In the  
city council tonight the city engi-  
ner turned on his critics, lashing  
them right and left, and going so far  
as to call Ald. Farrar a damn liar.  
Ald. Dickson maintained that Ald.  
Farrar was a graffer, and the latter  
retaliated by saying his colleague was  
a scoundrel, and at least a most terri-  
ble birthright to become chairman of  
finance. Mayor Stewart called the  
engineer down, and the latter with-  
drew in expression.

### INDIAN GIRL MURDERED.

Two Chiefs on Trial for the Crime at  
Norway House.

Norway House, Hudson's Bay, Aug.  
13.—Today began the trial of two  
Cree chiefs for murder. It is the re-  
sult of a determined effort by the  
Canadian government to put a stop to  
the savage tradition that all members  
of a tribe stricken with delirium or  
fever are possessed of an evil spirit  
or wendigo, and must be killed at  
once, or their souls will be lost.  
John and Jose Paquequa, heads of  
the Cree nation, deliberately strangled  
a girl, the daughter-in-law of one of  
them, with all the ritual formalities  
prescribed on such occasions, in the  
presence of several hundred Indians.  
The wife have murdered twenty In-  
dians in a similar way. The girl had  
fever, and they strangled her with a  
rope.

### Edwards Company Rebuild Mills.

Ottawa, Aug. 13.—The W. C. Ed-  
wards company in a week or so will  
begin the erection of new mills to re-  
place those destroyed by fire last  
night ago. The buildings will be of  
reinforced concrete, and will cost  
\$200,000. The main power will be  
electricity instead of steam.

### ANOTHER POISON VICTIM.

Cyrus Winters Dies as Result of Poi-  
soned Porridge.

Regina, Aug. 13.—Cyrus Winters, one  
of the men poisoned by arsenic in  
porridge at the Capital restaurant on  
Thursday, died at the Victoria hos-  
pital this morning. This is the sec-  
ond death recorded up to the present  
time. Mack Sing, the Chinaman who  
brought the poisoned meal to the  
restaurant, was examined today at  
the inquest. He professed to know  
nothing of any infusion of poison in  
the oatmeal and declared he was  
merely serving and not a partner in  
the crime of the fugitive Charlie Mack,  
whom the police are still trying to find.

### HE CONFESSES TO THE MURDER

Former Resident of Montreal  
Killed Wealthy Swedish  
Woman in Anger.

Marseilles, Aug. 13.—Vere St. Led-  
ger Gould confessed here to-day that  
he was the murderer of Emma Lavin,  
a wealthy Swedish woman whose dis-  
membered body was found in the  
trunk of Gould on his arrival here  
on August 6th from Monte Carlo.  
This trunk mystery created much ex-  
citement, especially as it was learned  
that the exiles who are English-  
were of good family.  
Gave Flimsy Explanation.  
Their explanations of how the  
corpse came to be in their baggage  
were not convincing and the confes-  
sion of to-day does not come as a  
surprise. Gould made his confession  
to the examining magistrate. He re-  
lated coolly all the details of the hor-  
rible crime. He declared that it was  
he who cut up her body, although his  
wife had helped him pack it away in  
their baggage. After this had been  
done they both agreed to journey to  
Marseilles, where they planned to  
cast the body into the sea.

### ANGELIC SYNOD TO FACE TWO PROBLEMS

Anglican Synod of Rupert's  
Land Meets in Regina  
Today.

Regina, August 13.—The Anglican  
Synod of the ecclesiastical province  
of Rupert's Land, which convenes  
here tomorrow, will have two very  
important questions before it. One  
is the election of a metropolitan to  
form a new bishopric of Ed-  
monton, taking parts of the diocese  
of Selkirk, Saskatchewan and Qu'Appelle.  
The other is the matter of an  
amendment to the constitution to  
provide for the election of a Metro-  
politan. The constitution as origi-  
nally formed and still in force in the  
Metropolitan of Rupert's Land shall  
be ipso-facto Metropolitan of the ec-  
clesiastical province.  
This arrangement was made when Winnipeg  
was not the chief city of that west-  
ern country, but the only place of  
much importance. Now, however,  
Calgary and Regina are competing  
to claim that the people of Manitoba  
should not elect both a bishop and a  
metropolitan in one, but that the  
archbishop should be elected by the  
bishops of the province.  
The constitution being on the side  
of the people of Rupert's Land, the  
bishopric, who naturally want to  
hold on to their present prerogative  
and amendment would be necessary to  
satisfy the demand of the other  
bishops, and so a lively contest is  
looked for.

leauveau. He had practiced law in  
Montreal every since being called to

### FARMERS TO MEET THE JOURNALISTS

The Government Brings Thirty  
Men to Winnipeg to Talk to  
British Editors.

Winnipeg, Aug. 13.—Sixty farmers,  
British immigrants, who came to this  
country three or four years ago prac-  
tically without funds, will meet a  
touring party of British metropolitan  
journalists, when they return to Win-  
nipeg tomorrow, and will tell them  
cold hard facts, as to their experience  
here and the progress they have made  
since their arrival from the mother  
country.  
The journalists from the British  
Isles have been having a very pleas-  
ant trip through Canada, enjoying  
the scenery and so forth, and as they  
are practical men they also desired  
to get into touch with the man with  
the hoe and hear from his own lips  
the story of his struggle from penury  
to comfortable competence.  
"How can we best get into com-  
munication with some of these men  
who can tell us facts of their experi-  
ence, which will be of vital interest  
to intending emigrants?" one of the  
leading newspaper men asked Com-  
missioner of Immigration J. Obed  
Smith, when he was here three weeks  
ago. The latter at once made ar-  
rangements for several homesteaders  
to come to Winnipeg at the expense  
of the government.

Winnipeg, Aug. 13.—Sixty farmers,  
British immigrants, who came to this  
country three or four years ago prac-  
tically without funds, will meet a  
touring party of British metropolitan  
journalists, when they return to Win-  
nipeg tomorrow, and will tell them  
cold hard facts, as to their experience  
here and the progress they have made  
since their arrival from the mother  
country.  
The journalists from the British  
Isles have been having a very pleas-  
ant trip through Canada, enjoying  
the scenery and so forth, and as they  
are practical men they also desired  
to get into touch with the man with  
the hoe and hear from his own lips  
the story of his struggle from penury  
to comfortable competence.  
"How can we best get into com-  
munication with some of these men  
who can tell us facts of their experi-  
ence, which will be of vital interest  
to intending emigrants?" one of the  
leading newspaper men asked Com-  
missioner of Immigration J. Obed  
Smith, when he was here three weeks  
ago. The latter at once made ar-  
rangements for several homesteaders  
to come to Winnipeg at the expense  
of the government.
