Dispersed Without Disorder.

When the Place De La Concorde was reached, the seaders strove to persuade everybody to disperse without disturbance. The procession which included many women and children, relieved its feelings by singing the "Internationale" and crying "La Calotte, Hou Hou," and "Consquez Alfonzo." The police did not attempt to prevent these shouts.

It was not until the dispersal of the paraders that the only disorderly incidents occurred. Some roughs passing the Tuileries Gardens hus-

by the Church, must understand its duty. Rome has inside its walls the Vatican that for centuries has supported all tyrannies from which to our shame the slaughter of Barcelona originated, but we decree that the last crime will not remain unpunished."

An international subscription has been opened for the collecting of funds to institute in the Piazetta of St. Peters facing the Vatican, Professor Ferrer's modern school which was suppressed in Barcelona.

Attack on Barcelona say that the situation there is increasingly disquieting. Twenty-seven bombs have been thrown in the last four days, five persons being killed and twenty-one wounded. On Saturday an attempt was made to rush the fortress.
