Would Stop Trawling.

Representative Gardner, of Massachusetts, has introduced a bill in Congress providing for the abolition of fishing by beam trawling. Among other things the bill provides that no fish shall be imported into this country that have been caught by beam trawling. All licenses or certificates of registry issued to fishing vessels to contain the words, "This license does not permit its owner to engage in beam trawling or any method of fishing which consists in dragging a net or cage along the bottom of the sea by a vessel in motion."

Basket Boat in Wales.

The coracle is a fishing boat resembling in appearance a clothes basket, only larger than we are accustomed to see hereabouts. The craft is said to have been used by Britons more than 2,000 years ago and they are used to-day in some sections of Wales by salmon fishermen. The coracle in Wales has a frame of ash or beech covered with a single stretch of tough canvas saturated with tar and pitch. One weighs fully 25 lbs. and is carried on shore on the fisherman's back. In fishing with coracles the salmon fishermen work in pairs, the big nets being strung between the two ancient fishing boats.

TUESDAY, December 26, 1911.

Mr. A. B. Morine Head of Royal Commission.

It will be interesting to many to learn that the Tory Administration has given Mr. A. Morine a most important position. At the General Election Mr. Morine stood for the Tory party at Queen's Shelburne against Hon. W. S. Fielding, but was defeated. At the last General election Mr. Morine was not a candidate, but he was an active worker, and did much platform campaigning for the Conservative Party. His reward has now come. An Order-in-Council has been passed at Ottawa appointing A. B. Morine, K.C., of Toronto; G. H. Decharme, Provincial Agent of Montreal; and R. S. Lake, ex-M.P. of Qu'Appelle, a Royal Commission to continue the work of the Royal Commission of 1907. The Commission is empowered to "make full enquiry into all the departments of the Government with a view to recommending any other administrative reforms found to be necessary." Mr. Morine is named Chairman of the Commission. The Halifax Chronicle declares the intention is that the Commission shall undertake a general fishing expedition into the administrative acts of the old Government, and if possible to scent out "scandals." Those who know Mr. Morine will have no doubt of Mr. Morine's ability to make the investigation thorough.

Bob-Sliding.

Dear Mr. Editor.—In reply to "Bob Slide's" communication in your issue of yesterday. I came from the Old Country to Halifax in the winter of 1904, and it was there I saw the first genuine bob slide. I was so taken up with the pleasure it afforded that when coming to St. John's in 1905 I brought a "Wilson" bob sleigh with me. At the time I saw several crude slides here but none appeared to be like Mrs. Jarley's wax work show, "the only one and original here." Of course I may be mistaken, and if I have tried to grasp any laurels from the brow of my respected friend and brother mechanic "Bob" I heartily apologise.

However, Mr. Editor, the point I want to bring out is: that sliding should be allowed on the suburban hills, and the question should now be

decided once and for all, as there is considerable snow down and that chief of winters ports, bob-sleighing, will soon be indulged in heartily. Thanking you for space.

Wedding Bells.

At Stotts, Trepassay, on November 27th, a very pretty wedding was solemnized, the contracting parties being Miss Maggie Molloy, of St. Stotts, and Mr. Gus Hicks, of Peter's River. The ceremony was performed by Rev. H. Renouf, P.P., Trepassay, at the residence of the bride's parents in the presence of the immediate friends of both parties. The bride was given away by her father, Mr. Anthony Molloy, and was charmingly attired in a suit of grey trimmed with white with veil and wreath of lilies of the valley. She was attended by her sister, Josephine, and cousin, Mary Finlay, in suits of prune, while the groom was ably supported by Messrs. W. Molloy and T. Lundrigan. As the ceremony concluded and the happy couple were made man and wife, loud cheers and volleys of musketry resounded throughout the place in honor of the event, followed by a host of good wishes to the newly wedded pair. Supper was then served to a number of 80, after which dancing was freely indulged in until morning. On Thursday the happy couple left for their future home, Peter's River, accompanied by a number of friends. On coming in sight of their new home they were well pleased to find that great preparations had been made for them. Flags were hoisted and guns firing in every direction, and on arrival they met with a hearty reception at the home of the groom's parents where a sumptuous dinner awaited, after first partaking of refreshments. At 6 p.m. Mr. and Mrs. Wicks wended their way to their own home and opened their door to a large number of invited guests, where an enjoyable time was spent, music, songs and dancing kept in full swing to the wee sma' hours of the morning. We wish Mr. and Mrs. Wicks many happy years of wedded life.

Possibly Mislaid.

The party who reported that a quantity of clothing was stolen from him near Mr. Tomblinson's premises, Saturday, and who reported to the police, since, is not sure whether his property was stolen or mislaid. If the latter, he thinks that the person who has it will return it to him.

DINING CAR FIRE.—A fire broke out in the dining car on the express going west last Friday, near Clarendville, having caught in some clothes there. The stewards quickly put it out.

Solway Arrived.

At noon Sunday the S. S. Solway arrived here to the Reid Mill, Co. with a full load of freight from North Sydney. She made a fine trip, and on Saturday at 10 p.m. when a S. S. ship was with snow was encountered, although the Captain to head off the land, when she was knocked about a good deal till dawn of Sunday. She came out of it all unscathed. After discharging cargo the ship will go to North Sydney for another load.

BROKE TRAIN WINDOWS.—The Bruce express Saturday last, Constable Martin, of Grand Falls, arrived here with a man who will be brought to trial for breaking a number of windows in the trains running in that section of the country.

The Kidneys Wear Out

But in advanced years you can keep these organs healthy by using Dr. Chase's Kidney-Liver Pills. As old age comes on most people suffer more or less from derangements of the kidneys. With some there are years of pains and aches, with others Bright's disease sets in and the end comes quickly. Fortunately many have learned about Dr. Chase's Kidney-Liver Pills, the kidneys healthy and active. Mr. Richard Preston, Osborne, Lambton County, Ont., says: "Seven years ago I began the use of Dr. Chase's Kidney-Liver Pills, when my back was so bad that to stoop or rise was torture to me. The kidneys were in bad condition, but these pills entirely freed me of back pains, and I have used them ever since, whenever the kidneys would get out of order, and now, at eighty years, am well and hearty, thanks to this grand medicine." Dr. Chase's Kidney-Liver Pills, one full dose, 25 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto.
