## If Baby were SCALDED —What would you do?

You would rush—

for the household tin of "Mecca" and immediately apply a thick poultice of this wonderful ointment to the scalded area. The almost instantaneous effect of "Mecca" is to not only relieve the excruciating pain, but to arrest inflammation and destruction of the tissues. For this reason the prompt application of "Mecca" has indeed saved many lives. Read what Mrs. Tresidder of Toronto says about her experience—

Dear Sir—Some little time ago my daughter was severely scalded about the legs with boiling water. Immediately following the accident we plastered the wounds with "Mecca," keeping this up every day, and the result was that the child suffered but very little the first few days, and from then until the wounds healed she did not suffer at all. In a few months there was not the sign of a scar to be seen.

Yours truly,  
Mrs. H. D. Tresidder.

The remarkable healing powers of "Mecca" are almost magical. It is an antiseptic dressing that relieves pain and removes soreness more quickly than any other known preparation. It is absorbed by the tissues, which carry its medicinal properties into the seat of the soreness.

## MECCA OINTMENT

for BURNS, SCALDS, SORES, WOUNDS,  
BOILS, ABSCESSSES, PILES,  
COLDS ON THE CHEST, ETC.

"Mecca" is economical—the 25c size contains a greater quantity than most other preparations which sell at double the price.
