Mexico Expects a Prohibition Bill.

MEXICO CITY-The "wets" breathing a trifle easier, now that it is impossible for a "bone dry" bill to be considered by the present regular session of congress which adjourned sine die December 30. Allough there was small fear that such a measure would pass the lower house, it was expected in many quarters that the "dry" element, receiving inspiration from certain high government officials, would attempt to have such a bill at least brought up for discussion. But other legislation intervened, and a new liquor law was forgotten. It is now con- Street. R.I.P. sidered likely that when congress On Feb. 1st, Mrs. J. Morse meets in regular session next May, a prohibition bill will be introduced and the various organizations in the and the various organizations in the republic dealing with the manufacture and sale of intoxicants are already conducting a vigorous cam poor classes who obtain a murderous drink known as pulque for a few cents a quart. Pulque has frequent-ly been described as the "curse of Mexico," and legislation to strict its sale is regarded as necessary.
