scales. Yes, Mr. North Wind will shake up and down on his back and his redthe birch tree, and away will fly the seeds; here and there and everywhere, for the birds to gather. And those that the birds do not find may take root in the earth and when gentle Mistress Spring, with all her little Balmy Breezes, comes to stay, they will grow

Then, with a click, Professor Jim Crow closed his book and flew away. And the little rabbit? Well, I'll teil you what he did, that curious little bunny. He suddenly stopped before a coldenrod whose stem was swollen to he size of a hickory nut.

Pulling from his pocket his jack knife, he split it open to find what might ge inside. Goodness me! Right there in the hollow centre he found of white wax. It was the grub of a this particular goldenrod stem in striped candy cane swinging from his which to lay her egg.
