

RECIPROCITY A LIVE ISSUE The result in Saskatchewan yesterday leaves no doubt as to the attitude of the farmers of that province on the issue of reciprocity. It is a live issue and must be met by any party that aspires to the votes of those who live in the west. The west must have a market, and that in effect is what the farmers of the sister province said to those in the seat of power at Ottawa.

TONING UP THE MUNICIPALITY Alderman Hornby, chairman of the investigating committee, which recently made its report to the city council, and which the commissioners purpose ignoring, in an interview yesterday, says the process of toning up the municipal atmosphere may be delayed, temporarily but will go on. He contradicts the suggestion that the council will take no further action.

ELEVENTH YEAR—NO. 113

LIBERALS WIN SASKATCHEWAN ELECTIONS WITH LARGELY INCREASED MAJORITY

Premier Scott Elected: Opposition Leader Haultain has Narrow Win; Liberals 34, Conservatives 13

SIX RIDINGS TO HEAR FROM Many Conservative Strongholds Captured; Gains Large in Districts where Reciprocity was Issue

BULLETIN—The last summary received before going to press gave 39 seats to the Liberals and 7 to the Conservatives, leaving 6 constituencies to be heard from.

REGINA, July 11—The Scott government achieved a sweeping victory today, carrying the province by a largely increased majority.

The defeat of the opposition was decisive and complete, former Conservative strongholds such as Souris, Pipestone, Last Mountain, Moose Mountain and Pheasant Hills, returning supporters of the government by substantial majorities.

In four city seats the opposition held their own fairly well, splitting even by holding Moose Jaw city and Prince Albert, the Liberals holding Regina and Saskatoon city.

In the country, however, the Liberals showed remarkable gains, the farmers apparently regarding the question of wider markets, which was such a prominent feature in the campaign, as of paramount importance, inasmuch as throughout the campaign the opposition leveled no criticism at the records and the policies of the government.

Haultain's Narrow Win—Haultain himself had a narrow win in South Okanagan. Final results tonight gave him only twenty of a majority. Two of his chief lieutenants, Dr. W. Elliott and Giles, both went down to defeat. Tremendous interest was taken in the result at the capital and throughout the province.

In the city, as soon as the returns definitely established the return of the government, the Liberals organized an impromptu procession and, with bands playing, paraded the city. Tomorrow it is proposed to organize a great demonstration, in which most of the successful Liberal candidates will participate.

The Liberals attribute their success to the record of the government, combined with the desire of the farmers of Saskatchewan to again go on record as demanding an outlet to the south for their grain.

Little To Say—Conservatives have little to say upon the results. They maintain that reciprocity was an issue that should not have been introduced into the campaign. They admit themselves defeated, however, after a hard straight fight, in which the opposition fought under more favorable conditions as to organization and party funds than in any of the previous contests since the province was created.

INTERFERENCE OF HON. ROBT. ROGERS IS REBUKED—Premier Scott.

Regina, July 11—Premier Scott tonight after election results had been announced, expressed his gratification at the endorsement of his government. He attributed his victory to the record of his government and policies and further considered the verdict given as an emphatic expression of the people of Saskatchewan in favor of the larger markets. Mr. Scott stated further that the utter defeat of the opposition might be looked on as a stinging rebuke to interference in the election of the federal cabinet, represented by Hon. Robt. Rogers.

PERMITS TO BUILD IN CALGARY YESTERDAY

Building permits were issued yesterday to the following persons: Rev. C. Boettke, one storey frame, lot 1, block 165, section 23, Bridgeland. W. A. Gross, frame cottage, lot 3, block 145, section 23, Bridgeland. Ed. Leatherbarrow, two storey frame, lot 29, block 1, section 20, Upper Hillhurst, \$2,800. J. A. Knoepf, two storey frame, lots 21 and 23, block A, section 9, Rosevale, \$2,800. J. A. Knoepf, two storey frame and garage, lot 18, block 21, section 9, Mt. Royal, \$4,000. No returns from Shellbrook, Pilot Creek, Willow Bunch, Pelly in doubt.

WHEN THE FARMER SMILES EVERYONE ELSE IN ALBERTA IS HAPPY.

