

Coughs

Mr. W. O. Kilder, R.R. No. 1, Noyan, Que., writes:—
"I think Dr. Chase's Syrup of Linseed and Turpentine is just wonderful for coughs and colds. Two bottles entirely relieved my cough after I had tried every other cough medicine I knew of. I feel sure it saved me from having pneumonia, and I cannot recommend it too highly."

The "Tommy Hallett" Memorial Medal will be played for in a Point Game this afternoon, and to-night, Curlier Thomas Hallett presented this medal to the Association in memory of what he considered, and many other curlers, a great day, the 15th of February, Curlers' Memorial Day, which will long be remembered by every member of the Curling Association, more particularly those who participated in the various events of the day, wherein the curlers raised \$3800.00 towards our great Memorial to be erected in memory of our gallant lads. No doubt a great many curlers will participate in this game as the medal is to be won outright.

On Wednesday night about 9 o'clock a five and forty Tournament will be played. Every member of the Association is invited to participate in this, as the prize is a very handsome, costly and useful one, and the proceeds will be devoted to a most worthy object. Therefore, Curlers, remember Wednesday evening, commencing 9 o'clock sharp, a progressive five and forty. Arrangements are in charge of Capt. James Chalker, Chairman, and the House Committee. The B. B. Stafford Cup has arrived, and although we have not yet had the privilege of inspecting it we have been informed that it is indeed a handsome one. Curlier W. F. Joyce, who had the proud distinction of being the winner, is to be congratulated. The Committee of Management has in contemplation this season having a regular Trophy Night within a couple of weeks, and presenting the Trophies to the various winners, and also other matters of interest will take place on this Trophy Evening. The Musical Director Curlier James MacKenzie will again be to the front with a popular musical evening. However, in the meantime, remember this afternoon and night for the "Tommy Hallett" Memorial Medal.

Report From Sealing Fleet.

OLD SEALS PASSED.

Up to last night none of the sealing fleet had reported as striking the whelping ice. The Diana, however, reports a number of old seals in the water. As a rule the ships do not report to the owners until nine o'clock at night. The following is the latest messages received:—

BOWING BROS.

Ranger (Sunday p.m.)—10 miles E.S.E. Funks: ice very heavy; making poor progress.
Viking (Sunday p.m.)—Passing Burgeo, going West.
Terra Nova and Eagle—No report.

JOB BROS. & CO.

Neptune (Saturday p.m.)—40 miles N.E. by E. Funks, making fair progress. Thetis, Diana, Eagle, Sagona and Terra Nova, 10 miles astern, steering N.N.E.

Neptune (Sunday p.m.)—80 miles N.E. by E. Funks, ice very heavy; making poor progress, five steamers in sight.

Thetis (Sunday p.m.)—45 miles E. by N. Funks; following in sight: Neptune, Sagona, Eagle, Diana. All well.

JAMES BAIRD, LTD.

Diana (Sunday p.m.)—Our position now 60 miles East of Funks. Sign of old seals in water. Five steamers in sight, making good progress. Ship in good condition.

TO POSTAL TELEGRAPHS.

The following steamers report crews aboard and all well: Seal, Sagona, Neptune, Thetis, Terra Nova, Ranger and Eagle.

Personal.

Mr. J. Cheeseman, M.H.A. for Burin, is in town for the opening of the House.

Mr. R. E. Innes left for Canada and the States yesterday on a business trip.

Dr. V. P. Burke left yesterday for Moncton, N.B., where he will attend a Rotary Convention.

Mr. T. H. Walsh, Buyer for Parker & Monroe's, who was visiting the American markets in the interests of his firm, returned by the Sachem on Saturday.

Mr. W. E. Selter, of A. E. Hickman Company, Ltd., left by the Digby Sunday morning on a business trip to the States in the interests of his firm.

Naval Ratings Leaving.

Part of the crew of H.M.S. Briton leave by the Sachem to-morrow for England. The party consists of fourteen naval ratings. These men, with those still remaining, formed the permanent crew of the training ship, and while here made many friends, who will regret their departure. The Briton's crew took a prominent part in athletics, and had a team in the football league for two seasons.

Our Puzzle Column.

1. The Two Aeroplanes.—A man recently bought two aeroplanes, but afterwards found that they would not answer the purpose for which he wanted them. So he sold them for \$400 each, making a loss of 20 per cent. on one machine, and a profit of 20 per cent. on the other. Did he make a profit on the whole transaction or a loss. And how much?
2. A Deal in Apples.—I paid a shilling for some apples, but they were so small that I made the seller throw in two extra apples. I find that made them cost just a penny a dozen less than the first price he asked. How many apples did I get for my shilling?
3. The Market Women.—A number of market women sold their various products at a certain price per pound (different in every case), and each received the same amount—23s. 4d. What is the greatest number of women there could have been? The price per pound in every case must be such as could be paid in current money.
(The answers to above will be published to-morrow.)

ANSWERS TO LAST WEEK'S PROBLEMS.

1. There are 145 ways of selecting the eight participants.
2. The cobbler spent 35s., tailors 35s., hatters 42s., gloves 21s.
3. When the sun is in the horizon of any place (whether in St. John's or elsewhere), he is the length of half the earth's diameter more distant from that place than in his meridian at noon. As the earth's semi-diameter is nearly 4000 miles, the sun must be considerably more than 8000 miles nearer at noon than at his rising, there being no valley even the hundredth part of 1000 miles deep.
4. The first day of a century can never fall on a Sunday, nor on a Wednesday or a Friday.
5. One is in secure and the other is insecure.
6. The distance is 1760 yards or one mile.

Nfld. Poultry Association.

At their monthly meeting to-night the Association hope to finalize matters for four speakers to go to Bay Roberts on St. Patrick's Day and lecture on Poultry Culture there in order to stimulate interest in this interesting subject. They will also have the first reports of their egg laying contest started March first, and discuss their model plans of a poultry house especially designed to suit the Nfld. climate. Some new members are also joining to-night. The lower price of poultry feeds is doing a lot in increasing the numbers kept as compared with the flocks kept during the war. Eggs have been selling all winter at a dollar and twenty per dozen.

The laws of fashion all allow, It's stylish to save money now.
—Dainty Dorothy.

And so it has come to pass that the thinking women of the country as well as serious minded men have come to the conclusion that the development of thrift is necessary to the development of national character. But if you are going to make last season's clothes do for a while it does not mean that you cannot have them dry cleaned and thoroughly retouched, and that you must not change the shape or color of them. Our dyeing system is a perfect one.
