FRENCH ADVANCE SIX MILES.

LONDON, Aug. 28. The French line in the Somme region begins at Marchellot and runs as follows—Lecourt Potts Menille Petit west of Neale, Solente west of Avricourt, Dives Divette west of Bois De La Reserve Dives Le France and Passet. The French have advanced to a depth of six miles on a wide front leaving the Germans in an awkward salient around Noyon.

CANADIANS' ATTACK.

BRITISH HEADQUARTERS IN FRANCE, Aug. 28 (Router's)—Hard fighting continued to-day. The Canadian troops delivered another attack in the course of the morning on a fan-like front of about five miles, evenly flanking the Arras-Cambrai road. This fighting is carrying them into the main artery of the Hindenburg line.

HINDENBURG LINE PIERCED.

LONDON, Aug. 28. (Official) This morning our troops operating astride the Scarpe again attacked, overcoming the resistance of the enemy in his old front line defenses held prior to his offensive of March 21st. The Canadians penetrated deeply into the German positions between the Senece and Scarpe rivers and captured Cherisy, Viseen, Artoise and Bolesart with many prisoners. On the right of the Canadians Scottish troops crossed the Senece and seized Fontaine les Croiselles, establishing themselves on the slopes of the spur south of the village and taking several hundred prisoners. North of the Scarpe other Scottish battalions carried Roux, Greenland and Gavrelle, and English battalions gained possession of Arleux on Gohelle and the other German line south of this between Croiselles and Bapaume, and to the south English and New Zealanders again in heavy fighting repulsed attacks delivered by German divisions recently brought up to reinforce the battlefront. Heavy losses were inflicted on these divisions in their unsuccessful attacks. Despite their efforts to prevent our advance, our troops stormed the village of Beaumatre and progressed in several points between Bapaume and Croiselles. South of Bapaume also English and Welsh troops gained ground in the face of strong opposition. We reached the western outskirts of Fiers, and have driven the enemy from Longueval, Deville wood and Bernany wood. Counter-attacks by the Prussian Guards in this area were repulsed.

CHAULNES WOOD TAKEN.

WITH THE FRENCH ARMY IN FRANCE, Aug. 27. (By the A. P.)—Activity behind the German lines on the Aisne and Avro fronts has increased generally since the French successes around Roye and on the plateau north of Soissons. In the region east of Roye the Germans seem to be preparing for an eventual retirement. The French pushed on to-day and reached the edge of Chaulnes, after taking Chaulnes wood by assault. On the south they reached Amy, two miles southeast of Roye.

ROLLING UP THE BOCHES.

WITH THE BRITISH ARMY IN FRANCE, Aug. 27. (By the A. P.)—Having been still further extended by attacks launched north of the river Scarpe, the battle to-day was raging long, and the British with renewed vigor were rolling up the Boches before them and creeping constantly eastward.

EIGHT VILLAGES TAKEN.

PARIS, Aug. 27. In an advance reaching two and a half miles at a certain point on a twelve and a half mile front to-day the French captured Roye and seven villages, according to the war office announcement to-night. The enemy was forced to-day to hasten his withdrawal on both sides of the Avre. On a front of twenty kilometers our troops advanced more than four kilometers at certain points. We occupied Hallu, Fransart, Cremercy, Gruby, Carrapuil, Roye, Saucourt and Crape au Mesnil. The artillery fighting continued lively in the region of Lassigny and between the Oise and the Aisne.

ROYE CAPTURED BY FRENCH.

WITH THE FRENCH ARMIES IN FRANCE, Aug. 27. (By the A. P.)—Roye was taken this morning by the French in the course of a brilliant attack, following an unsuccessful counter-attack by the enemy. The Germans are in retreat over a seven-mile front north and south of Roye.

MOPPING UP THE HINDENBURG LINE.

WITH THE BRITISH ARMIES IN FRANCE, Aug. 27.—That portion of the Hindenburg line northwest of Fontaine les Croiselles, southeast of Arras was captured to-day by the British troops and mopped up. The town of Maricourt and the ground to the east of it are in British hands. Trones station and the wood and ground to the east was captured by the British and the town of Moulins de Farray also was taken north of the river Somme.