TO EXPLOIT CALGARY IN BRITISH ISLES IS PLAN OF ABLE PUBLICIST

Henry Hibbert, F.R.G.S., Here to Absorb Information for Lectures

Assisted by Industrial Bureau Takes 1,000 Feet of Moving Pictures

Is Profoundly Impressed With What He Has Seen in Alberta and West

Says He Will Tell His Auditors That Western Canada is Opportunity's Land

IN lectures that will be delivered during the coming winter before audiences ranging from 4,000 to 15,000 people in the leading cities of the British Isles, Calgary will be given a measure of publicity larger than it has yet received from any other source.

This announcement is made as a result of the visit to this city during the last few days of Henry Hibbert, F.R.G.S., of Bradford, England, one of the ablest and best known travel lecturers in the British Isles.

Is Widely Travelled

Mr. Hibbert has been a lecturer for 28 years and in the United Kingdom holds the same position relatively as John L. Stoddard did in the United States. He has travelled in Switzerland, Sweden, Italy, Norway, Africa, Spain, Lapland, Iceland, and on the shores of Greenland, getting material for his lectures, and this year is making a tour of the United States and Canada, with the object of obtaining films for his lectures, to be given during the coming winter. The places which he is visiting for this purpose include: New York, Philadelphia, (Continued on page 9.)

CONTRACT APPROVED FOR ST. GEORGE'S ISLAND PAVILION AND STAND

The citizens of Calgary will soon be able to enjoy a first class park on St. George's Island, and when the new pavilion, the band stand, and club house is erected, for which a contract was approved last night by the parks board, it will add much in making the park attractive. There were three tenders for the construction of the new pavilion, namely: Swanstrom company, \$5,989; H. Elnert, \$4,500; and D. J. McLaughlin, \$5,086. The board approved Mr. Elnert's tender as the lowest, and it will be sent to the city council at the next meeting for confirmation.

In order to give local manufacturers an opportunity to make tenders, the board laid over to the next meeting a proposal of Park Superintendent Iwerston to purchase two sets of hand gates, and two pairs of steel road gates, to be set up at each bridge entrance to the park. The gates will be set up so that the park's rules may be complied with regarding the parks to close at 7 p.m. They will be opened at 7 a.m. each day.

WATCHDOG OF TREASURY HAPPY; TAXES COMING INTO CITY'S COFFERS

Ratepayers are coming in rapidly with their taxes for the year, 300 more having paid up to date than at the same time last year, according to figures in the office of Treasurer T. S. Burns. It must be remembered, however, that there are twice as many on the rolls this year as last.

"It seems that the money is not so scarce in Calgary as all the marked Treasurer Burns yesterday, "considering that England is not at all flush at the present moment. It is a good thing for the treasurer's department that the small accounts are coming in so rapidly it will assist materially in conducting business next month, when the discount stops."

WAVING OF FLAG WILL NOT ALLAY FEELING OF WEST THAT IT WAS ROBBED

Retiring President of Toronto Board of Trade Make Some Remarkable Additions

Says It is Useless to Try to Disguise Fact That West Wants Reciprocity

It Cannot be Said Reciprocity is Dead While This Feeling Prevails in the West

Toronto, Ont., July 11—The one event of outstanding importance since our last annual meeting was the federal election, which resulted in the downfall in the government upon its issue of reciprocity.

"It would be useless to attempt to disguise the fact that the west, especially Alberta and Saskatchewan, is keenly disappointed over its failure to obtain access to the larger markets of the United States, and so long as that feeling of disappointment prevails, we cannot be said that reciprocity is dead."

"Not can we afford to close our eyes to the fact that the provinces mentioned feel aggrieved with us in so far as the part we played in thwarting their desire. No amount of specious arguments or flag-waving will allay that feeling, or satisfy the west that it has not been robbed."

So declared Frank Beer, retiring president of the Toronto branch of the Canadian Manufacturers' Association at the annual meeting today.

"Wider markets for the west must have, but for its own good as well as the upholding of Canada as a whole, let us hope that they will come through the development of diversified manufacturing industries west of the Great Lakes."

MAYOR MITCHELL AND INDUSTRIAL COMMISSIONER MILLER TO ATTEND PLANNING MEET

Mayor Mitchell and Industrial Commissioner Miller will represent Calgary at the first Canadian city planning conference which will be held next Monday, Tuesday and Wednesday at Winnipeg. The two officials are going to attend the meeting called in Winnipeg next Thursday to discuss the housing bill and in connection will attend several of the sessions of the civic planning conference.

