Office: QUEEN STREET.

### LIGHT, HEAT, COMFORT!

The proprietor of one of the best known multiple shopping systems is credited with saying, "Give me any old shop, in any old street, and I'll guarantee to make it in twelve months the most widely known and best frequented shop in the district." He was asked to explain. Holding up three fingers he said, "I believe in the trinity of LIGHT, WARMTH, COMFORT. I should dazzle the moths until the candle drew them. I should bring them into a warm, comfortable shop, filled with a soft, pleasing radiance, and the rest is—well, mere child's play."

Mixed metaphors, perhaps, but expressive. Now we can more than imagine the kind of shop this well-known individual would open, for we pass it in almost every town—always a landmark to the street. No one fails to notice it. There is an indefinable air of welcome and invitation as one stands for a moment on the pathway and lets one's gaze travel inside it. The subdued, restful lighting effect that so charms because of its very unobtrusiveness, the absence of dark corners, the intangible feeling that if one would step inside one would be sure of experiencing a delicious sense of warmth and comfort and cheerfulness—all these are part of its appeal. Truly a shop with an individuality.

We cordially invite all progressive business men to visit our showroom and see our latest Lighting and Heating Appliances, by the adoption of which the ideal outline in the above extract from a London paper may be easily secured. Our new RADIO X Lamp and GASTHEAM Radiators fill all light and heat requirements.