Mayor Mitchell probably will leave Sunday or Monday and drop off at Regina to inspect the methods of sewage disposal employed in that city. Industrial Commissioner Miller will remain here until Monday to attend the banquet to be given the visiting Chicago business men, and will leave for Winnipeg Tuesday, where he will join the mayor at the civic planning conference.

100 REPORTED KILLED

Pittsburg, Pa., July 11—One hundred men are reported to have been killed in the Panama mine of the Ben Franklin Coal company, near Moundsville, W. Va., by an explosion this morning. J. W. Paul, chief of the rescue division of the bureau of mines, has ordered a rescue car and crew from Pittsburg to proceed to the scene of the accident at once.

HORNBY HAS HIS FIGHTING CLOTHES ON; SAYS FIGHT IS TO GO ON TO THE END

Chairman of Probe Committee in Belligerent Mood and Says Fight May be Delayed, But in the End the Council Will Control

SAYS NO POLITICS ARE INVOLVED IN INVESTIGATION

Engineer Child Says Grave Injustice Was Done Contracting Firm When Council Voted to Withhold the Retaining Wall Contract

If Commissioner Clarke, City Engineer Child, Medical Officer Estey and Sanitary Inspector Fox, who were severely criticised by the report of the council investigating committee, think that the matter has been ended by the failure of the commissioners to heed the council's mandate, they are doomed to disappointment, according to Alderman James A. Hornby, chairman of the investigating committee.

"We intend to keep right after them," said Alderman Hornby yesterday, referring to the attitude of the commissioners in disregarding the recommendation to dismiss the engineer, medical officer and sanitary inspector. "The matter will not be dropped. It may be delayed while some of the councilmen who were on the committee are out of town but we intend to push this investigation to a finish."

Alderman Hornby is indignant at the published communication of City Engineer Child attacking the committee, especially with reference to the charge that the committee did not give him an opportunity to appear and present rebuttal evidence.

To Investigate Engineer's Statements—"I am going to look into that further tomorrow," said Alderman Hornby last night. "City Clerk Miller was instructed by the committee to notify the city engineer to appear before the committee if he wished to refute the charges. I understand that the city clerk did as he was instructed and furthermore presented the engineer with a copy of the special engineer's report condemning the work that had been done. I have been told that the engineer admitted the truth of the report, saying that he had condemned the work himself, and that he had nothing more to say and that he would appear before the committee. I intend to investigate this personally tomorrow and satisfy myself that the engineer did receive the committee's invitation to appear before it." (Continued on page 9.)

FUNCTIONS IN BRITAIN FOR BORDEN AND MINISTERS

Asquith Presides at Meeting of Imperial Defense Flanked by Men of Dominion

The Premier Attends Asquith's Garden Party; Spends the Week End at Arundel

London, July 11—Premier Asquith presiding, flanked on the right and left by Canadian ministers, the committee will meet tomorrow to finally decide Canada's participation in the naval policy of the Empire.

The meeting was largely informal and little progress was made. The next meeting takes place next week and thereafter will be "weekly." Hon. Pelletier this afternoon received a deputation of the Empire Press Union, to which representatives of the British and Canadian press headed by Hon. Harry Lawson, were present. A memorandum was submitted, pointing out the excessive trans-Atlantic rates as compared with those between London, South Africa and Australia. The deputation was a state owned cable, but at any event material reduction in the present rates was urged. The deputation retired with the impression that something will shortly be done towards bettering the existing conditions.

GOVERNOR-GENERAL SPENT BUSY DAY IN WINNIPEG; MAKES TWO SPEECHES

Laid Corner Stone of the King George Hospital; Opened King Edward Memorial

Winnipeg, July 11—The Duke of Connaught today performed two functions at Winnipeg civic institutions. At 11 o'clock he laid the cornerstone of the King George Hospital for incipient cases of tuberculosis and a few minutes later, with a golden key

opened the door of the new King Edward Memorial hospital for advanced tuberculosis cases. At both places the duke made short speeches extolling the work being done for the suppression of the white plague. His Royal Highness was accompanied by Princess Patricia.

GOLD FIND NEAR LOUGHEED

Lougheed, July 11—Gold was found today north of the village and samples brought to town. The find created considerable excitement, but little is known as to the extent of the strike.
